## Is there someone you are neglecting?

You have no excuse merely in saying that you are "too busy." The world is busier for everybody today. You can find time to send a Greeting Card—and you will never be in social or sentimental error.

Sentiment did not wane with white muslin and blue ribbons, flowered waistcoats, or the coach and four. The spirit of those times still remains in every man and woman.

Ask the dealer to show you his selection of Greeting Cards. Whatever the intent of your message, dignified or playful, you will find a card that will convey it.

## Through for the day

Your day's work is shortened and made easier when you have a good oil cookstove. Burn Pearl Oil for fuel and you no longer have coal and wood to carry or ashes to shovel out.

You work with a clean controlled heat that is concentrated directly under the utensil where it is needed—and your kitchen is kept cool and free from dirt.

Pearl Oil is the clean-burning, uniform, economical kerosene—refined and re-refined by a special process.

Dealers everywhere. Order by name — Pearl Oil.
