## Horticultural Agents Will Visit Panhandle

**BAKER, June 15.**—The weekly average of autos keeps about the same, according to W. J. Book, who has charge of the quarantine station of the city. For the week ending Tuesday, June 12, the following cars passed:  
 Oregon cars ..... 1226  
 Foreign cars ..... 869  
 Trucks ..... 83  
 Teams and wagons ..... 145  
 Next Friday H. H. Weatherspoon, district horticultural commissioner will go to the Eagle and Pine valleys accompanied by County Agent Paul Carpenter for the purpose of interviewing the ranchers of that section in regards to the weevil situation. Both places are liable to infection from Idaho and Snake river points and steps will probably be taken to exclude the pests from that section.

# MAY DISCARD AUTO RACES

## Baker County Automotive Association and Friends Gather at Geiser for Banquet.

**BAKER, June 15.**—Last night the members of the Baker County Automotive Dealers association gathered at the Geiser Grill to hold the 100th anniversary banquet for the association. The banquet was held at the Geiser Grill. It proved to be one of the most enjoyable occasions ever held by the association and there have been many.  
 That the association to a man is solidly back of the William Doby, chairman of the state highway commission, was shown by the earnest manner in which the motion of Jim Shinn, director of the association, expressing confidence in the commission. Mr. Shinn stated that the association is for the Old Oregon Trail 100 per cent, this including the payment, but at the same time the members realize the necessity of other roads in Eastern Oregon, and that they feel more attention should be given toward the completion of the Baker-Cornucopia road and building the road to Burnt river to connect with the John Day highway. He stated we have been getting little more than promises from Western Oregon for the past six years for these feeder roads, while feeders and scenic loops are being built in the western end of the state.  
 The auto races which have been fostered by the Baker County Automotive Dealers association since 1920 have gone to that "bourne from which no man returns" would be indicated by the exercises in connection with the feast, if one could take the association seriously. At least the "child" of the association were put away last night, with the most solemn ceremony appropriate for the occasion. Whether they are to be revived remains for the future. If such is to be accomplished it should be with the unanimous co-operation of the business men of the city. This is something that has not been asked in the past.

**HISTORIC ARTICLES ARE BEING RECEIVED**  
**BAKER, June 15.**—Response to the request of the local pagant committee for various articles for use in the pagant to be held at Top of Blue Mountains, July 3rd and 4th is very good according to W. C. Calder, a member of the executive committee in charge of the celebration and hardly a day passes but what some historic article is received.  
 Several ox bows have been received by Mr. Calder from the Dixie Creek and Spart section while split bottom chairs and a side saddle have been forthcoming from the Big Creek section. Lower Powder has responded with a buck board while a dozen ox bow pins have been received from Sumpter Valley.  
 Within a few days Mr. Calder expects to receive yokes and other articles which have been promised him from the Monumental mine. He also states that there is a spinning wheel in Pine Valley which would be greatly appreciated by the committee if its owners will lend it. Candle lanterns are also being sought for the occasion.  
 A pair of fine buffalo horns have been lent the committee by Mrs. J. W. Stuebel, and Mr. Calder announces that preparations are being made for the serving of an immigrant train breakfast at the site of the celebration under the supervision of a barbecue chief of repute.

## U. OF O. OFFERS A NEW COURSE

**EGGNE, June 15.**—A course in radio-physics, designed to train students for positions, following graduation, as radio physicist, research scientist, and executive in the radio field, will be offered in the University of Oregon, beginning next fall. The University of Oregon is one of the few institutions in the country offering this type of training.  
 A student may take either a four-year or five-year course in radio-physics. The course leads to the bachelor of arts or bachelor of science and master of science degrees. It is identical for the first three years with the electrical option in present engineering, and conforms to the requirements for master students in physics. In the senior year the work in physics is directed toward work in radio. Courses in business management, finance, and law are taken also, as a qualified student entering the radio field will find opportunities for executive work with radio companies and corporations.  
 The five-year course offers more technical instruction than the four-year course. The 5th-year curriculum consists of thermodynamics, advanced electrical theory and theory, higher mathematics, kinematics, strength of materials and advanced electricity.  
 It was difficult to obtain men with training in the special field of radio-physics, radio corporations in the past have recruited their staffs with electrical engineers. These engineers, however, have been trained in power rather than communication engineering, according to Dr. A. E. Casswell. The type of training particularly needed, he says, by executives and research men in radio fields is in radio-physics.  
 Why Suffer from Rheumatism?  
 Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certainly means a great deal to any one afflicted with rheumatism.—Adv.

# COMMITTEES MEET SUNDAY

## Secretary A. W. Nelson of the Old Oregon Trail Association, has issued a call for a general meeting of all members of all committees connected with the Old Oregon Trail celebration to be held at Top of Blue Mountains, July 3rd and 4th to be held in La Grande at the city hall, at 11 o'clock Sunday morning, June 17th. About 150 are expected to be present. The meeting will include in attendance not only the general committees for the pagant but the membership of the various local committees.

Final plans for the pagant will be worked out in detail and it is urged that every committee member of Baker and the other cities interested be present.

## Cold Wave Hits Duluth.

**DULUTH, Minn., June 15.**—A fresh northeast wind sweeping inland from Lake Superior, which mariners said still contains submerged sections of last winter's record ice fields, sent the temperature in Duluth down to 19 degrees above freezing Thursday. As a result the summer suits and dresses were replaced by overcoats and fur coats were kindled to take the chill out of the homes and office buildings.

## Roads Prepare For Rush.

**WASHINGTON, June 15.**—Railroads anticipating a tremendous movement of food products and fuel during fall months are taking unprecedented steps to prepare for it. According to records of the American Railway association, between April 18 and June 8 41,000 empty boxcars were turned over by eastern railroads to the western lines which connect them at Chicago and St. Louis and are being parked on sidetracks throughout the cereal belts, awaiting harvest.

## PROGRESS IN BUILDING IS VERY STEADY

**Oakland, an activity being forested by a rapid growth in population and an expansion of its commercial district. The 9 cities included in the Northwest district report a total of \$5,394,936, being a slight gain over the totals for April and for the previous May. Seattle reporting \$1,567,250 shows a decrease of 11 per cent from the figures of last May and a 3 per cent increase over April.**

The 22 California cities reported in the S. W. Struss & Co. survey show the least influence from a general tendency to restrict building operations. These report a total of \$24,725,251, a gain of 5 and 1/2 per cent over April and of 45 per cent over May 1922.

## GENERAL LUIS TERRAZAS IS DEAD TODAY

**Mexicans who farmed it.**  
**Son Impoverished.**  
 General Terrazas' son and namesake, Luis Terrazas, Jr., was thrown into prison by Villa and held there for more than a year. He was hanged by the neck until almost dead to force him to reveal the hiding place of the gold reserve of the Banco Minero, the Terrazas bank in Chihuahua. This was found hidden in a hollow metal column in the bank lobby and \$60,000 pesos in Mexican gold coins were removed from the column and confiscated by Villa. "Luis Chico," as he was known, escaped and re-acted the border. His health was shattered and he died soon after in Los Angeles.
