A Good Place to Trade

Society

"Put on the old gray bonnet with the blue strings upon it and get ready for the great big day."

La Grande society is blending itself with the Old Oregon Trail celebration in an energetic manner. Dresses that grandmother wore are being removed from the cedar chests, and occasionally a checkered vest or a red handkerchief is laid aside to assist father in his wardrobe for the Trail celebration.

But the pioneer clothes period exists in La Grande a week before the pageant on July 3rd, and during that time several social events will be held at which nothing but the old time costumes of the sturdy pioneers will be worn.

Mr. Hattie Eckley's pronouncement that pioneer garb does not necessarily mean outlandish garb has had its effect on many in securing their wardrobe. Her utterances were well taken by the people and general approval of her stand has been voiced on every hand.

The cowboy and cowgirl attire was not the attire of the pioneer but of a later period of the west. Then, what was the pioneer dress? Anything that was all right in those days. There was not much flashy stuff, but plain wholesome garments suitable for church or for the ball season to prevail. Among the men conventional frocks for dress-up were prevalent, but the cut of the clothes was entirely different in those days both for the women and the men.

La Grande ladies are using their imagination very wisely at least in several instances, for costumes are being produced that typify the old times in a splendid manner.

It is thought that the social events for the next few days will sparkle with the pioneer garb, much of which will be very neatly worn even though the styles are entirely different from those of today.

One of the nicest parties of the season was the Bridge Afternoon given at the Country Club Thursday by Mrs. Chase Bohnekamp, Mrs. Walter Reuter and Mrs. Elmer I. Stoddard who not only retained guests for twenty-two tables in a most delightful and pleasing manner. The color scheme was pink and white and it was successfully carried out in all of the decorations including the floral pieces which were composed of peonies and roses.

Mrs. Earl Stoddard won high honors and was awarded the prize for her high score. Mrs. Lee Bouvy received second honors while Mrs. Fred Meyers received third, and the consolation prize went to Mrs. Harry Zurbich.

An unusually delicious luncheon was served.

Mrs. Charles Ruyvan, who has been quite ill at Hot Lake, is recovering.

Wednesday at high noon the home of Mrs. Ira Howell, near Alcega, was the scene of a pretty wedding when her daughter, Miss Florence, was married to Mr. Fred Weiss, pastor of the Presbyterian church in LaGrande.

The ring ceremony was used and Merrill Howell gave the bride away. Merrill and Marian Howell, brother and sister of the bride, stood up with the contracting couple. The ceremony was very impressive under an arch of yellow roses in the parlor of the home. Yellow was the predominating color in all decorations, and as Mendelssohn's wedding march was being played by Levanna Graham, niece of the bride, little Viva Bull acted as flower girl, throwing yellow roses in the pathway of the bride and groom.

Rev. Ross in a most loquacious and im-

pressive manner pronounced the marriage obligations to each of the young people and the ring was affixed by the groom on the hand of the bride.

After congratulations from the happy party of guests a magnificent wedding dinner was served in the home.

The bride is well known in the Grande Ronde valley having been reared here. Several years ago she graduated from a school in Baker since which time she has been employed by the Baker Loan and Trust company as stenographer. She is very popular both in this valley and in her present home city. The groom is a member of the firm of Hansen & Weis, large furniture dealers in Baker, and is one of that city's most substantial business men. They will make their home in Baker.

Guests at the wedding included Mr. and Mrs. A. Hansen and two sons of Baker, Mr. and Mrs. John Schmitt of Baker, Mr. and Mrs. William Pullman of Baker, Mr. and Mrs. Schindt of Baker, Miss Hazel Robinson of Baker, H. Sommevayer of Baker, Mr. and Mrs. E. S. Norris of LaGrande, Mr. and Mrs. F. H. Kiddle of Island City, Mr. and Mrs. Frank E. Krentz of LaGrande, Rev. W. C. Ross of LaGrande, Mrs. W. C. Ross of LaGrande, Mrs. Mrs. Bruce Dennis of LaGrande, Mrs. Sadie Bull of LaGrande, Mrs. Ira Howell, Mrs. G. E. Howell A. F. Howell, M. C. Howell, Layton and Levanna Graham, Nina, Lyle, Verl, Thelma, Ira L. Lawrence, R. Merritt, Merrill and Marian Howell, Viva Bull and Lottie Pratt.

