

STETSON HATS

Be Economical

TRUE economy consists in buying that which gives the greatest service.

A Stetson will never disappoint you. Its superb quality means long wear—its style insures complete satisfaction.

You'll know all about that when once you've worn a Stetson.

Hanging Abolished.

(By Associated Press) AUSTIN, Tex., June 5.—Governor Neff Monday signed the Thomas bill abolishing hanging as the method of administering capital punishment and substituting electrocution instead.

Never select a successful man as a chairman; get one who will feel honored and work himself ragged.

LIQUOR RULING WIRED AHEAD

Foreign Steamship Companies Considered Ready to Comply With Law.

WASHINGTON, June 5.—Although so far without official copies of the new ship liquor regulations issued by the treasury, most of the embassies and legations in Washington whose merchant vessels would be affected, have cabled their home governments brief synopses of the order. The full text also will be forwarded in due course, but the time intervening before the regulations take effect Sunday is so short that it is believed the foreign chancelleries may decide upon a course of action, at least for the present, on the basis of cabled summaries.

While there is some talk of the adoption of retaliatory measures such discussion is not as pronounced as it was a few days ago.

Will Comply With Law. The impression is gaining ground here that for the most part foreign steamship companies will make an honest effort to comply with the American law. If it works too great a hardship on the companies, it is considered they will look to their own governments to institute formal negotiations with Washington in the hope that amicable legislation will be enacted by the American commission.

Booze Enroute To U. S. TORONTO, June 5.—Dispatches from Ottawa Monday declared that cargoes of Canadian beer and whisky were moving toward the international boundary on their way to New York state, as a result of the repeal of the state prohibition enforcement law there.

When Chicago finishes trying hangers for manslaughter, she can resume her scolding of uncouth sections that have lynchings.

Correct this sentence: "You are too generous dear," said the wife: "I can run the household on ten dollars a week less."
