Pirates Play Farmers At Cove Sunday

Pirates to Attempt to Oust League Leaders; Baker Meets Union at Union.

The La Grande Pirates, tied with Baker for second place in the inter-mountain baseball league, will tackle the league-leading Cove Farmers at Cove Sunday afternoon in the sixth game of the season. To date La Grande has won three and lost two while Cove only one game in the lead. Should La Grande win and Cove lose, the Pirates will be tied for first place. Cove will also slide into a tie for first place.

Manager Crews announced his line-up for tomorrow as follows: Join-on, catcher; Matcoe or White, pitchers; Garrity, first base; B. Knight, second base; T. Knight, third base; Crews, shortstop; Theison, left field; Rosenbaum, center field; Melanis, right field.

A close game is expected at Cove. Although La Grande lost Cove and Vote, Melanis, a heavy hitter, is back in the line-up and White and Matcoe, moundmen, should be able to keep the Cove batters in submission. A good day as far as weather is concerned should result in a contest as good, if not better, than the one here last Sunday when Cove won 2 to 2.

The team will leave for Cove about noon and a large number of rooters are expected to make the trip.

Kids In Free Here.
Manager Crews announced that hereafter all kids under 14 years of age would be admitted to baseball games without charge. Three more home games remain to be played at which the admission prices are nothing more than for the younger fans.

Branch Line Leaders Shut Out by Elgin

ELGIN, June 9.—Elgin's rip roaring ball team drew blood from Wallowa again last Sunday on the Elgin field and as a result is once more back in striking distance of the pennant. The game was the best played of the season and was a shut-out, 4 to 0.

Neither team scored until the seventh inning when Elgin put across two runs. They came back with two more in the eighth but Wallowa could not make Dave Brunstetter's pitching for enough hits to put over a single counter.

The victory has again raised the stock of Elgin. The team journeyed to Lestine Sunday and it is expected that a large number of fans will make the trip if the weather is good.

Elgin still has five games to play. It being with the league leaders, Enterprise, two with Lestine and one with Wallowa. Only two more games are to be played at home, one being with Lestine and the other with Enterprise. The season closes July 8.

And yet men who attend to their own business never are hoisted to the shoulders of a cheering multitude.

NEW TRAIN IS ORDERED

BAKER, Ore., June 9.—Public service commissioners of Oregon, following hearings here several weeks ago, have ordered the Oregon Short Line Railroad company to operate an additional train on Wednesdays of each week between Robinette and Homestead, provide a caretaker at its station at Homestead and arrange its train schedules so as to provide a through service over its lines in connection with passenger trains No. 4 and No. 10 of the O. S. L. & N. Co. at Huntington. The order follows a hearing held by the members of the commission, H. H. Corey, Newton McCoy and Thomas K. Campbell, May 14, 1923, in which Ferdinand Alet was plaintiff.

According to the findings of the commission the railroad company maintained no caretaker for the accommodation of patrons at Homestead and the company operates but two trains a week, namely, Mondays and Fridays, between Robinette and Homestead, thus affording but bi-weekly mail service.

HONOR FOUNDER ST. AUGUSTINE

(By Associated Press)
NEW YORK, June 9.—Harkling back to the days of conquest when proud galleons sailed into the setting sun to explore the riches of this newly discovered hemisphere, the little village of Aviles, Spain, has invited St. Augustine, Fla., to return a social obligation incurred 358 years ago.

Aviles is making ready to move the bones of one of her proudest Castilians and most noted heroes, Adelantado Pedro Menendez de Aviles, to a new and more pretentious sepulcher. And since de Aviles was the founder of St. Augustine, oldest white inhabitant on the American continent, that city has been asked to send some of its natives to Spain for the ceremonies.

So confident is Aviles that the invitation will be accepted that one of her sons, Don Angel Cuesta, a millionaire in his own home town and for 30 years a resident of Tampa, Fla., has sailed for Spain to welcome the American delegation when it arrives for the celebration in August. In fact, numerous entertainments and festivities for the St. Augustinians are already being arranged over there, according to cables received by Spanish newspaper correspondents in this city from Don Julian Orbon, director of the ceremonies.

The invitation to St. Augustine is reported already on its way. Another invitation to the United States government, with a request that it dispatch a gunboat overseas for the occasion, is reported to have been tendered through Alexander Moore, ambassador at Madrid. A third invitation is said to have been sent to Senator Fletcher of Florida, asking him to have the battleship Florida designated for this mission.

Adelantado Pedro Menendez de Aviles was a haughty adventurer in the reign of King Philip II whose name appears in the almost-forgotten histories of more than one American settlement.

He was born at Aviles, in the province of Asturias, in 1519 and, like many of the aristocratic youths of his day, the castles of his ambitions lay to the westward where Columbus, the Italian to whom Queen Isabella had been godmother, had but recently found fame and fortune. He joined the navy, became a captain-general, served his king in many daring enterprises and in 1560 landed in prison, disgraced.

But Columbus, too, had been disgraced once, so this young Spaniard kept heart. In five years he regained the king's favor and shortly was appointed governor of Cuba and Florida, with orders to colonize the latter country.

With a proud armada of 19 ships and 1,500 men, de Aviles sailed from Cadiz, in 1565. A storm scattered the expedition. Only seven of the ships reached Florida. Ten weeks from the day they embarked, de Aviles founded St. Augustine and, after massacring nearly all of a colony of French Protestants that clung precariously to the banks of the St. John's river, Spanish dominion was established over Florida.

On subsequent expeditions Menendez raised the flag of his king over a post on Fort Royal Bay, South Carolina, and founded a mission on Chesapeake Bay. When the Indians

Hughes Says Peace of World Depends on Court

(By Associated Press)
NEW YORK, June 9.—Tranquility of the world depends upon the existence of a permanent World Court just as the tranquility of the United States and its states has depended upon the courts. Secretary of State Charles Evans Hughes declared yesterday at the Kent Centennial celebration at Columbia university.

"Our courts," he declared, "still remain the assurance of our domestic peace. This is true in international as well as in national affairs. If we have tranquil state, it is because the people believe in the reign of law and maintain the integrity of their courts."

"If we have a nation with the immense advantage of national authority adequate to meet all national needs, it is because we have the supreme court of the United States. If controversies over legal rights are to be determined peacefully, there must be a tribunal to determine them."

"The American love of peace and sense of right and the conviction born of our own experiences, have

Use of only the highest grade materials; improved design, construction and compounding, and limited production produce C-T-C superiority.
