STATE LINE IN DOUBT
SOUTH BEND, Wash., Apr. 20.—Just where the boundary between Oregon and Washington runs in the mouth of the Columbia river is a question which again has been brought up by the recent government drawing for fishtrap sites on the Columbia river shore of Pacific county. The boundary originally was described as a line running up the middle of the north ship channel and thence easterly. However, the channel mentioned has disappeared and Sand Island, which once stood more nearly in the center of the river, is now close to the Washington shore.

Nearly all abuses contain the seed of their own destruction, and eventually people will be driven forward for parking space.

SAGE TEA DANDY
TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyer's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, say well-known druggists here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyer's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

The fact that woman is not fitted to do many of the things that men do is demonstrated nearly every day. Only this week a Nebraska woman tried smoking a cigarette in bed and was burned to death.

GIRL KILLED IN MID-AIR

MARSHFIELD, Apr. 20.—Ruth Cook, 9 years old, was crushed to death when a log she was traveling while in search of the ranch cat, slipped and elevated her to a height of nine feet, where her body was pinned against another log. Her mother, called by the girl's small brother, came and cut the log in two.

The dead body of the girl fell into

the brush at the foot of the snag.

The mother, believing the child in a faint, worked an hour before she realized that her daughter was dead.

It was found that the girl's chest had been crushed.
