Better Team Promised For Baker Ball Fans

BAKER, April 27.—With several new faces to bolster up the line the Baker Colts under the management of G. T. Hunt, will have a much better team this year in the Intermountain league than last year. Bill Gensensus, an Indian, is one of the new men that is sure of a place on the team. He will possibly be used in the outfield, but can play any position. His club is expected to break up many games. Ed Lively, another new man, is showing up good at short. He is the fastest man on the team, a 10-second man, and has a wonderful arm. Baker, center-fielder of last year's club, is showing better work with the stick this season and is stopping right at them. As for fighting Baker is in a class of his own. With Lively as short, Bates will be used at second. Cassidy is back at first and is showing all kinds of form. When Cass is right he is hard to beat. Several are making a fight for this position, but no one has the bag cinched. Jack Grant will do the receiving with Greer and Stoddard in the box. With the exception of third Baker has a home-town infield that cannot be beat. Manager Hunt expects to have a good plan for this position in a few days.

The new grounds are gradually being worked into shape and Sunday the Colts will be out in force for a practice game with the Yamigans. With the opening game with La Grande only ten days off, practice will be held every evening next week on the new grounds.

It is estimated that there are now enough chances for easy money to keep our jails occupied until 1967.

Nature's aids to Beauty

You have heard it said, perhaps, that beauty is one-quarter nature and three-quarters care. No truer statement was ever made.

True beauty does not reside in the features, but in the velvety satin and attractive coloring of a healthy skin, the glory of healthy hair becomingly dressed, and the universal charm of well-kept hands and nails.

Every woman is endowed by nature with these attractions or can realize them through the regular practice of proper care and the employment of simple and reliable beauty aids.

We will consider it a privilege to advise with any woman on such matters. And we absolutely guarantee the tools requisite for attainment.
