TIRE PRICES ARE REDUCED

AKRON, Ohio, June 19.—One of the outstanding results of the campaign against the British rubber embargo, restriction act led by Harvey R. Firestone is seen in the announcement made this week by the Firestone Tire & Rubber Company of a reduction of 10 per cent in the prices of its announcement the company makes:

"The crude rubber monopoly weakened when it came in contact with aroused public sentiment. The press of the country today reflects the determination of the American motorist that tire prices shall stay at a reasonable level—and that America must produce its own rubber."

It is generally conceded by press and public that the activities of Mr. Firestone, aimed to protect motorists and other rubber consumers from the grip of a foreign monopoly, are ranked among the great commercial and patriotic achievements of the present generation, for the restriction legislation was designed to extract millions of dollars from the pockets of the American people.

While Mr. Firestone was practically unaided, and in some instances was actually opposed by certain manufacturers of rubber products, he set out to counteract the artificial stimulus given prices of crude rubber by a group of powerful British rubber growers, whose program was precisely aided by the English Government through the passage of laws restricting the export of raw rubber. Although the Rubber Association of America claims to represent 80 per cent of the rubber industry of this country, it decided to take no aggressive action against the unwarranted legislation, and Mr. Firestone proceeded to carry on his campaign practically single-handed.

The reduction in crude rubber prices meant a saving of many millions of dollars to American consumers, who otherwise would have had to pay tribute to a small group of rubber plantation shareholders in London.

It is this lower cost of crude rubber that has further economies in manufacturing which Mr. Firestone says have enabled his company to announce a 10 per cent reduction in tire prices at this time.

LADD CANYON NEWS

LADD CANYON, June 19.—The rainy weather has made it necessary to suspend work at the saw mill for a short time. The roads are in no condition for the trucks to keep the lumber moving.

Mrs. A. E. Pochler went to the Grande Grove Hospital last Monday. Tuesday Doctor Landis performed quite a serious operation for her. She is doing nicely since that time and her many friends are hoping that she may be much improved in health after the operation. Her sister, Mrs. Fred Reynolds, of Bend, Oregon, arrived Monday night to be with her during her illness.

Mrs. A. E. Pochler and Miss Rena Benson drove to Portland to spend a week visiting and taking in the Rose Show.

Mrs. James McClure made a trip to Pendleton this week, going over Monday night, returning Tuesday night. She received word that her daughter-in-law, Mrs. Harriet McClure, was to be operated on, and hurried over to be with them, but upon arrival found her unable to undergo the operation. She also found her little grand-daughter Jessie McClure very poorly.

Mrs. George Tucker proved herself a delightful hostess to the Get Together Club Thursday of this week. A goodly number of ladies were present.

Rub Rheumatic Pain From Aching Joints

Rub Pain right out with small trial bottle of "St. Jacobs Oil"

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "ache spot" and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia.

Linger up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.
