

Local News In Brief

COMING EVENTS
 April 6—University of Oregon Glee Club concert.
 May 12—Eastern Oregon Track meet at Baker.
 May 25—La Grande high school commencement exercises.

Board of Directors to Meet
 The Board of Directors of the Y. M. C. A. will meet tonight at dinner at the Foley Grill.

Doing Nicely
 A. V. Lindgren, who under went an operation at the Grande Ronde hospital recently, is, according to reports, rapidly on the way to his way to his former good health.

Back from Inspection Trip
 Mrs. A. E. Ivanhoe, county school superintendent, returned to La Grande last evening on the branch line train from Union, where she spent the day visiting the 12th schools.

Returns to His Desk
 After being confined to his home for the past several days with a severe cold from which he has not entirely recovered, O. A. Kratz, city manager, returned to his desk at the city hall this morning where he faced a large list of municipal matters requiring his attention at this time.—Astoria Budget.

Brenholtz in Rose City
 T. S. Brenholtz, of the La Grande National bank of La Grande, never misses an opportunity to attend a gathering of veterans of the Spanish-American war. He was here yesterday after having attended the annual banquet of the veterans of Scout Young camp. He has been one of the leaders of the organization of veterans of 1898 for many years.—Portland Journal.

Go to Western Oregon
 Mr. and Mrs. Earl Reynolds and Earl, Jr., will leave this evening for Western Oregon points, where they will spend the greater part of two weeks. Mr. Reynolds, who is secretary of the Union County Ad Club, will attend the business show at Corvallis, given by the O. A. C., and will also visit Eugene, where he will be present during a short course for commercial secretaries, given by the University of Oregon, in the interests of the Ad Club.

Baker Auto Show Soon
 One week from Thursday the Baker Automotive association will open its doors on another one of its splendid automobile shows, states the Baker press.

The spacious Municipal Auditorium has been put in unusual shape for the show this year. The tank has been hauled over and the entire lower floor will be used for the larger cars. Accessory exhibits will be on the balcony and the auditorium will be used for dancing and other entertainment features, according to present plans.

Contemplate No Changes
 The officials of the Union Pacific system do not contemplate any change or improvements in the road between North Foster and Tolocaset, other than such as may possibly be made in order to permit the construction of the Thief Valley reservoir project, according to information received in Baker by the chief officials in Portland. The information is offered because of a statement in the Herald some days ago, to the effect that it had been "understood unofficially" for some time that the company contemplated eventually some such plan in the general improvement of the main lines, states the Baker press.

Huron in Portland
 Between the affairs of the Spanish American War veterans and the American Legion, R. H. Huron, business man of La Grande, occasionally finds some time for work. He was here yesterday and put up at the Benson hotel. After the Spanish American war Mr. Huron entered actively into the affairs of the veterans of that controversy at arms and became a leader in Eastern Oregon. When the world war came along he could not resist the temptation to have a hand in it, despite his age. He served for a long period. Now he is back in La Grande, not anxious for another war, but willing to work in behalf of the

war veterans. He is now commander of the La Grande post of the American Legion and with Fred E. Kiddie shares the honor of having done much to promote the post in La Grande.—Portland Journal.

Returns to Portland
 Mrs. O. Simmons and son, Bobby, returned to their home in Portland yesterday after spending the past three weeks at the home of Mr. and Mrs. W. Donald Sargent in this city.

Delegates Are Here
 Marion Jack, of Bendleton, one of the best known men in Umatilla county, is in La Grande today representing his county at the game meeting called for this evening. Mr. Jack says the world is not overly bright for the Umatilla farmer, of which he is one, yet at the same time they are all to live right along and be as happy as men can be under present conditions. From Wallowa county Game Warden Rogers is present in La Grande today and from Baker county Claude Basche accompanied by five other representatives will arrive for the evening meeting at the Foley hotel.

Steam Plant Closed
 On the first day that improved water conditions enabled the water-power plants of the Eastern Oregon Light & Power company to handle the load, as reduced at present, the Baker steam plant in South Baker was put out of commission by an exciter burning out yesterday evening at 8 o'clock. A spare exciter was rushed to the plant, and, by working all night in the installation, it is expected to have the plant back on the line this morning, states the Baker Herald.

The flow of water began to increase at the Cove and Morgan lake plants early yesterday morning and an improvement began to be noticed at the Rock creek reservoir in the afternoon. Some loads that had been taken off were immediately resumed and if the present favorable weather continues, it is thought that all plants, except the one at Olive lake, will be able to carry full loads within a week.

TIMBER DEAL IS EXPECTED SOON

THE PARK, Mar. 28.—A. J. Vanderventer was at the Springs on business during the week. He reports that the road is in a very bad shape at the little bridge below the Duncan place.

