The Kind of Service We Render to You

It is not how much you buy from us that chiefly concerns us—it is how thoroughly successful we are in pleasing you.

Our greatest regret would be to have a customer leave our Store at any time feeling that he or she had not received actual help in completing the needed purchases.

One of the principal assets of this Nation-wide business is its superior, satisfying store service.

Just to "serve more than a million homes" is not enough—to serve them better than they are served elsewhere is our purpose.

Our growth attests our success.

Keep This in Mind When You Buy Flour

"JERSEY CREAM" FLOUR by certified laboratory test is 100 per cent white, or the highest possible test. In fact, it tests higher in color than several brands of Washington flour. Another revelation is that "JERSEY CREAM" Flour carries a smaller percentage of ash (a valueless by-product) than any other flour sold here. And last, but not least, "JERSEY CREAM" is manufactured by Grande Ronde Valley millers from the choicest wheat grown by Grande Ronde Valley farmers—and when you buy "JERSEY CREAM" you are not paying 30c a sack freight on shipped-in flour.

"JERSEY CREAM," the Blue Ribbon Flour, 49-lb. sack, \$1.98; barrel \$7.72
