

# SCHOOL URGED TEACH HEALTH

SAN FRANCISCO, June 29.—This social organization was compared to an intricate machine by Dr. Oscar Dowling, state health officer of Louisiana, at a meeting of the Preventive and Industrial Medicine section of the American Medical Association convention here today.

Dr. Dowling said that for proper operation, health is fundamental. "Health implies right conditions of growth and development for the child, proper heredity, prenatal care of the mother, recreational direction and an ideal environment," he added. "In securing these results every part of the body politic bears a reciprocal responsibility." He emphasized particularly the need for teaching the principles of hygiene, citizenship and the right social order in the public schools.

The discussion was continued by Dr. Frederick D. Stricker of Portland, Oregon, with a plea for more efficiency and less spectacular demonstration in public health work. He compared such exploitation to "Blue Sky" as it relates to stock and bonds.

The session closed with a paper by Dr. John Sundwall of the University of Michigan, who urged constructive health activities in the public schools. "The most effectual and far-reaching results to be participated in our present nationwide health movement," he said, "are now being conducted in the public schools. The impressions of childhood and the habits formed in early life are lasting."

"There should be ingrafted into the school boy and girl, by repeated and profound precept and example, inculcable health habits. When every school establishes and maintains an agency by which these objectives in human conservation are realized, then our public health problem will be solved and our society will heal itself. Every endeavor must be made to organize efficient health services supervised by full-time, adequately trained teachers who by a consummate and progressive health program will be sustained."

## Mayor Works Without Pay to Clear City Debt

JACKSONVILLE, Ill., June 29.—A few years ago the city of Jacksonville was "broke." It was so crippled financially its credit wasn't good for a 50-cent telegram its then chief executive attempted to send. Today it has a credit of many thousand times 50 cents.

The change has been brought about it is said, by an efficient business administration given by a mayor and a city commission who do not draw a cent of salary for their work for the city.

Elected three times without giving away so much as a nickel cigar or making a single public speech, Mayor Edward Crabtree is now in the midst of his third term with the aim to

make Jacksonville one of the best business cities in the state. Mr. Crabtree says he never gave a dollar to a campaign fund and never asked for a single vote.

When he returned to Jacksonville after two years of work in liberty bond drives during the war, the citizens of the city urged him to run for mayor. He promised to do so on the sole condition that he be paid no salary and that several of those boasting him for the position run with him for council positions on the same platform.

Jacksonville has a population of 16,000 and a total taxable property worth of \$12,000,000. It was the first city in Illinois to go "home dry" and was one of the first to adopt the commission form of city government.

## Many Orders to Be Filled By Ford Motor Company

DETROIT, Mich., June 29.—June finds the Ford Motor company undertaking the greatest task of its career, that of attempting to fill an order list for cars and trucks which totals 311,000 for the month. Popularity of the Ford never has been so strikingly illustrated as this year for every month has brought increasing orders with June topping them all.

And the demand for the Ford extends into every section of the country, for dealers from the smallest towns to the largest city all have asked for increased allotments of Ford cars and trucks for delivery to their customers.

Production has been steadily upward right along and the enormous manufacturing facilities of the company are daily being taxed to the utmost in an endeavor to meet the demand, and to assist in delivering cars with as little delay as possible.

During the present month production is on a schedule which calls for approximately 6,700 cars and trucks a day, another increase in the record-breaking output which sales demands make necessary.

## Why Suffer from Rheumatism?

Do you know that nine out of every ten cases of rheumatism are simply rheumatism of the muscles or chronic rheumatism, neither of which require any internal treatment? The pain may be relieved by applying Chamberlain's Liniment, which makes sleep and rest possible, and that certainly means a great deal to any one afflicted with rheumatism.—Adv.

Votes were cast in Burlington, Vt., to elect "Miss Burlington" as queen of the city's 150th anniversary celebration and Miss Pauline McGreevy (left) was declared the winner of the beauty-popularity contest. But friends of Miss Maude Kelley (right), who came in second, say she should have been awarded the crown.

## Lawyers to Hold a Big Meeting in Philadelphia

(By Associated Press) • MINNEAPOLIS, Minn., June 29.—Leading members of the legal profession in the United States will attend the annual convention of the American Bar association here August 29, 30 and 31. An attendance of more than 2,000 is anticipated by A. C. Paul, of this city, in charge of arrangements.

participate in the sessions include: John W. Davis, president of the American Bar association, and former ambassador to England; Chief Justice William H. Taft and Justice Pierce Butler, of the United States supreme court; Charles Evans Hughes, Secretary of State, and Charles S. Whitman, former governor of New York.

principal address of the convention on August 29, just preceding the reception of President Davis, which will be the premier social event of the meeting. Justice Butler will be the speaker at a joint meeting of the American Bar association and the Minnesota Bar association, over which W. A. Lancaster, of Minneapolis, president of the state organization, will pre-

side. As chairman of the Committee on Judicial Ethics, Chief Justice Taft will read his report on that subject on the afternoon of August 30. The convention will gather in St. Paul the final night of the convention where the annual association dinner will be held.

## Persistence

THE coral isles of the southern seas, fertile, beautiful, romantic, were built up by the steady deposits of the secretions of countless tiny animals. Steady deposits in a savings account in this bank will build a foundation for your fortune. Persistence will bring sure rewards.
