Baker Plays a Grande At Baker Sunday

ates Look to Be the Better Team by Comparison; Batting Averages of Two Teams Compared.

er is getting ready for La Grande in the Baker press. They are cold weather of the past days has not prevented the Baker batters from getting into shape in La Grande game to be played next Sunday. The game promise to be one of the best of the season and also one of the hardest as it means considerable team to win."

is what it means to La Grande to win. La Grande has played 12 games and won half of them. The season is just half over. Two games remain to be played with Cove and Baker. In order to be out at the top, the Pirates if Cove and Baker break even, at least two defeats on either side and Cove and Baker the other once in order to have a top providing they take both from Union. La Grande must twice from Cove and lose no provided Cove takes both from if they tie for the championship. A straight string of six wins either put La Grande into a tie leadership of the intermountain league or will give her the untold leadership should Cove lose to Baker. Some job—but it is done.

Grande and Baker still rest on honors this year. Baker won first game between the two at Baker and here at La Grande. Bates downed the Colts by the score. Chances are that Maill start against the Colts and he has their number. In three that he has pitched to them have not a total of 13 hits.

on Baker comes reports of exactly high batting averages: of their men are said to be over .300. Look at the list, Sutherland .600; Ansell .500; 400; Cassidy .333; Genereux McCullough .318; Fosbury .318; .250; Robinson .222. Grant Baker .150. The Baker bunch have walloped the eternal staff-out of opposing teams because didn't swell those fat percentages against La Grande.

PLANS PROGRESS FOR TOURNAMENT

BAKER, June 15.—Plans for the big horsehoe tournament which will be conducted by the Y. M. C. A. at Top O' Blue Mountains on July 3 are going forward and the idea is being enthusiastically received. Fred L. Sheets, champion of Baker county, who wears a fine embossed leather belt as a token of his prowess, has signified his intention of entering and his willingness to compete against President Harding although he has his doubts as to his ability to hold an against so formidable an opponent. Dr. P. J. Aronson, general manager of the tournament, has selected as his aides in conducting the events as follows: Hugh Alfrey, C. E. Webster, O. B. Mount, Mayo Palmer, Bill Ellis, W. H. Browning and John Schmitz.

The entries will be limited to 25 from each of the three counties in Eastern Oregon or seventy-five in all and the winner of these will be pitted against President Harding for the championship of the Top O' Blue Mountains celebration. The shoes and pins for the event will be of uniform weight and size and are being made up in readiness for the big occasion.

COLLEGE ATHLETES ASSEMBLED TODAY

CHICAGO, June 15.—First rank collegiate performers from every quarter of America will assemble Friday at Stagg field University of Chicago for the national college athletic association meet. Composed of 200 schools and colleges, the two-day competition is expected to bring to the fore contenders for places on the American Olympic team for 1924.

RUTH MAKES RECORD

NEW YORK, June 15.—Babe Ruth has created what sports believe to be a new record for free passes. He has received 64 in his first 50 games. In 1920 he set the major league record with 143 free tickets, but with this season, only one-third over he has reached nearly half that total.

POCATELLO BATTLE IS DRAW

POCATELLO, June 15.—More than 4000 saw Spig Meyers of Pocatello and Johnnie Trambulas of Portland fight in the special entertainment feature arranged for the entertainment of delegates to the Annual I.O.O.F. Convention Thursday night. The lightweights fought with lightning speed and the bout was a clean-cut affair.

Highway Graft Probed

HENDLETON, June 15.—District Attorney Kentor today promised prosecutions if he could get verifications of the charges that teamsters drawing \$7 wages were also charging tourists on the Blue mountains to haul them out of the mud. A party of six officers made a special trip through the six-mile bad stretch to check this action and declared that the practice was being employed. The teamsters, have been placed on the bad stretch of the Old Oregon trail to pull tourists through free of charge.

Call it "rose cold," "dust cold," "summer cold" or just a plain every-day cold, use of Vicks brings immediate comfort and helps you shake it off. To clear the head, melt Vicks and inhale the vapors. Apply to throat and chest at bedtime and you will breathe better, sleep better and feel better next day.

VICKS VAPORUB. Over 17 Million Jars Used Yearly. Includes image of a person using the product.

Edwards Wins From Ted Thye

PORTLAND, June 15.—Edwards defeated Thye last night. Thye took the first fall in 49 minutes with a toe hold. Edwards took the second fall with a headlock in 34 minutes. With 36 minutes neither could take the deciding fall. The referee awarded the decision to Edwards on his aggressiveness.

Canadian West to Raise Much Corn This Season

CALGARY, June 15.—(AP)—Corn raising will be fairly general on the prairies of the Canadian west this year, for the first time in the agricultural history of the provinces of Alberta, Saskatchewan, Manitoba and British Columbia, with more than 450 farms engaged in raising what was formerly regarded as a product of more torrid regions.

D. W. Trego, of Calgary and Gleichen, one of the leading farmers of the province and president of the Alberta Corn Growers' Association, is computing two carloads of corn seed for farmers from as far south as Coombs, Alberta, to the Peace River country, and from as far west as Victoria, B. C., to Manitoba, in the east. About 27,000 acres will be planted this year, it is expected.

Project Takes Appeal

PENDLETON, June 15.—Friends of the Teel irrigation project near Echo, in the west end of Umatilla county, have requested Governor Pierce to use his influence with other members of the state commission to appoint a disinterested engineer to inspect the half-finished project and check over plans with a view to starting the work for completion. The friends of the project declared, in meeting here with Governor Pierce, they were confident the project is worthy of completion and are after state certification of their bonds, which has for some time past been refused.

