SHERRY'S TO-DAY ONLY

Clever Plot, Good Acting, Makes This Feature A Success

Russel Productions Inc. have just completed a lively five-reel outdoor drama starring George Larkin. This picture will be known as "Building Courage" and it is announced by the producers that the feature contains many fast moving incidents and adventures in the life of a young college chap who goes west to avenge an injustice his uncle.

The boy is promised a gift of \$50,000 if he will thrash a certain man who twenty years ago had beaten his uncle in front of a girl he had hoped to marry. This bet seems hardly an inducement to the youth until by an accident he sees a photograph of the daughter of the man he is asked to whip. He loses no time in hastening to the wild and woolly country where his father's rival has his ranch.

To thrash this man was not half as hard as winning the girl but it actually takes five reels of adventure romance, comedy and grandest-lighting action on the screen to finish this interesting story.

Few pictures that have been made or that will be made this year hold the interest of the audience as much as "Building Courage." The supporting cast includes many prominent stars headed by Bessie Love, Bill Patton, Barbara Tennant, Karl Silvera, and Bud Osborne.

SHERRY'S SUNDAY AND MONDAY

Betty Compton in Fine Crook Drama
A woman with four faces!
Betty Compton had an opportunity to emulate Nick Carter, Old Slough, Old King Brady, Sherlock Holmes and the rest of the great clan of super-sleuths in her new Paramount picture, "The Woman With Four Faces," which will be the attraction at the Sherry Theatre for two days beginning tomorrow.

Not that Miss Compton is a detective—on the contrary, she plays the part of a girl crook engaged by the district attorney, played by Richard Dix) to help him in ferreting out a great drug combine. Disguised, she aids him in many ways and wins his love in the bargain.

One thrill piled on top of another, all played in the tense and highly dramatic manner demanded by this type of story, renders the picture exciting and compelling.

Imagine Betty Compton as an old woman, or as a young waitress in a cheap restaurant! It is easier to imagine her in the role of the girl crook because she established her ability to play a part of that sort in "The Miracle Man." And then there is the lovely, sweet and alluring Betty Compton herself—as she will appear when reformation has come unbidden through the channels of love and mercy. A great supporting cast has been supplied and Richard Dix has a powerful acting role as the District Attorney.

"The Village Blacksmith" Now Showing at The Star Theatre

If you think you are thrill-proof or think your tear-well has gone prohibitive just take a trip up to the Star Theatre today or Sunday and sit through a showing of "The Village Blacksmith," the latest William Fox melodrama.

In presenting "The Village Blacksmith," the manager is giving the movie-goers just about everything in the way of pathos and human touches that can be crowded into an hour and a half.

Will Walling, as the smithy, is a big, strong, husky lad with a strong manly chest. He'd have to be to stand all the misfortune that drapes itself about his manly shoulders. His frail weakness could live through all the terror of the first half of the first reel. But the smithy stands his punishment like the heroic figure the film makes him and along toward

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and discomfort, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

BRANCH ROAD WORKED ON

NEWPORT, Ore., July 21.—J. C. McLeod, Newport-Corvallis highway engineer, said today that the unfinished part of the road was being refinished rapidly and that the base rock would be spread in a few days. The commission, he said, had put two maintenance trucks on the road and other equipment required to keep the highway in the best of condition this winter. It will be in race track shape by early spring.

McLeod went over the section of the Roosevelt highway under construction from Agate beach to Otter rock today. This work is going slow owing to the heavy rains he made. He will insist, he said, on the contractor rushing this work while the weather is good.

The supreme test will come when a dry South is asked to line up for a damp Democrat.

and he reaps his just reward of happiness.

There is a railroad wreck, his youngest son is crippled for life by falling from a tree, he thinks his daughter goes wrong, his oldest son is almost killed, his daughter is struck by lightning, his wife dies and then his daughter is accused of stealing a church fund. Aside from that the smithy has an easy time of it doing the work about his shop.

Tully Marshall gives a good and mean performance as the squire. Virginia Vall is good as the daughter, Ralph Yearley is sufficiently convincing as the squire's son, but the best bit of acting in the picture is done by George Hackathorne as the cripple. Francis Ford, who used to be a dashing hero, is very good as a half-witted country lout who causes much of the trouble.

Yes! if you are in need of good entertainment, by all means see "The Village Blacksmith."

Never Ask a Kiddie What He Wants for Lunch!—Serve

Kindergarten Sandwiches

They make every lunch a "surprise." With some fancy-shaped cutters in the kitchen and this recipe your boy will eat his way to rosy cheeks and stalwart health, and find delight in every bite!

Cut white bread and dark graham bread in thin slices. Shape with cutters having two pieces each of white and of graham bread of the same shape. Lightly spread half of the bread, with well creamed butter. With smaller fancy shaped cutter, remove centers from unbuttered graham and white pieces.

Place graham bread centers in white bread rims and white bread centers in graham bread rims. Place decorated pieces with white rim on the corresponding piece of graham bread and the decorated pieces with graham rim on corresponding pieces of white bread.

For a variety use cutters that are square, oblong, triangular, elliptical, fluted or fluted shape. For the centers use tiny rounds, or animal, flower, or other fancy shaped cutters. A circle of dark and one of white bread may be cut diagonally three times and one-half the sections of each color to put together alternately on a plain circle of bread.

Add a juicy orange or rosy apple, and you have a hearty, well-balanced lunch.

Of course, to get perfect sandwiches, you must start with perfect bread—the wholesome rich flavored loaf that assures vigor as well as enjoyment. That's
