

\$250,000 IS "FORGOTTEN"

Depositors in Los Angeles Have "Forgotten" Quarter Million Dollars in Unclaimed Deposits.

(By Associated Press)
 LOS ANGELES, Apr. 6.—Approximately \$250,000 has been "forgotten" by depositors of Los Angeles banks, according to bank annual reports covering unclaimed deposits. There are about 24,000 depositors who, apparently, have "forgotten" their savings and these accounts average about \$10 each, although the annual reports show at least one account that runs into four figures.

Banks, it is said, consider an account active during the first ten years. After that an effort is made to reach the depositor, and if the account remains idle another ten years, the money reverts to the state. Bank records show that when a large sum is left neglected it is usually found that the depositor is dead and that the heirs are unaware of the existence of the account. Smaller accounts, bankers state, accumulate, through negligence of the depositors.

Women, according to bankers, often have accounts in their maiden names and after they are married,

not only forget the account but fail to recognize their maiden names when the accounts are advertised after ten years elapse. The advertising of dormant accounts, local bankers state, is the signal for a grand rush of unscrupulous men and women to put in fraudulent claims for the forgotten cash. They do not always apply directly to the banks for their money, but often seek the owners and state they know where they can get a sum of money, and demand an enormous percentage of the returns. Despite bank warnings in regard to this practice, bankers assert, the trickery brings large returns to the schemers.

SPRING RAINS ARE GREETED AT POWDER

NORTH POWDER, Apr. 6.—This section has been visited by fine rains the past few days. The ground was getting very dry on top causing the ground to bake so that it was feared that the fall wheat would not come up. However, the recent rains has brought it on in a hurry and it can plainly be seen and nearly all the ranchers report a fine stand. The dry land crops are reported to be coming on fine. A few of the farmers say that they may have to reseed their wheat.

The ground squirrels are reported to be very bad but the farmers are putting out poisons for them and they will be scarce this year. Someone should see that the law is enforced and that non-residents be made to pay for putting out the poison, and squirrels would soon be a thing of the past. The ranchers are farming as it looks very encouraging to them with the fine rains we are having.

Ouch! Rub Backache, Stiffness, Lumbago

Rub Pain from back with small trial bottle of old "St. Jacobs Oil."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Lumber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.

PRISON FLAX TOW SOLD

MALDEN, April 6.—A check for \$25,159 was received at the state penitentiary today from the Linn Thread company of St. Joe, Mo., in payment for two cars of flax tow shipped from the prison flax plant. The prison has another car of flax material on hand, which upon being treated will return an additional \$15,000 to the state fund.

A contract recently was entered into here whereby the prison flax plant will handle the output of the Williams valley flax, and hemp growers' association. This work, it was said, will keep the prison flax plant busy during most of the season. The present flax plant at the penitentiary will be enlarged in the near future when flax rearing machinery will be installed.

Indigestion and Constipation.

"Prior to using Chamberlain's Tablets, I suffered dreadfully from indigestion. Nothing I ate agreed with me and I lost flesh and ran down in health. Chamberlain's Tablets strengthened my digestion and cured me of constipation." writes Mrs. George Stroup, Solvay, N. Y.—Adv.
