HILL'S DEPT STORE

A Good Place to Trade

Society

The Model Kitchen Contest, one of the attractive features of the Better Homes Week, is causing quite a bit of interest on the part of many La Grande citizens and merchants. Every store in La Grande from the larger ones to the smallest has expressed their willingness to arrange a window display, and no doubt within a day or two many clever windows will be in evidence. A number of kitchens have been listed already and many more are expected each day. Any one wishing to list may do so by calling either Mrs. Cochran, Mrs. Sherwood Williams or Mrs. J. T. Richardson. The kitchens will be judged by the arrangement to save steps and labor; size of kitchen for convenience in working; and general conditions which make kitchens attractive.

The second division of the Ladies Aid of the M. E. church will meet Wednesday afternoon at the home of Mrs. Roy Forrester, 501 Washington avenue.

Fashion Notes

Cotton Crepe Utilized.
Paris.—Cotton crepe is by no means disclaimed as a material for suits this season. The suits may be either sports or semi-formal, too. One of the latter seen today was of coral crepe, embroidered in black. The collar had a rim of monkey fur.

Flowers as Trimmings.
Paris.—Flowers are in such vogue today as trimmings, both for dress and millinery, that the quaint garden of flowers has returned to smartness once more. Afternoon gowns as well as evening gowns have trailing flowered vines hanging over the shoulders or down the skirt.

Novel Idea in Skirt.
London.—A skirt which is narrow but gives the effect of being wide—an advantage understood only by the designer thereof, but nevertheless a chic idea—uses panels effectively. Upon a yoke over the narrow skirt the very full panels are gathered, at the waistline.

Hot Weather Hat.
London.—A delightful hot weather hat shown here today is very wide and drooping, with a high crown. It is of yellow straw, faced with pale blue georgette. The unusual trimming is black lacquered leaves arranged on top of the crown.

Frosted Crystal Earring.
New York.—The newest kind of earring, at a time when there's a new kind every day, is of frosted crystal. The ornament is a big oblong, on a tiny chain of crystals. In the center of the oblong is a clear star-shaped space.

Scaring Off Sharks.
New York.—It is not likely that sharks will trouble bathers this summer. No shark would attempt a mouthful of orange or purple, done in the batik fashion, with stockings of purple and orange done in even more batik-fashion and a turban—also batik—of orange, purple and bright green.

Franklin Introduces Popular Biege Color

The Franklin Automobile Company reports a big demand this spring for beige-colored cars, particularly in the Four-Door Sedan type. The present vogue for beige in the world of fashion brings to mind the fact that this color—neutral in tone—is the one used by Italian painters to interpret dusk.

Franklin was the first automobile manufacturer to adapt the color to motor car use, although it has recently enjoyed wide popularity with women for gowns and wraps. Employed for outside finish of automobiles its color is distinctive and pleasing; when used for upholstery it blends pleasantly with a variety of other colors, making it a popular selection with women, who find that beige harmonizes well with any gown, no matter what the shade.

The word beige is French in origin, and is pronounced "bay-zh." It is sometimes erroneously spoken of as beige gray.

Silence is golden, as a number of persons know who have discovered the cost of keeping a little still.

Recommends Chamberlain's Tablets.
"Chamberlain's Tablets have been used by my husband and myself off and on for the past five years. When my husband goes away from home he always takes a bottle of them along with him. Whenever I have that heavy feeling after eating, or feel dull and played out, I take one or two of Chamberlain's Tablets and they fix me up fine," writes Mrs. Newton Vreeland, Minoa, N. Y. Take these tablets when troubled with constipation or indigestion and they will do you good.—Adv.

CARD ATHLETE IS A MEDAL WINNER

(By Associated Press)
STANFORD UNIVERSITY, Calif., June 2.—Lod Minsky, varsity broad jumper and yell leader of the Stanford student body, was announced winner of the college intramural medal for all-around track proficiency. Minsky was entered from El Toro Club, winner of the college track championship.

Jim Arthur, varsity discus star and Fred Lohle, who has played tackle for two years on the Stanford gridiron varsity, also members of El Toro Club, took second and third honors, respectively.

The tests were made in an effort of the Police Department to secure a "Flying Squadron" of motor cars to enlist in the campaign against rollovers and other crimes of the road.

Quick starting from a dead stop, rapid acceleration over long and short distances and the ease with which cars could be handled in any emergency demanding "immediate" ability to get going at once, track speed were covered in quarter mile, half mile and two mile tests, two of which were made from standing starts.

A large gathering of city officials, engineers from representative automobile plants and many spectators were present. Official clocking of the speed was made by stop watches held by the official referee and by indices in the cars, and cars were all checked by inspectors of the Detroit Motorcyclist Squad.

The tests called for stock toning cars carrying six passengers each.

In the two mile standing start quick acceleration test the Lincoln finished first, covering the distance in one minute forty-nine and two fifths seconds.

man is never so completely used up as when his stomach is out of order. For the cure of ordinary stomach troubles, there is nothing quite so prompt and satisfactory as Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. Give them a trial. They only cost a quarter.—Adv.
