### Is there someone you are neglecting?

You have no excuse merely in saying that you are "too busy." The world is busier for everybody today. You can find time to send a Greeting Card—and you will never be in social or sentimental error.

Sentiment did not wane with white muslin and blue ribbons, flowered waistcoats, or the coach and four. The spirit of those times still remains in every man and woman.

Ask the dealer to show you his selection of Greeting Cards. Whatever the intent of your message, dignified or playful, you will find a card that will convey it.

### LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

Well-known druggists say it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.
