DOKKIES MEET AUGUST 13-17

Members of Fraternal Order to Convene in Rose City From All Points in America.

The week of August 13-17 will mark the biggest fraternal gathering ever held in Oregon since the advent of the Shrine in 1920. It will be the dramatic Order of Khorasan (DOKK) the play-ground division of the American Order Knights of Pythias. Thirty thousand delegates and friends are expected from all parts of the United States and Canada.

At this writing the Convention committee has registered over 21 uniformed bands, 30 glittering parades, 10 drum corps and over 2,000 members of the Imperial Palace Conclave.

All the leading hotels in the city have been commandeered to house the throng and many private homes are being listed for the comfort of the guests.

A program of entertainment unequalled will greet the visitors and special trips over the state are being arranged by motor and train.

Portland's reputation as a convention center will be taxed to its capacity. Eleven special trains will arrive with delegates; auto caravans from Pacific coast states are coming with camp ground facilities already prepared and those who remain in their Pullmans during the convention will have the use of showers and baths at the Y. M. C. A. Multnomah Athletic club and other comforts.

The Entertainment committee is now listing 2,000 automobiles for a trip over the Columbia River highway. All railroad tickets will include a trip to the seashore. Information concerning the state will be freely distributed among the visitors. The Executive committee in charge of the Imperial Palace is: Gus C. Moser, chairman; Leslie E. Crouch, vice; Walter G. Gleason, sec.; Phil Metcham, press; John M. Mann, director. Fifteen branches of activity are now engaged on the details of the convention including a women's division of which Mrs. T. L. Graves is chairman.

One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he can not be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.—Adv.

Surprise Party Funny for All Except Victims

NEW YORK, July 2.—Surprise parties are more fun than a circus. Everybody thinks so. That is, everybody but the persons who get surprised. The victims are among the saddest figures to be found anywhere in the American social world. They are not supposed to be sad. Parties are supposed to be given in their benefit and they are supposed to be made happy and comfortable and proud by such a show of affection.

But are the parties really given in their benefit, and do the parties really make them happy and comfortable and proud? Yes, in the same sense as lynching parties are given to please the victims. Now suppose that you are John J. Jones, who lives in a fashionable suburban neighborhood, with a wife and a car and a healthy appetite for a friendly game of bridge. And a day comes when it seems to you that things are very dull. There is nothing going on. No dances. Nothing in the office. No bridge parties. What is the thing that comes to you to do?

The thing to do is obvious. You do not hesitate. In such a predicament nobody ever hesitates. It is time to start a surprise party. And you do.

Selecting the Victim. You pick out of the neighborhood a fine large house—a house with a good floor for dancing—a house with a phonograph and as few babies as possible—and you say to your wife: "See here! The A. Baxter Simperton has lived here 17 years, and we haven't given them a housewarming yet! It is preposterous! It is even criminal! We ought to be shot. Let's give them a surprise party as an evidence of our great esteem and profound mortification and go over and raid his wine cellar."

And so it comes about. You get up a party. You gather together 30 neighbors and a couple of bachelors and the army of you, all dressed up like the night of the ball, go sneaking up the victims' lawn and over their stoop and into their silent hall go charging, crying, "Hal! hal! hal! hal! hal!"

A Glorious Success. And of course it's a glorious success. The Simpertons are surprised half to death. And are as happy and comfortable and proud as they can be. You know this is so, because they say so. But you could have told it was so even if they hadn't said so. Mrs. Simperton, who was darning stockings as you came in and made her happy says, "Holy Moses!" and faints all over the cat. And Mr. Simperton walks in his B. V. D.s and says—

You never saw a host and hostess

shopping in La Grande Tuesday. Miss Ona McKinnis was a business visitor in Tumbler Friday morning.

Mr. and Mrs. Dilard Chante were visitors Sunday at the home of B. M. Oliver. Clarence Hendry is making an extended visit at the home of his uncle, John Hendry, who lives near La Grande.

Mr. and Mrs. Charlie Hanson are going to move on P. C. Hamilton's ranch, west of town in the near future. Elsie McKinnis was a business visitor in the county seat on Friday.

John Cantrell is spending a few days at the home of Mrs. James Wise. Mrs. John Waggoner and Mrs. Wayne Park were visitors Thursday at the home of Mrs. M. D. Sanderson.

W. F. Brook was a business visitor in La Grande during the week. Mr. and Mrs. Earle Pugh were visitors Friday evening at the home of Mr. and Mrs. Wayne Park. Mr. Tucker and son Neil were transacting business in La Grande Thursday.

Mr. and Mrs. D. R. McKinnis and family have moved to La Grande where they will spend the summer. Miss Stella Newbill has gone to Portland where she will visit her sister, Mrs. Jim Combs.

Union Pacific System Has Many Stockholders

OMAHA, July 2.—The Union Pacific System of railroads has 51,016 stockholders, according to a statement issued today by C. H. Gray, President. Approximately 42 per cent of the stockholders are women and most of the stockholders are persons of moderate means, says Mr. Gray. The average holding, according to the statement, is 33 shares of a par value of \$100 each. No one person, firm, corporation or institution owns as much as two per cent of the capital stock, the statement adds. Stockholders reside in every state in the Union and in Alaska, Canal Zone, Guam, Hawaii, Philippine Islands, "Tutu," says Mr. Gray, "Union Pacific stock, like a country's trade, follows the flag. This widespread distribution conclusively answers the statement that the railroads are owned by a few persons. To an extent not generally recognized the railroads are owned by the public. This subject comes home to every household when it is considered that life insurance, pooled owners and savings bank depositors are partners in the operation and development of our railroads."

PLAGUE RAGES IN INDIA. (By the Associated Press) SIMLA, India, July 2.—Bubonic plague is raging throughout Western India as it has not raged for five years. The disease threatens to become epidemic, and already has been the cause of panic in several of the larger cities.

The rise in this plague year began in December. During the month of March 28,000 deaths were recorded, against an average for the previous four years for the same month of 14,422.

The government authorities ascribe the plague to rats getting into the grain, and advise the people to build rat-proof warehouses and to destroy the rodents.