Last evening a number of Miss Ruby Shirley's friends surprised her with a shower at her home at 2808 North Fourth street.

The evening was spent in social chat and music after which refreshments were served. Miss Shirley was the recipient of many beautiful and useful gifts.

The guests of the evening were: Ella Ansnes, Edith and Gertrude Swalberg, Wilma Stanley, Merle George, Fencia and Marguerite Klopfenstein, Norma Mayger, Alma Mason and Miss Ruby Shirley. Miss Ruby is to marry William Bourdette Graham, of Hermiston, next Wednesday at Pendleton.

A number of ladies enjoyed a pleasant afternoon yesterday, when Mrs. C. E. Hubbard and Mrs. Henry Hill entertained at Bridge, at the home of Mrs. Hubbard.

Fifteen tables of cards were arranged, at which Mrs. Ray Murphy won high score, Mrs. Claude Seranfon received second prize, and Mrs. Guy Glenn consolation.

The Hubbard home was made most attractive by the decorations, which consisted of roses and other flowers.

At the close of the afternoon, a delightful luncheon was served.

Especially pleasing and entertaining was the large reception held on Tuesday afternoon at the beautiful home of Mrs. Albert Thomas at 1208 First street, in compliment to Miss Julia Hatch the charming house guest of Dr. and Mrs. E. P. Mossman, who will soon sail again for Cheungmai, Siam, to take up her duties as principal of the Girls' school there.

Iris and roses were artistically placed about the spacious living room while columbine and sweet william added much to the beauty of the dining room. Graciously assisting the hostess about the living room were Mesdames E. P. Mossman, H. R. Hanna, C. M. Humphreys, W. C. Ross, O. E. Silverthorn, A. S. Duryea and H. H. Cleaver. Mesdames

Turner Oliver and E. P. Mossman presided at the coffee urn while Mesdames J. K. Wright and A. G. Lane presided at the tea service as dainty sandwiches and cakes were being served. Ably assisting in the dining room were Mesdames R. E. Murphy, A. V. Lingren, L. A. Bohnekamp, W. E. Welch, L. R. Bussey and the Misses Hattie Short, Genevieve Hanna and Hulda Anderson.

During the afternoon the following very delightful program was given. Each artist took their part in the most splendid manner and very generously responded to encores.

Piano Solo, "Mazurka" by Godard "Waltz" by Coleridge Taylor

By Mrs. J. A. Tedford

Vocal Duet, "Whispering Hope" "Flowers of Spring"

By Mrs. McClay and Mrs. Stearns of Union, accompanied by Mrs. Viola Parker of Union.

Violin Solo, "Silver Souvenir,"

"Faurerel" by Staniz Diolla

By Miss Dorothy Caldwell, accompanied by Miss Bertha Berget.

Vocal Solo, "Minnetonka" "My Dream"

By Mr. Lawrence Dutton, accompanied by Mrs. Dutton.

Vocal Solo, "To a Hilltop,"

"Cuckoo Clock," by Ross Cox

By Miss Flavia Ritter, accompanied by Mrs. W. W. Berry.

About twenty ladies from Union drove over for the occasion and many from the city called during the afternoon. Mrs. Hatch has many friends in Eastern Oregon who will not forget her smiling face nor her visit in the city and whose thoughts will follow her in the splendid work which she is so soon to continue again.

The American Legion Auxiliary met Wednesday evening with Mrs. C. N. Palmer on Adams avenue. A good attendance was present, and a pleasant evening was enjoyed by all.

The next meeting of the Auxiliary will be called some time next week.

