A motion picture you will rave about!

It's Great!

talk upon the popular fiction of the day.

An interesting review of "Main Street" and "Rabbit" was given by Mrs. Chappel. A splendid paper upon "Books for the Children" by Mrs. Denham and a resume of the merits of twentieth century fiction by Mrs. Brownell closed the program.

Fifteen ladies from La Grande were in attendance and all pronounced the day as a most pleasant one.

A most delightful event took place Tuesday evening at the home of Mrs. E. S. Lyon, 605 M avenue, when an announcement party and shower was given in honor of Miss Bernice Thompson, whose marriage to Clyde Webb will take place May 13.

The evening was enjoyably spent in playing "500," after which refreshments were served.

Mrs. Percy Brock and Miss Colleen Foster, accompanied by Miss Alma Payton, all of Baker, motored to La Grande Monday evening to hold a special rehearsal with Stuart Bennett, who is to appear at Baker on the MacDowell program Thursday evening. Mr. Bennett is a pupil of Miss Payton's.

The Community club dance tomorrow evening at the Country club at which time tables for those who enjoy cards will be provided promises to be an event of social interest. The series of dances given by club members this winter has been all that the organizers of the idea anticipated for them and more. The one tomorrow night has a large number of hosts and hostesses and arrangements are being made for exceptional music and a very large crowd.

### Fashion Notes

**Colored Pearls in Sets**  
Paris—Colored pearls in sets are used today to brighten and enrich some of the more simple costumes. In red, green and yellow these imitation pearls are made into earrings, necklaces of two strands and bracelets. The color is chosen to contrast with that of the gown.

**Extreme Type of Sandal**  
New York—There never was anything more impractical for ordinary street wear in town than the extreme type of sandal which very

nearly allows the sole of the foot to touch the pavement. For porch wear, however, or for afternoon and evening occasions these shoes are both cool and quaint. They come in exact copies of the ancient Luxor type.

**New Idea in Panels.**  
Paris—If you make a large, pointed kitchen apron of dotted chiffon, tie it back and leave perhaps six inches standing up above the waist line, you obtain the newest idea today in panels. Neither the shade nor material of this apron has anything to do with that of the rest of the costume.

**Newest Large Hats.**  
London—Many of the newest hats shown here are rather large, and the brim begins to turn up at one side,

turns up widely across the front, and broadens again on the other side. This gives a very swanky, cavalier air.

**Cascades of Lace.**  
London—Cascades of lace trim some of the crepe afternoon and dancing frocks today. This is bound to be lace ruffling to outline the neck, and a fall of lace somewhere on the sleeve and down the front of the skirt is inevitable.

**Summerlike Wrist Bags**  
New York—Wrist bags, those important adjuncts to costumes and convenience, have taken on a summerlike touch today. One of the most attractive varieties is a heavy cream linen brocaded in flowers of green, blue and rose and crossed with gold threads.

The ladies of Chapter I, P. E. O. were delightfully entertained by the Elgin members on last Friday at an all day meeting.

The morning was spent socially at the home of Mrs. R. L. Shoemaker, and the guests were entertained at a one o'clock luncheon and for the afternoon meeting at the home of Mrs. H. H. Hug.

The hostesses were Mrs. Hug, Mrs. Chappel, Mrs. Shoemaker, Mrs. Ernest Vehrs, Mrs. L. Denham and Mrs. Brownell.

The luncheon tables were artistically decorated with daffodils and white carnations, and the same color scheme was carried out in the luncheon.

An interesting program was given by the Elgin members of Chapter I. Mrs. Ernest Vehrs gave an excellent
