A Good Place to Trade

W. W. Spicer Gains Fifteen Pounds Taking Tanlac.

"Tanlac has built me up so that work seems like play," said W. W. Spicer, 111 Houston St., Los Angeles, well-known employee of the Shell Oil company. "Why I gained fifteen pounds and am eating and sleeping like a ten year old kid. However, at the time I got Tanlac the 'old' had left my stomach so upset I could scarcely eat anything and even the little I did eat kept me in agony for two or three hours after each meal. It worried me so much I got to where I couldn't sleep, and often raved and tossed all night long. Well, I got a great deal of weight and was just about discouraged, but my very first bottle of Tanlac helped me so much that I was encouraged to continue the treatment. I never felt better in my life than I do now and I gladly give the credit where it belongs. Tanlac is the best of all good druggists. Accept an substitute. Over 27 million bottles sold. Tanlac Vegetable Pills are nature's own remedy for constipation. For sale everywhere.—Adv.

Recommends Chamberlain's Tablets. "Chamberlain's Tablets have been used by my husband and myself off and on for the past five years. When my husband goes away from home he always takes a bottle of them along with him. Whenever I have that heavy feeling after eating, or feel dull and played out, I take one or two of Chamberlain's Tablets and they fix me up fine," writes Mrs. Newton Vreeland, Minon, N. Y. Take these tablets when troubled with constipation or indigestion and they will do you good.—Adv.

Speed Work on Dam Site

GRASS VALLEY, Cal., June 22. (AP)—A fleet of fifty trucks will be engaged during the summer in hauling cement, steel and other construction supplies to the site of the huge dam which is being built at Bullard's Bar, on the Yuba river, above here. Last season about forty trucks were in the service for several months. The dam is the first unit of a project involving power, irrigation and salting. Four additional dams are projected, the site of the second ring being at Smartsville, in the low foothills.

GIBBON RAINS HEAVY

GIBBON, June 21.—One big rain after another hit Gibbon, and the ground is soaked full of water. Some of the winter wheat is growing so rank and green that it is falling down. The Pendleton Banking picnic that was held at Bingham Springs last Sunday came near being rained out, as it rained most of the day, but a few cars went through Gibbon on their way to the Springs. Dridges are being built above Gibbon across the Meacham Creek. At present the road is closed. Jesse Farrow has returned to his

home quite suddenly hurt, while riding a bicyclette at Wadsworth, Wash. recently. He is a jockey for a teamster. He was coming in on second when his horse fell and two other horses ran over him. He is not a topper about and indications are that his lungs is hurt. Mrs. Mac Wells and Mrs. Grace Gray and baby son spent the day Thursday with the J. S. Rose family. Mrs. Hart, Ruby, is on the sick list this week. Mrs. Bernice Williams, sister of Mrs. Simpson, is visiting Mrs. Simpson for the summer. Walter Farrow has accepted a position for the summer at Bingham Springs.

"What nation has produced the most writers of note in the last ten years?" asks an editor. Just offhand, one would say that Germany has produced the greatest number of writers of note.

The Clay I Use

White, refined super-clay
By Edna Wallace Hopper

Some think that facial clay is new. Not so. Beauties of all ages have employed them. Most of the famous beauties of history owed their beauty to complexion clays. But until late years, few women cared and preserved their beauty. Now millions do, and clay is a prime essential. About 1900, French beauty experts taught me the use of clay. Now, at a grandmother's age, I look like a girl of 12. After 22 years as a stage star, I still play young girls' parts. And millions marvel at my youthful beauty. I have supplied my methods to scores of friends. They enhanced their beauty by them, and they kept their youth. So I am convinced that most girls and women could do likewise if they will. And I am going to help them. A perfected clay The clay I use is not the crude and muddy clay so many use today. This is out of date. Able scientists in France have been studying clays for 20 years and over. And they have perfected clay. They have found three rare clays, mineral-laden, which bring maximum results. They have learned how to refine them—to remove the useless and the clay I use is white and clean and dainty. They have found added factors which bring manifold results. So my White Youth Clay will be a revelation to a user of other clays. Clay is essential No girl or woman can look her

Andrew's Variety Store

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage. Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.
