THE FLAG OF OUR COUNTRY

American Flag Is the Third Oldest National Flag in the World.

(By Harry Nelson)
The American Flag, the emblem of our country, is the third oldest national flag in the world. It is known as "Old Glory," "The Stars and Stripes," "The Star Spangled Banner," and "The Red, White and Blue." By whatever name we describe it, it represents liberty—and liberty means obedience to our laws.

The arrangement of the stars on the flag is regulated by law and executive order. An executive order, issued October 26, 1912, provided for 48 stars arranged in six horizontal rows of eight stars each. Starting in the upper left-hand corner, and reading each row from left to right, gives the star of each state in the Union. The star representing Oregon is the first star in the fifth row, Oregon being the 33rd state to ratify the Constitution and become part of the United States, the stars arranged in order of the state's ratification of the Constitution and admission to the Union.

The dimensions of the Flag are fixed by an executive order issued May 16, 1916. The length should be just 1.9 times its height. The Union, or part of the Flag on which the stars appear, should be seven stripes high and its length .76 of the height of the flag. The stars are five-pointed, with one point directed upward. When a new state is admitted the star is not added to the flag until the Fourth of July next succeeding the date of admission. The constitution is the basis of all law, and the Flag is its symbol. Always respect it.

THE MAN WHO DOES THINGS
About the house should have good tools to do them with. If he has a barn or outhouse he should have a little shop fitted up where he can have a vice and where he can do the work that needs planing, sawing and boring. You will find everything you need for an impromptu shop, or for doing odd jobs about the house at Lilly's.

broom plants along the Astoria-Seaside highway, will be held at Columbia beach, on Friday evening. The affair will be given under the auspices of the Kiwanis club of Astoria. All citizens of Clatsop county have been invited. A programme of sports, vocal and instrumental music will be arranged.

The Golden Trail is now at the height of its beauty, as the plants are in full bloom. The highway is a mecca for outing parties.

Blue Line is Thinning.
A pitifully small group of men, all weighed down with the burden of years, remains to bear visible testimony of the struggle between North and South. On Memorial day a few of them, devoted to the memory of

their comrades, will enjoy places of honor in the thousands of parades which will mark the memorial observances throughout the nation. Next year they will be fewer. And in a few years there will be none.

We have discovered that most people work because they have to.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

Well-known druggists say it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application two, it becomes beautifully dark and glossy.
