Hewitt Resigns.
 BAKER, June 28.—John W. Hewitt, general manager of the Sumpter Valley Railroad company, has resigned his position with the company and accompanied by his family departed last evening for the east where they will visit and probably locate. A. S. Howe, master mechanic of the railroad, will temporarily fill the vacancy caused by the resignation of Mr. Hewitt, pending the announcement by W. A. Whitney, who is now in Portland, and who is vice president in charge of operations of the company, of a permanent successor.

Some of the negroes going north carry baggage, but about all some of them take along is the race problem.

GRANGERS MEET AT MEDICAL SPRINGS

MEDICAL SPRINGS, June 29.—The weather man is sure giving Big Creek enough rain this spring. It rained all last week and Tuesday there must have been a cloud burst, the way the rain came down for about thirty minutes. The water ran in streams everywhere, but not much damage was done to the hay or grain as lots of it was already down. It looks to us now that the stormy weather is over.

Miss June Hoke of Richland was a recent guest of her friend, Miss Edith Turner.
 Mr. and Mrs. J. R. Wanker spent Saturday evening in the mountains, returning home Sunday. They killed a large black bear on the trip.
 Coming as a surprise to her many friends was the marriage Saturday of Miss Edith Wanker of Oswego to Edward E. Piper of Woodburn. The bride during her residence here has made many friends and all join in wishing them every happiness. They will make their home at Woodburn. Several stockmen are driving cattle

there is better feed. Ed Turner has the contract to salt the range this summer.

Mr. and Mrs. H. Green of Sumpter are visiting Mrs. Green's parents, Mr. and Mrs. W. Lane.
 Fred Huffman of La Grande was a medical caller Monday.
 State lecturer Mrs. E. Bond of Eugene, Oregon, was the honored guest at a delightful evening entertainment at the school building Monday evening by the Grange. The Grange ladies assisted in making the affair one long to be remembered. Other guests from Keating, La Grande and Missouli Flat were present. The Springs drill team put on the drill work and four musical numbers. Two addresses by Mrs. Bonds occupied part of the evening, after which dancing was enjoyed the remainder of the evening, and at a late hour refreshments were served.

For the most part, history is a biography of nuisances. The only famous fly is the one in the ointment.

Permit Granted Company.

SALEM, June 28.—A permit was received recently from the public service commission by the Interstate Stage company, with headquarters in Seattle, to operate its stages through Oregon. The company, under its franchise, will operate eight 20-passenger stages between Seattle and San Francisco and will book passengers at the Rose City by steamers for all land points. This company recently was refused permission by the city of Portland to pick up and discharge passengers in that municipality but later obtained a favorable decision in the courts.

An Observer Want Ad will sell it.

GOODYEAR PRICES DOWN

Goodyear prices have been reduced approximately fourteen percent. They now sell for less than many ordinary tires.

Goodyear quality is supreme. The All-weather Tread Goodyear is the only double cured tire made in America today. They give better traction, are better looking and average fifty percent more mileage than any other tire on the market.

Goodyear Wingfoot cords are quality cords. Big oversize tires, built of the same material as the All Weather but single cured like all other tires. Look at these prices
