

100 Topcoats for EASTER

There's much variety in these new Easter coats which we have just received. Fashioned along wagger lines, of fabrics that are soft and nappy—in neutral shadings and with novel detail touches—what more could you want? Some are very long and flary. Others a bit shorter and still more flary. In fact, the most becoming coat one can buy for street, for travel, or for sports. In many harmonious colors, as well as the favored plain and plaid camels hair.

Pages—I'm worried. My girl is running around with that new doctor, is town.

James—Feed her an apple a day.

"Ain't it the truth!" with which classic tribune Amos Tash is off: You kick when you stand in a train. You kick when you stand where'er you go. But you stand up just the same.

When you're standing upon the gallows, And the crowds all gather 'round, You'll never appreciate standing 'round.

"Till your feet are off the ground.

A La Grande lady says men criticize women's dress, but the women never criticize the garb worn by some men. They just laugh.

Instead of beginning at the bottom and working up, some young couples begin at the top and slide down.

ALSO MIRACULOUS "Grocery butter," says Mrs. Young, one, "is so unsatisfactory. I decided

today that we would make our own. "Oh, did you?" asked her husband.

"Yes, I bought a chum and ordered butterbilk to be left here regularly. Won't it be nice to have really fresh butter?"

The governors got together in conference to figure out the matter of prohibition enforcement, decided it was a fine day and adjourned indefinitely.

There was an old sculptor named Phidias, Whose knowledge of art was limitless.

He carved Aphrodite, Without any nightie, Which started the purely fastidious.

A good brain-teaser for early spring will be trying to remember whether the lawn mower which has been parked back of the woodshed all winter is your own or the one borrowed from the next door neighbor last September and forgot to return.

Hell, for some people, will be a place where they must forever wait their turn in line.