Charles Vanderventer went to Medical on Saturday, transacting business at that place. Joseph Lay is busy building fences around his many acres of pasture and grain fields.

J. W. Lay, the mail man, makes his regular trips although the roads are very bad due to the spring breaking down of the snows. He reports that the mail is very heavy with spring catalogs from the different houses, especially the seed houses, with much parcel post business coming to this locality.

Kenneth Vanderventer reports their horses are all recuperated and ready for the hard work which will be here soon. The school board is planning on sending for a list of library books, as it is planned to procure more books for the school library in the near future.

Eva and Mary Vanderventer are making excellent progress at school. Othello Lay was reported working at Big Creek last week. Guild Lay and his brother, Erdell, are still attending the high of Big Creek, riding horseback to and from school.

It is rumored that the wood cutters and trappers now occupying the old South place, will move to Badger Flat in the near future. It is believed that Lars Larson will open up a wood camp on his home place, between here and Tolocaset, over the summit. This was, at one time a very busy place, where wood, lines and telephone poles were examined. There is a first class steam wood cutting outfit on the place and good camps.

It is also believed that the Byfield wood camp and sawmill will be very active this summer on Badger Flat. There is considerable saw logs left in that vicinity. There is great faith centered on the alleged timber-railroad deal in Union, which affects Catherine Creek big timber belt. As it is developing it looks as a certainty that it will mature some time this summer. A party, who is holding valuable timbers on the creek, and who doesn't want his name connected at this early date of the proposed deal, is reported of having been notified by good substantial authorities to hold on to his yellow pine—as it was certain of a large undertaking being under way to put a railroad through in the near future.

Mrs. Rose Lay reports that Mr. and Mrs. Maxfield's five months old baby, of Big Creek, had pneumonia. It was taken to Union, to their doctor. Mr. George South drove there down in his well equipped auto, to keep them warm and comfortable. The trip had to be made via Baker, as the roads are almost impassable for a car, either by Tolocaset or via "The Park." They arrived in Union between 10 and 11 p. m. The baby is reported, being much better at this writing, which will please their friends of The Park.

Mrs. Roy Jones is the possessor of a new lamp, which is a wonderful high river. She stated that she is very proud of her new lamp. Jack Haley is picking up his traps and getting ready for spring work, so it was reported last week. Mr. and Mrs. Ed Miles are reported to be in excellent health and busy at their spring work on their large ranch.

Doc Foster has a fine little Jersey calf. The little thing was found almost frozen, but after placing it in a box behind the stove and giving it stimulants, the baby calf seems as if

it was going to pull through. It is hoped that it will, because as a Jersey calf, it is very valuable. Veda Godsay is going to school in Union, and is living with her sister, Mrs. Neva Greenwood.

Bob Hunter was down from North Powder mills to Union Saturday, and it is reported that he will go either to La Grande or Baker next week. It is understood that E. O. Zeek has a lease contract at Ladd canyon. Mr. Zeek was one of the first saw-mill men to locate on Catherine Creek. With his experience and good management his friends know that he will make this a success.

It was also learned that Fred Davis is doing the sawing with his sawmill at Ladd canyon. Mr. Davis' last contract was near Badger Flat in this vicinity. Virgil Kelly, who occupied the old Watt's place last year, and is now driving stage between Baker and Medical Springs—was greeted by some of his Park friends, who noticed his brand new Chevrolet car—al some told him that he would eventually go back to the "old Ford."

News was received that Jim Wirth, rancher of Big Creek, has sold his ranch which is now in the hands of Robert Wauker; and is now located at Cottage Grove, Ore. in the laundry business. He is reported to be exceedingly well, which greatly pleases his many friends, both of Big Creek and The Park.

It was reported that Solomon Wirth, 18, son of Jim Wirth, was married to a wealthy young widow over at Cottage Grove, Ore. Long happiness to the happy couple is the wish of all his friends.

Bob Hunter reports that Lars E. Larson, who owns a homestead between here and Tolocaset, is stopping with his sister, Mrs. Haak, at Tolocaset this winter. Albert Anderson, a well known sportsman and crack shot, who went to Sweden some time ago, is reported coming back to this country in the near future, bringing along his new bride. The friends are planning a cordial welcome home.

Mrs. Ida M. Hunter, received a large parcel post package from her sister, Mrs. Gertrude Murphy, of Fresno, Calif. The parcel consisted of material for many quilts work. Most of it is a splendid collection of various colors in silks.

Mr. and Mrs. Joseph Lay were delightfully entertained by their friends, Mr. and Mrs. Orl, of Big Creek, when they visited, having dinner with them, last Sunday. Mrs. S. Godsay is entirely out of danger from her recent illness, the cause of which it was believed was ptomaine poisoning. Her friends are glad to hear the good news.

