MARY A. BELLOTT PARKER, W. M. ANNA S. GROVE, Sec.

The reason national prime week failed was because so many prominent persons didn't even know it was being celebrated.

Still, there is a lot of good Americanism out in the districts where patriots still are considered rather effeminate.

The prince of Wales wasn't the only one. There are numerous royal personages who know how it feels to be thrown from a high horse.

THEATRES

SHERRY'S TODAY LAST DAY OF 'THELMA'

"A little pale rose with a crimson heart." That was Marie Corelli's description on her heroine in "Thelma," her classic romance of the Norwegian and in Chester Bennett's screen version of the famous tale, Jane Novak, as the star is the perfect embodiment of the character known to millions of readers throughout the world.

As romance is the basis of happiness, romance is by all odds the most popular species of entertainment today and the spectacular and charming picture of "Thelma" is thrilling hundreds of theatergoers at the Sherry theater.

"Thelma" is a triumph for Jane Novak. It is a triumph, too, for Chester Bennett, the producer. For the many admirers of Miss Novak it will be welcome news that she appears in brilliant scenes fashioned by the greatest modistes of this country and Europe. Then, by way of contrast she is shown in the sweet simplicity of her Norwegian surroundings, wearing the plain native frock of her homeland. The scenes in which she captivates London society as the wife of Sir Philip Errington are in themselves exhibitions of brilliance and charm of matchless proportions.

Then, too, there is drama, clean-cut and forceful. Situations of extraordinary power are frequent. The love interest, the national conflict that storms in Thelma's mind when she has to make her choice between Britain and the land of her nativity, are dramatic elements of tremendous force and appeal.

Comedy showing, "Back to the Farm."

HILERS HAS FINE ROLE IN SLENDID COMEDY

"Mr. Billings Spends His Dime" is His First Star Film.

Romantic, adventurous - and a humorist's dream - and a week! A rare combination, indeed, are the ingredients which go into the character portrayed by Walter Hiers in his first Paramount starring vehicle, "Mr. Billings Spends His Dime," which will be the feature at the Arcade theater today and Tuesday.

Between dodging a love-struck girl, escaping the assaults of a gang of plotting uprisers in a foreign country and planning how he will win the hand of the girl he loves, Mr. Hiers has one of the fastest comedy drama roles of the photoplay year.

Opening in New York City, the story becomes a rapid whirl of exciting situations. A generous portion of ocean scenes and a climax that takes place in Santo Domingo, a Latin-American country where the natives are in the throes of a revolution, furnish backgrounds of unusual variety.

It is through the efforts of Mr. Hiers, as Billings, that the government is saved from the revolutionary gang who seek to establish a rule of their own. Billings faces death several times and almost loses the girl of his heart before he manages to restore order in the country.

Jaqueline Logan, who is featured as leading woman, heats a strong supporting cast.

The sweet little star on the screen, Baby Peggy, will also be seen in her newest comedy, "Taking Orders."

It is easier for the kids who ride bicycles nowadays pumping up the tires was a job that was laborious with the old hand pump. All they do now is ride up to a gas station and take the air. If they don't get it, the auto guy will.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray.

Mixing the Sage and a most Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use.

This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking out small strands at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

EVERETT TRUE

By Condo

GREAT BUDDHA, MRS. TRUE, DON'T FEEL THE POTATOES SO THICK!! YOU'RE WHITTLING THEM HALF AWAY!! THEY COST MONEY NOW-A-DAYS, AND IT KEEPS MY NOSE ON THE GRINDSTONE, TO PAY FOR THEM--

IT'S A BETTER PLACE FOR YOUR NOSE THAN POKING IT AROUND OUT HERE IN THE KITCHEN!!!

OPEN "STORK" ACCOUNT

CALGARY, Alberta, Apr. 23.-City Treasurer Mercer may be asked to open a "stork account" if a suggestion made by the health committee of the local council of women is carried into effect. A deputation from the local council waited on Mayor G. H. Webster and Commissioner Graves recently to suggest that such an account be opened by the city.

The plan is intended to make it possible for expectant mothers to lay aside a sufficient sum for the day of need by making payments in advance. The trouble with the usual installment plan, the women explained, is that it is usually paid after the event. But after the birth of a child, there are a number of expenses added to the family. By advance installment plan, the best medical care and other services can be assured.

FIRS BEING PLANTED

EUGENE, Apr. 23.-One hundred and eighty thousand young fir trees are being planted on Mount Hobo, in the Tillamook section of the Siuslaw national forest, and the work is about half completed, according to Ralph S. Shelley, supervisor, who has just returned from an inspection trip to that portion of the forest. The work was begun early this spring.

About 12 years ago the forest service planted fir, oak and alder trees on this tract the oak and alder being an experiment. Supervisor Shelley said that the firs have been doing well and have made a remarkable growth; but many of the others died and only here and there one is seen.
