# HARDING WILL NOT MISTREAT HORSE OR DOG

### Takes Oath on Board U. S. S. Henderson; Will Complete Tour on Transport.

ABOARD U. S. S. HENDERSON, WITH PRESIDENT HARDING, July 13.—President Harding has bound himself by an oath never to mistreat either a dog or a horse.

The obligation to be kind to both of these animals was part of an oath taken by the president Wednesday at Skagway when he became a member of the Arctic Brotherhood. He Thursday confided the oath in part to Mrs. Harding, who in turn informed members of the presidential party. The chief executive from boyhood has loved animals and his enthusiasm for the brotherhood's purpose to protect them caused him to tell his wife about it.

The brotherhood was organized in 189 on the steamer Seattle by gold prospectors whose use and love of horses and dogs in the north is said to have caused inclusion in the ritual of a clause requiring kindness to these animals.

Finish Tour on Ship.

ABOARD U. S. S. HENDERSON, WITH PRESIDENT HARDING, July 13.—President Harding will make the trip from San Diego, Cal., to New York via the Panama Canal and Porto Rico on the marine transport Henderson instead of on the shipping board steamers President Harrison and American Legion.

Definite arrangements for the use of the Henderson were concluded Thursday and announcement was made that the schedule for the return provided for the arrival of the presidential party at New York August 27. It was considered likely that the president would deliver an address there before proceeding to Washington.

The Henderson Thursday continued on her course across the gulf of Alaska en route to Seward where she was due to arrive shortly after noon Friday. After a short stay there, the party will go aboard a special train and start over the Alaskan railroad for Anchorage and Fairbanks.

The chief executive was still undecided Thursday whether to make the three day trip from Fairbanks over the Richardson trail and then down the Copper River & Northwestern railroad to Cordova, or to return over the Alaska railroad to Seward and then take the Henderson to Cordova.

Rough weather, expected in the gulf of Alaska, did not put in its appearance and the entire day's sailing was over a comparatively smooth sea.

Snodgrass' granddaughter, Norma Ruth, who is three years old today.

John Thompson came down from Wallowa last evening on a short business trip and is stopping at the Savoy.

Mrs. M. W. Hartness returned to her home at Enterprise this morning after visiting relatives in this city for several days.

Mr. and Mrs. R. F. Mattoon, who make their home at Enterprise, are in town visiting and shopping. They are registered at the Savoy.

Mrs. C. J. Dourbane and children recently returned from an extended trip east where they visited relatives in Indiana, Arkansas and Kansas.

Miss Jessie M. Huffman returned to her home at Enterprise this morning after spending the past week at Hot Lake.

Dr. W. E. Brownell, of Elgin, came in last evening on a short business trip and returned this morning. He stopped at the Savoy.

Frank A. Monteith and family, of Boise, Idaho, were registered among the guests at the Sommer last evening.

Mr. and Mrs. William Keefer, of Enterprise, arrived in La Grande last evening and are stopping at the Savoy for a short time.

Mrs. L. C. Wisdom and daughter, Molly, left this morning for Weiser, Idaho, where they will visit for a few days.

Mrs. M. G. Allen and Miss Pauline Becker came in from Elgin last evening on a short business trip last evening. They are registered among the guests at the Sommer.

OLD TIMERS KNOW THIS STORY

Acme Film Corporation presents the photoplay, "Ten Nights in a Bar Room" at the Sherry theater, last evening today. Old timers who knew and loved the play will again have the opportunity of seeing their favorite play the roles that have brought laughter and tears to the eyes of millions of theatregoers throughout the world. And those youngsters who have never seen the play will be swayed, as were their parents, by the story that can never grow old. Love, hate, joy and sorrow are all there, as well as thrilling action that will satisfy the most rabid movie fan.

It is the story that is particularly well suited to the screen and it is said that the producers have not overlooked any point that would add to the interest in this production. "Ten Nights in a Barroom" took almost a year to make and cost an enormous amount of money. Buildings were built only to be burned to the ground. Vast numbers of people were employed in the making and the "big" scene, that of the log drive on the river, alone took several weeks to film and cost a young fortune. Also showing a comedy.
