Wilbur Davis, of Union, an ardent booster of the stock show, is in La Grande today on business. "Stock show live wires are humping in preparation for the biggest event of the year to take place at Union June 6, 7 and 8," Mr. Davis remarked. Mr. Davis returned to his home this afternoon.

Rates Decreased-
Commencing this morning, a decrease in passenger rates went into effect on the Union-La Grande and La Grande-Baker auto stage lines, maintained by P. G. Delap, of Union. Instead of the former rate of \$1.00 between La Grande and Union, the charge is now but 75 cents and the trip to Baker may be made now at the cost of \$2.50. Considerable improvements have been made in the line since it was first started. Mr. Delap then had in operation one car, making the trip only between La Grande and Union. At present two cars are in constant operation, one making the Union-La Grande trip, three round trips per day, the other making two round trips between Baker and La Grande. "The roads are rapidly getting into shape that alleviates such occasional trouble that we experienced throughout the winter," Mr. Delap stated. "The two runs are now being made regularly with a minimum of delay."
