Each of Our Checks Bears the Symbol of Safety

We give you free insurance as an added service

Our depositors need never fear check raisers! For every depositor in our bank is covered by an insurance policy up to \$1000 against loss through fraudulent alteration. Last year check frauds exceeded \$50,000,000.00. This loss is preventable. And we give our depositors positive protection. In the front of each check book is the Hartford insurance policy. On each check appear the words "insured" and "Protected by Burns." No crook would even attempt to tamper with such a check. The paper itself, at the first attempt at alteration, fairly screams the crime. And in addition to every other precaution — insurance, is your positive protection. Won't you let us tell you more of this up-to-date service — this positive protection — we give our depositors? It will be a pleasure.