MANY TO VISIT STATION

CORVALLIS, June 15.—More than 2000 farmers will have visited the college experiment station by the end of the week, it is estimated. Interest in new types of farming is keenest in the history of the state, say those in charge of the excursions. Lack of profits in older types of farming and losses in soil fertility are given as reasons for the large delegations this Wednesday and Thursday were 14th county days. Friday is for Lane and Douglas, and Saturday Marion, Polk and Yamhill farmers will be here.

Striking Facts Are Revealed By Wilson

Declares Tanlac Ended Indigestion, Headaches, Backaches, Nervousness, Insomnia and Weakness Left by Flu; Feels Like New Man.

Since taking the Tanlac treatment I feel 100 per cent a man, and can eat anything and resist colds is the emphatic statement made recently by D. M. Wilson, 25 West 27th Street, Los Angeles.

"When I began taking Tanlac I was in a terrible run-down condition following the flu and a nervous breakdown. I felt like I would never want to eat anything again, and was so nervous I would roll all night, positively unable to sleep. I had colds in my head, aching pains in my limbs and across my back, awful headaches and dizzy spells, was tired and worn out all the time, and didn't feel fit for anything.

"Well, sir, I took this Tanlac treatment and have gotten rid of all my troubles, and am in A-1 condition. My appetite can't be beat, my stomach is in perfect order, and I am sleeping nights like I have never slept before. In fact, I feel just as fine as I ever did in my life, and I am certainly thankful to Tanlac for it!"

Tanlac is for sale by all good druggists. Accept no substitute. Over 27 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.—Adv.

CONVENTION TO BE AT HALFWAY COMING YEAR

An event of great interest to Royal Neighbors of America, was the district convention that convened in this city at Rex Hall, State Supervisor Mrs. Ida Hamblin, of Portland, arrived on Tuesday and has been the guest of Mrs. Joe Whitte, 1611 Fourth Street. Mrs. Phoebe Williams of Baker, district deputy, has been in the city several days working in the interests of the society and secured a fine class of new members for the occasion.

Delegations began arriving on the early morning trains and were welcomed by the reception committee and assigned comfortable quarters. The business sessions were conducted in Rex hall and a bounteous lunch and chicken dinner was served at Neighbors at K. of P. hall. Both halls were elaborately decorated in the colors of the society, purple and white. Mrs. Rebecca Maguire was chairman of decorating committee.

Meet at Halfway Next Year. The afternoon session opened at 2 p. m. in form of school of instruction, conducted by Supervisor Ida Hamblin, assisted by the convention officers. President, Lillian Ellsworth, La Grande; vice president, Rose Bowman, Baker; secretary-treasurer, Bertha White, La Grande.

Halfway, Ore., was chosen for the next convention, to convene and follow officers elected: President, Mrs. T. and vice president, Mrs. Stocker; secretary-treasurer, Mrs. Clarence Eldrup.

A splendid program was rendered and gifts presented by the local camp to Mrs. Hamblin and Mrs. Williams.

At the evening session 125 were in attendance to witness the beautiful initiatory services, exemplified by the degree team from Baker, at which time 21 were made members of this society, which is conceded to be the largest social beneficial society managed wholly by women, and has a membership of 500,000.

The society has \$12,472,956.00 in the benefit fund and \$722,515.47 in the general fund, making it the

strongest social beneficial woman's society in existence from a financial standpoint.

This society has been doing business 25 years and has never called an extra assessment. All beneficial members paying only twelve assessments per year. The local camp has a membership of 135 and is doing excellent work in the care of sick and needy members. Mrs. Bertha White is oracle and Mrs. E. Perle Munson is recorder.

As we understand Mr. Johnson, the two present needs of America are education and Mr. Johnson.

These "epic" movies are getting to be little more than interesting subtitles with illustrations.

Mill Has \$50,000 Fire. ABERDEEN, Wash., June 15.—An estimated loss of \$50,000 was sustained by the Grays Harbor Manufacturing company early this morning in a fire which destroyed their planing mill and joiner shop at the foot of Lincoln street on a portion of the site of the former Grays Harbor Motorship company. Insurance of \$52,000 was carried. The company will rebuild.

The fire is supposed to have started in the boiler room and spread rapidly through the building, a two-story structure 60 by 100 feet. The entire city fire apparatus was called out and the flames fortunately were kept within the building, although lumber piles and several other structures of the company were somewhat scorched.

Are Practical Because They Are So Wearable

One widely accepted costume of Summer is a silk blouse with a fancy White Silk Skirt. Such an outfit may go anywhere. Here, a blustered crepe is especially successful with box and knife plaits combined. Plain Skirts are rich looking in rough silk crepes. Any one of these will exactly fill the need in your vacation wardrobe of something a bit dressy.

The Story of An Automobile

Here's an intimate story of automobile building that will appeal to everyone who has ever ridden in a motor car.

It's even more interesting than an actual trip through an automobile factory because the camera pictures details which would escape the eye. It abounds in human interest, with many thrills and in many cases real excitement.

You see the various parts transformed from the red-hot metal to the finished unit. You follow the final assembly line in operation with units added in logical order, each unit being traced throughout its manufacture before the next is applied.

This film was produced under the direction of the United States Department of Commerce in cooperation with the Studebaker Corporation and will be shown in all parts of the world. It is an education in manufacturing efficiency.