Beverly Rose, the baby girl of Mr. and Mrs. Joseph Lay, is just having her first teeth, which their friends declare makes her look the cutest little thing in The Park. Of course it's always little things that counts, especially in the human family.

Floyd William Vanderventer, the baby boy of Mr. and Mrs. Clarence Vanderventer, is learning to talk now, and of course their friends think that he says the cutest things ever. And he does.

Lulu-May, baby girl of Mr. and Mrs. Frank Wigglesworth, and grandchild of Mr. and Mrs. Clarence Vanderventer, is also learning to talk, and it is pleasant to hear the two babies over the phone trying to converse—their baby prattle sends a thrill of joy through the very soul of the grownup folks who love babies—and where is the man or woman that doesn't love babies?

This last heavy storm, although quite bad, seems to be the last of the winter—the lion part of March. It is here now it is fine weather, and considering by contrasting other localities, we are still favored with a better and healthier spot than many. While we had some sickness, one per cent of illness is much smaller than most other communities. The pure water we drink, the pure air of the mountains, mixed with the fragrance of the sweet smelling pines under which we are protected from the elements of the weather, makes it a long step toward health and happiness.

Any La Grande subscriber to the Observer who does not receive his paper by 8 o'clock in the evening, please call Western Union, Main 23, and a special messenger will deliver a copy.

When you write on Crane's Linen Lawn your friends read "good taste" between the lines. The quality of the paper, the shape and size of the letter sheet and the smart cut of the envelope all reflect your knowledge of what is correct. We offer for your selection five attractive styles of Crane's Linen Lawn and also many other Crane creations.

IMPROVING THE COVE RECTORY

Preparing For the Arrival Of Archdeacon McLean Goldie, Who Will Occupy The Rectory.

COVE, March 28.—Miss Marion Conklin, who is attending the Whitman College, will be home this week end for the spring vacation. Mrs. T. W. Conklin and daughter, Clarice, were in La Grande on Saturday.

The chicken sup at the L. D. S. church on Friday evening was an exceptionally good meal. There was a bountiful supply of good things to eat which was enjoyed by all who were privileged to attend. After the supper a short program was given and the occasion was one long to be remembered.

Mr. and Mrs. Judd Geer have moved from the Rectory to a house down at the lower end of Main street. Mr. and Mrs. Phillip Lockwood, who have occupied the Rectory for the past two years are moving.

The Rectory is undergoing a thorough renovation, a coat of paint both inside and out, new wall paper, etc. It is to be in readiness for the new rector by the first of May. Archdeacon McLean Goldie spent a few hours in Cove on Monday, looking after the work in the rectory where he will live on the arrival of his family from Maryland. This is the first visit of the Rev. Goldie to the northwest and he is enthusiastic over the country.

Mr. and Mrs. Lynn Chadwick have both been ill, but are convalescing now. Samuel G. White has been ill for the past few days. The family of George Thomas, who have been ill, are on the high road to recovery.

Mrs. G. E. Barker will make a visit to her parents in Portland in the near future. Mrs. T. C. Hefty and Miss Bess Kelly entertained the E. Y. D. club on Saturday evening at the home of Mrs. Hefty. Those present were: Mr. and Mrs. T. B. Conklin, Mr. and Mrs. Wm. Hallmark, Mr. and Mrs. Leonard Towle, Mr. and Mrs. A. H. Orton, Mr. and Mrs. G. E. Barker, Mr. and Mrs. P. M. Ellis. The club at its organization was composed of young spinsters, but in the words of Al Posen, "Them Days Are Gone Forever," as it is now, with a few exceptions, a young matrons club.

Fred Mires, of Union, was in Cove on Monday. C. L. Cadwell, of Union, was transacting business in Cove on Saturday and again on Tuesday. Mr. and Mrs. L. R. Lay were Union visitors on Sunday.

The funeral of Mrs. Mary Kager, of Caldwell, Idaho, was held in Cove on Monday morning. Mrs. Kager was a pioneer of Cove. Miss Vina and Grant Conley, who are attending the University of Whitman, are expected home the last of the week for the spring vacation. Clifford Perkins, of Baker, was in Cove one day last week. Misses Helen Doherty, Juanita Smithpeter and Edna Shephardson

1500 DEER KILLED. (By Associated Press)

MISSOULA, Mont., Mar. 28.—Fifty hundred deer were killed by hunters in the national forests of Montana last year, according to Fred Morrell, forester of district No. 1, with headquarters here. Hunters numbering 6,921 invaded Montana's national forests in 1922, according to Mr. Morrell's figures. In addition to the deer, they shot 513 elk, 115 black or brown bear and 23 worms.

silver tip bear. One mountain sheep is known to have been killed in violation of the law.

Excellent Remedy for Constipation. It would be hard to find a better remedy for constipation than Chamberlain's Tablets. They are easy to take and mild and gentle in effect. Give them a trial when you have need.