Mrs. Palmer, at which time the ladies will string the discs that the Legion men ordered. The discs are similar to the identification tags worn during the war by the soldiers and the American Legion have ordered 5000 to be worn as the official souvenir at Top O' Blue Mountain on the Fourth of July. As this is to be an important meeting, all members are urged to be present when the meeting is called.

The Smith-Conley reunion held their annual picnic at the Riverside park June 17th. There were 120 in attendance, five generations being represented, of which Mr. and Mrs. A. B. Conley were the head.

A delightful basket dinner was served in the pavilion, after which Rev. S. C. Lapham gave a short talk on the early history of this family in Illinois and their immigration to the West.

The rest of the afternoon was spent in visiting and in recalling old times.

Mrs. Archie Conley and Mrs. Ray Goodenough were hostesses to a number of members of the Cove and La Grande Episcopal Guild on Thursday afternoon at the home of Mrs. Conley.

The guests for the afternoon included: Mrs. J. J. Conley, Mrs. Lloyd Carter, Mrs. Chris Bertsch, Mrs. Clarence Herrford, Miss Bessie Kelly, Mrs. Thomas Hoffs, Mrs. Daniels, Mrs. John Dean, Mrs. Mattie Golden, Mrs. Fay Golden, Mrs. Guy Barker, Mrs. L. H. Bussard, Mrs. Charles Bull, Mrs. Frank Miller and Mrs. Ed Thomas.

Hogan hall was the scene of a delightful basket social Wednesday evening, when the Winnebago Campfire Girls, under the direction of their guardian, Mrs. C. E. Short, entertained a large number of their friends.

Before the dinner, baskets sold at

fifty cents each, and much merriment was the order of the evening. Gilda and Trillium Ashby were on the program in the evening, and were greeted with much applause. Some of the mothers of the girls served punch throughout the evening, and dancing occupied the latter part of the social. Miss Marion Howell furnished the music for the dance.

The girls gave the social in order to raise money to go on a camping trip.

The home of Mrs. R. A. Wilkerson in Fruitdale was the scene of a delightful afternoon when the Parkside club ladies gave a farewell party for Mrs. Ella Smalley, who leaves soon for California to make her home.

A beautiful fork was presented to Mrs. Smalley by Mrs. Carroll as a remembrance of the club. Mrs. Smalley at one time was president and at the present time was vice-president of the club.

Among the out of town guests were Mrs. Whitney of Burns, Oregon. After a pleasant hour refreshments were served.

Mr. and Mrs. Zeno F. White, who are on their bridal tour from Sandpoint, Idaho, have been visiting at the D. H. Proctor home in Fruitdale, and will leave today for Elgin and other points.

Zeno is one of the boys who went into the late war, his termination being in Paris. He is a graduate at O. A. C., specializing in designing.

Mrs. Frances Barnett Weiss completed her sophomore year in home economics this year at the same school.

Mrs. W. L. Vinson of the highway office, has returned from Boise, where she attended the wedding of her son, Geiser A. Vinson, to Sarah Lois Jones of Boise.

Mrs. Sarah Riddle, who has been teaching for the past three years in Vancouver high school, sailed June 16th for Alaska, to spend her summer vacation.

The regular quarterly conference of the L. D. S. church will convene in this city next Saturday and Sunday, June 30 and July 1st.

Fashion Notes

Applied Animal Figures. Paris.—The animal gowns have created such a furore today that applied animal figures of velvet, leather or felt are seen on various things where one would least expect them. A smartly groomed woman crossed the Place de la Concorde one recent rainy day with an animal decorated red silk umbrella.

Frost Hat, Newest. Paris.—Some enterprising milliner has achieved a mild sensation by the creation of the "frost hat." Either wide brimmed or in turban shape, this hat is of white felt covered by tinsel folds that look not unlike sparkling frost or tiny drifts of snow.

Panel's Lase Charm. London.—There is a slackening of the vogue for panels today. More and more women are returning to the even hem with a neater silhouette that forbids flowing and haphazard panel or ribbon ends.

