MANY USE LIBRARY READING ROOM ON SUNDAY AFTERNOON

The following report of the library for the month of March has been submitted:

In March the library loaned 4,288 books and periodicals. The per cent of fiction was 66. Juvenile loans were 1,398. A marked increase in the use of periodicals this year was shown. The number loaned this month was 728. Twelve books were borrowed from the state library on special request.

New borrowers registered numbered 42. One yearly and one six months county membership fee cards were issued.

Twenty-four new books were added. Among these of special interest are two new editions of International Library of Technology volumes on the New York Air-Brake, Car Lighting, Car Heating and Valve Gears, 1922; The 1923 World Almanac. A valued gift is the new Willamette university annual, "Willamette."

The use of the reading room on Sunday afternoon increased, 174 visitors recorded for the four Sundays.

The history reference books have been worked over time by students competing for the prize on a "2,000 word theme" offered by the Daughters of the American Revolution of Oregon.

WISE DECISION

Louisville Courier-Journal: They were discussing these heavy earrings. One lady had little to say, and they asked her if she didn't like them.

"Well," she said, "I'm not going to wear them so heavy they drag my ears out of shape."

That burglar, who the other day entered the home of a newspaper man, was a disgrace to his profession. There might be some sense in a newspaper man's trying to rob a burglar, but the other way round is simply foolish.
