

WALLOWA

"Gate City" of Wallowa County

The prosperous commercial center of a vast territory, the resources of which are made up of Timber, Livestock, Grain, Hay and Dairying

**Shipments of Lumber Total 30,000,000 Feet Annually
Sufficient Standing Timber to Last 25 to 30 Years**

A Town With--

A payroll.
Pretty homes.
Modern stores.
Good churches.
Pure mountain water.
Good public school system.
Numerous scenic attractions.
Modern fireproof school buildings.
A good library and free reading room.
A minimum of municipal indebtedness.
Good fishing and big and small game hunting.
A modern creamery, flouring mill, grain warehouses.

We Offer--

Excellent opportunities to people with reasonable capital and aggressiveness. In addition to millions of feet of Eastern Oregon white pine timber, our section is unexcelled in producing grain, hay, vegetables, small fruits and livestock.

Both irrigated and non-irrigated farms are of a value inviting investment.

Conditions are exceptionally suited to growing livestock—plenty of hay and range available.

Irrigated lands are exceptionally productive, a small acreage returning a good living—worlds of water.

Dairying is an important and growing industry offering good opportunities.

**On the Branch Line of the O.-W. R. & N. Co.
and La Grande-Joseph Highway**