New Cigarette Case. New York.—Among the new cigarette cases shown here today is one of heavy moire ribbon, beaded in flower designs. One of these new cases was in American beauty moire, the beads being black, yellow, pale green and white.

Gorgeous Beach Capes. New York.—Nothing could be more gorgeous than the season's beach capes. Of Turkish twelving to slip over a wet bathing suit, they come in batik colorings with bathing cap and vanity bag to match.

"New" Idea Very Old. New York.—Among the new ideas in jewelry is a very old one. This is the idea of wearing a large cameo brooch on a wide velvet black ribbon about the wrist.

If a man tells his wife everything, it may be that he loves her. And then it may be that he merely loves a fight.

Meals Served. Salads of Any Style. Chop Suet and Noodles served in conjunction. Will be glad to serve dances and parties of any kind. Meals are the best and clean at cheapest rates.

Liberty Grill. 211 Depot.

BOYS HELD TO BE BIG ASSET

ST. LOUIS, June 22.—Conserving the nation's greatest natural resource—the boy—is the end that he will draw up with the idea that "the profit is in the loss." It is the idea underlying the boys work of Rotary International as outlined by Chairman Everett Hill of the International boys work committee, during session of the Rotary-International convention here today.

Rotarian Frank H. Stutz of Dayton, Ohio, and Eddie Grant, the newspaper editor of Detroit, also spoke.

The supreme challenge of such generation is the next generation. Mr. Stutz told the convention. The supreme challenge of Rotary—an organization of men—is the boys.

"Boys are history and civilization at the source," Mr. Stutz continued. "A fraction of the time spent upon the influencing of adults—of men—if spent upon boys will establish boys, their loyalties and their ideals. Every consideration of business efficiency demands that Rotary train boys in the new ideals."

"Rotary can teach the boys of the world that service must be above self, if the game of living is to be played in a man's way. With service above self, public responsibility will be placed before business eagerness and satisfaction. Wealth will be regarded as an opportunity for service."

"The boys can be taught that human personality is the most sacred creation of the universe. Not property, but persons must be first in the eyes of the law."

"Truth must be honored above opinion. Let every man have his opinion where the facts cannot be obtained. Let every man be tolerant of every man's opinion. Let every man label his opinion as an opinion and not as a truth. Men can understand one another in terms of truth. They fight each other over opinions."

"The boys can be taught how to build a world of peace. Nobody but boys can ever do this."

"How can we do these things? By example! Every Rotarian must believe and practice these things himself; by cooperation with the organization now existing for boys; by arranging international conventions of boys and by a Rotary school for leadership."

"How can we do these things? By example! Every Rotarian must believe and practice these things himself; by cooperation with the organization now existing for boys; by arranging international conventions of boys and by a Rotary school for leadership."

"How can we do these things? By example! Every Rotarian must believe and practice these things himself; by cooperation with the organization now existing for boys; by arranging international conventions of boys and by a Rotary school for leadership."

HOW TO COMBAT THE CHERRY FRUIT FLY

COVINGTON, June 22.—To save the Oregon late cherry crop from the fruit fly worm that gets hatched inside the skin, a little sweetened poison bait will have to be put on the trees in the lower Willamette valley and other parts of the state, particularly in eastern Oregon, where it has to be sprayed. Just fill the tank and drive it at average gait between the rows and let the man with the rod bring it once across the upper surface of the tree. The poisoned drops, bits that fall on the upper surface of the fruit, which has begun to come from the ground and feed up preparatory to laying its eggs under the reddening cherry skin. The bait is made as follows:

Lead arsenate one-half pound, molasses or syrup 2 quarts, water 1 gallon. This is enough for some 25 trees.

If weather is rainy action should be delayed a day or two as cold delays hatching and makes already out inactive. Rain discounts the value

of the application. Oregon late cherries have been sold widely in Idaho, Washington and California, but some carlot shipments last year had the per cent worm cherries—grown big enough to walk the counter with the fruit—abundant.
