

Personal Mention

H. C. Johnson of Pendleton returned after a business trip to Haines.

Eugene Reuter drove over from Union and spent last evening here.

Wallowa was represented among the out of town guests at the Savoy yesterday by Eugene Hayes.

W. Holmes, Jr., is in town from Portland for a few days visiting relatives.

S. C. Weaver of Enterprise is here for a few days transacting business, as a guest at the Foley.

Mrs. Andy Ross, who makes her home at Cove, was registered at the Foley last evening.

H. J. Edwards passed through the city last evening from his home in Los Angeles on his way to Boise, Idaho.

Mrs. J. Colter of Elgin, left last evening for Sumpter, where she will spend several weeks.

J. C. Gunn of Prairie City passed through La Grande last night en route to Seattle, where he will visit.

Mrs. E. E. Carso and daughter, Dulean Nancy, arrived in La Grande last evening from Portland.

W. C. Congdon, who makes his home at Enterprise, is in La Grande on a short business trip and is stopping at the Foley.

Mr. and Mrs. J. E. Carter came over from Pendleton yesterday and are guests at the Foley for a few days.

C. C. Fisher of Baker is in town on a short business trip. He is registered at the Foley.

Mrs. J. H. Herring left this morning for her home at Stanfield, after spending several days visiting at Enterprise.

T. J. Boyer came down from Kamela yesterday to spend a few days here on business. He is stopping at the Savoy.

Among visitors from La Grande are Don Sargent and H. Bouvy.

Mrs. C. A. Kennedy returned to her home in Portland last evening after a few days spent here visiting relatives.

H. D. Lamb came in from Imbler last evening on the branch line train and is registered at the Foley for a short time.

D. Sturgill came over from Union yesterday to spend a few days attending to business matters. He is registered at the Savoy.

Mrs. Charles DeForest left this morning for Los Angeles, Calif., where she will spend several weeks with relatives.

L. Denham, attorney, came in from Elgin last evening and is stopping at the Foley while here transacting business.

Mrs. Stacey passed through La Grande this morning en route for her home in Pendleton after several days spent in Huntington visiting.

Thomas T. Nelson, who hails from Enterprise, is here for a few days on business. He is registered at the Savoy.

Mrs. M. C. Cross of Enterprise passed through La Grande yesterday on her way to Portland where she will spend some time before returning home.

Ralph Stanfield passed through La Grande this morning on his way to Weiser. While here he was in consultation with Robert N. Stan-

field, who spent the day in La Grande.

C. E. Chapman, one of the prominent forestry men of the state, is here from Portland to attend the three-day meeting of timbermen.

Mr. and Mrs. Paul L. Brannon left this morning for Nampa, Idaho, where they will make their home in the future as Mr. Brannon has accepted the management of the J. C. Brier store in that city.

Frank Sloan of Stanfield, a sheep man of reknown and a legislator two years ago, spent today in La Grande looking after personal business. Mr. Sloan, like all other sheepmen, is hopeful for the future and has begun to set his old time pep back after the slump which occurred in the business some time ago.

Indigestion and Constipation.
Prior to using Chamberlain's Tablets, I suffered dreadfully from indigestion. Nothing I ate agreed with me and I lost flesh and ran down in health. Chamberlain's Tablets strengthened my digestion and cured me of constipation," writes Mrs. George Stroup, Solvay, N. Y.—Adv.

Even the modern petting parties are Egyptian. At any rate, Cleopatra was one.

An isolationist is just a man who thinks damforesgians all one word.

Second Car Will Start 21st

Leave Pendleton 9:00 a. m.

Leave La Grande 1:00 p. m.

INSURED CARRIERS

C-T-C Tires Conserve The Car

The Better Cord Tire Was a Natural Development

C-T-C Cords are as important a development as were ordinary cord tires over fabric tires.

This improvement had to come, and it remained for the group of men responsible for C-T-C's to plan, build and test these tires in every conceivable way even before their coming to the northwest to erect and equip the most improved tire manufacturing plant in America.

It is in the strengthening of the bead, specially constructed sidewalls, use of only highest grade rubbers and long staple combed cotton, hand-built processes, improved compounding and the semi-flat, wear-resisting, non-skid tread that these improvements are definitely marked.

C-T-C Cords offer the extraordinary advantage of maximum mileage under 30% less inflation than prescribed for the cords you are now driving. This means greater riding comfort and reduced wear and tear and upkeep expense on your car.

C-T-C Cords 30x3 1/2 to 35x5; Fabrics 30x3 and 30x3 1/2 only. C-T-C Inner Tubes are the heaviest, strongest standard tubes on the market.

Some "Carbon" Clings hard and flint-like— Some Blows Out with the exhaust

Avoid Motor Oils
containing paraffin, asphalt or any other non-lubricating substance. Aristo Oil is refined by the most advanced processes, designed to remove everything in the crude which has no lubricating value.

THERE are two kinds of carbonaceous residue—"carbon." All motor oils deposit one kind or the other, as every maker of oil knows.

The harmful "carbon" is hard and flint-like. It acts as an abrasive, wearing cylinders, pistons and rings. It is hard enough to score cylinders.

It has a tendency to cling, and must be burned or chiseled out of motors.

Causes "Knocking"

This hard "carbon" becomes incandescent, pre-igniting your gasoline, which causes "knocking."

It attaches to spark-plugs and causes short circuiting—the motor misses.

Particles clog the valves. The valves leak. Therefore, some of your gasoline is wasted both before it can do any work and while it is working.

And this flinty, clinging "carbon" is deposited in quantities two to three times as large as the other kind.

Fluffy, Soft, Non-Clinging

Aristo Motor Oil deposits a very little of a different kind of residue. It hasn't the same tendency to cling, hence most of it blows out with the exhaust. That which is left is soft and fluffy—softer than cylinder walls, pistons, rings or bearings—so cannot scratch or wear.

Your car runs thousands of miles farther without needing valves ground or pistons or cylinders cleaned. Spark-plugs practically never "foul."

The motor doesn't "knock," lasts longer, runs more smoothly and gives more power, due to full compression. "Carbon" troubles are eliminated.

Aristo is a finer motor oil, developed by the expert lubrication engineers and chemists of the Union Oil Company, equipped with every accepted facility for the most exhaustive research. Famous drivers have tested Aristo under grueling conditions—far more severe than any that your motor will ever encounter.

A durable, fine film penetrates to and protects each working part in any weather and at all motor heats.

To get perfect lubrication without "carbon" troubles, always say "Aristo" when you buy. For sale at all first-class garages and service stations.
