

PARK LADY, ILL, IS RECOVERING

Mrs. S. Godsay, Thought to Be Suffering from Potomac Poisoning, on Way to Health.

(Special to The Observer)
THE PARK, Mar. 15.—Mrs. S. Godsay, who was taken seriously ill by chills and cold, is pronounced by the doctor to have been poisoned in some way or other, but is recovering and improving nicely at the last report.

Mr. and Mrs. Clarence Vandorfer and family had dinner with Mr. and Mrs. A. J. Vandorfer last Sunday.

Mr. and Mrs. George J. Jones' little girl, Esther, who was very sick last week, is getting along fine after the visit of Doctor. Their friends at the Park are sure and of the good news.

Ray Jones is handling this from Ed Fickler's ranch.

Ed Allen on Lower Catherine track is getting over his cold, which he had a severe attack of last week.

Joe Foster is helping Ray Jones with his work. They are handling his feed and cattle during this last stretch of winter.

Joe Gillespie and family are reported over the battle with the influenza, which has bothered them more or less all winter.

Chester Godsey was in Union taking his sister, Nova, home to take care of her mother who was sick. Buster Godsey went to Lower Park to bring a new cream separator that they bought, along with five new cows.

Frank Wigglesworth and wife with their two babies of Raymo Flat were visiting his father and mother. Mr. and Mrs. W. Wigglesworth at Union, his sister from North Bend, being there in a sort of family reunion. A good time was enjoyed by all.

Valuable Hucklebees.

J. W. Lay, the mail man, was taking the horse that Graham Hunter had hired to ride home, to Fred Spaul of Union. He had the horse turned loose ahead of him, after stopping to converse about the weather with Ed Allen. Mr. Lay missed the horse, but thinking that the animal had gone home on his own accord, left the matter in abeyance. The horse was found next morning at Ed Fickler's ranch without a bridle. Evidently the bridle was either taken off by someone or lost. As the bridle is a valuable article to Mr. Spaul, being a "souvenir bridle" the parties concerned would greatly be obliged, if the bridle was returned to the owner.

Jerry B. Thompson, who passed away at the Soldiers Home last week was for a long time an esteemed resident of Catherine Creek, having lived on his homestead here for over 25 years. His good wife, Mrs. Thompson of Union, has the sympathy of the entire community in her sad bereavement.

Strong Nerves

You can't be healthy,
happy or even good
when you're nervous
and irritable.

Every organ of the
body is controlled by
the nerves.

When they're out of
order you're liable to
have a nervous or physical
break down.

Dr. Miles' Nervine

soothes irritated nerves
and gives nature a
chance to restore them
to their normal func-
tions.

Sold at pre-war prices—
\$1.00 per bottle.

Child Lay is reported well and
going to school in the high of
Big Creek.

Little Jack Hunter was over for
the mail and the mail man being late
—Jack stayed over night with Ken-
neth Vandorfer, having a grand time
visiting with the children.

Riva Vandorfer received news
from her friends, Mildred, Max and
Agnes Bennett, of Caldwell, Idaho,
stating that they like it fine over
there, but wish they were closer to
one another.

Mr. and Mrs. George Bennett who
once lived on the old Williams
place, now at Caldwell, Idaho, are
reported doing well at their present
home.

Snowfall Heavy.

At this writing it is snowing heav-
ily and has indication that a large
amount of snow will come down, but
presumably the last heavy fall for
this spring.

Ten inches of snow fell during the
afternoon and night of Monday the
14th, at the "Big Log Cabin" up
at the Forks.

Joe E. J. Schuster of Union was
called Monday evening for Mrs. S.
Godsay, who was taking fainting
spells. It was believed that she was
rueful, but, until these fainting
spells started to come. Now she is
much better after the doctor's visit.
It was rumored that she had been
poisoned by eating some poisonous
food of some kind. Although the
family claims that they all ate of
the same food as she did, they had
no symptoms of poisoning whatever.

Baking Powder— that's the big thing in successful baking

It determines failure or suc-
cess in baking, more
than any other ingredient.

If you do not always have
satisfactory bakings, change
to Calumet for just one trial.

It is pure; containing only
such ingredients as have
been officially approved by
U. S. Food Authorities.

Within the Calumet factor-
ies—the largest and most
sanitary on earth—hundreds
of skilled workers clad in
white are busily engaged in
producing the baking powder
that is used by millions.
Human hands never touch it.
Its sale is 2½ times as much as
that of any other brand. Pure in
the making—pure in the baking.

A pound can of Calumet con-
tains full 16 ounces. Some
baking powders come in 12
ounce instead of 16 ounce
cans. Be sure you get a
pound when you want it.
