Baseball Dying Out in The Philippine Islands

(By the Associated Press) MANILA, P. I., July 31.—Baseball the American national pastime which was expected to replace cockfighting here, is dying out in the Philippine Islands, and the Department of Public Instruction, by its lack of interest, is blamed for the failure by a sportsman writer in a local newspaper. The Manila league is said to be the only baseball organization in the islands in a flourishing condition today.

During the last five years, sporting authorities say, the Department of Public Instruction has given no encouragement to baseball through the bureau of education. Prior to that time, it is said, the bureau of education was actively engaged in fostering the national game in the islands, with a view to eliminating the island sport of cock-fighting.

Teachers brought here from the United States, it is charged, do not play baseball and have little or no knowledge of the name or of athletics in general.

The Philippine Amateur Athletic Federation, according to dead-in-the-wood baseball fans, is favoring indoor baseball over the outdoor game. It is pointed out that in the new P. A. A. P. athletic annual only three pages are devoted to baseball out of a total of 384 pages. Eleven pages are devoted to the rules of indoor baseball, while many additional pages are used for general information of the indoor game.

Philippines, it is agreed, are as keen today as they ever were in regards to baseball. The players have developed into "trick" mountaineers, backstops, in and outfielders, and while their hitting is weak, compared with American big league standards, they are fast developing their stick work.

DEMPSEY PRESENTS DOG TO DENVER POST EDITOR DENVER, Colo., July 31.—Jack Dempsey, world's heavyweight champion, plans to arrive in Saratoga Springs, N. Y., Friday morning, next, and after resting a few days will get down to the actual training for his fight with Luis Angel Firpo at the Polo Grounds, New York, on September 14, he announced here Monday. Dempsey said he planned to train about five weeks. Dempsey arrived here Sunday from Antioch, Calif., where he has been fishing and camping.

The champion Monday presented his police dog "Mox," which he secured in Berlin on his visit abroad, to H. H. Tammann, editor of the Denver Post.

MULLINS WILL PROTEST DEMPSEY-FIRPO FIGHT

NEW YORK, July 31.—Paddy Mullins, manager of Harry Wills, negro aspirant for the world's heavyweight championship, says he will appear before the state athletic commission Tuesday to protest against the granting of a permit for a bout between Jack Dempsey and Luis Angel Firpo, on September 14.

Mullins says he regarded the Dempsey-Firpo match as an evasion of a challenge posted by Wills more than a year ago.

He declares he will point out to the commission that he has long been promised a bout with the champion.

OFFERS MADE FOR DEMPSEY-FIRPO BOUT AT TIJUANA

SAN FRANCISCO, July 31.—James W. Coffroth, racing promoter at Tijuana, Mexico, has offered Jack Dempsey \$100,000 and Luis Angel Firpo \$150,000 for a championship prize fight in Tijuana on some date before the opening of the racing season in November, according to a telegram received from Coffroth Monday by Thomas Mulvey, secretary of the superior courts here.

Coffroth was engaged in fight promotion here before going to Tijuana as president of the Lower California Jockey club and stage many championship battles.

Old Timers Canning

CLEVELAND, July 31.—"Cy" Young, the only pitcher to win 500 games, showed Sunday that he had lost none of his cunning, when, pitching for a team of old timers of the Cleveland major league clubs of Saturday, he struck out two men and allowed only one hit in two innings he was on the mound. He also got one of his side's five hits. Chief Zimmer, who caught "Cy" more than a decade ago, did the receiving. The Sand Lotter, won it to a Nap Lajoie, considered by many the greatest second baseman the game has ever known, and Mill Schwartz, who played third base, got two batters. Other former major leaguers participating included Earl Moore, no-hit pitcher who was Cleveland's ace 20 years ago; Charley Smith, Homer Davidson, Larry Twitchell, Charley Hickman, Red Garney, Nick Altrock and Jack Graney.

The game, a five inning exhibition for the benefit of the medical protective fund of the Cleveland Amateur Baseball and Athletic association, intended to be used in the event of injuries to sand lot players and umpires, was attended by approximately 20,000 persons.

Sawmill Operator Fined

ST. HELENS, Or., July 31.—Not heeding repeated warnings of the fire warden to install proper fire protection around the fire pit at his sawmill several miles west of Heister, P. Gilt was arrested by Roland Masten, law enforcement officer of the Oregon Forestry department. He had a hearing before Justice of the Peace Stora Saturday and was fined \$25 and costs and enjoined from operating his mill until the necessary fire protection wall was built around the fire pit.

Desert Crossed by Fish

MEXICALI, Lower California July 31 (AP)—Mullet, of which fish there are great schools in the waters of the Gulf of California below the Colorado river delta, are now being transported alive in tank trucks over the intervening 125 miles of arid desert, and reshipped from here by express to the various fish markets of the country. Sea bass, weighing from 125 to 200 pounds, and turtle tipping the scales at from 200 to 500 pounds, are to follow in their season.

Ice Cream an Early Outlaw

LONDON, July 31 (By Mail)—England does not have to contend with prohibition but, according to the ideas of the Ice Cream and Temperance Refreshment Trades Federation, the regulations against the sale of ice cream and soft drinks would make Mr. Volstead envious.

Under the present law the sale of this class of refreshment is prohibited after nine thirty in the evening. The bone of contention is that the West End Clubs and hotels are allowed to sell ice cream until midnight, while the working classes cannot buy it after half past nine. The regulation was enacted as a wartime measure.

The Federation will urge the Labor Party to place the matter before the House of Commons.

Scene During Championship Bout—Dundee and Criqui

Here is pictured the fighting face of Eugene Criqui, the Frenchman who less than two months ago took the world's featherweight championship from the veteran title holder, Johnny Kilbane. His back to the camera, Johnny Dundee, American challenger, is shown battering the slipping champion in the sixth round of a 15-round fight at the Polo Grounds, New York, in which Dundee won the decision and the championship. Criqui, already knocked down several times, had rushed Dundee to the ropes, only to be driven back.

Americans Get Important Work On Reparations

PARIS, July 28.—While the United States government has limited its activities in the reparations embargo to an official observer, and since the Versailles Treaty has watched the problem as it became more intricate day by day, there has been a little group of Americans here for the past four years who have taken anything but a minor part in the vast work of the reparations commission.

This unheralded little group constitutes the staff of accountants with the commission, and is headed by George Auld, formerly an officer of the United States navy, who holds the post of Accountant General. He is responsible directly to the commission for the completeness and accuracy of all financial records having to do with the receipt and disbursement of money and commodities handed over by Germany.

The position of Mr. Auld with the commission is entirely individual, as he has no connection with the United States or any other government. His staff of about 20 Americans comes under the same classifications.

The task of the accountancy department is one of the most difficult of the commission's work. To strike its daily and monthly balances, it must deal with ships, livestock, abandoned war materials, rolling-stock, coal and coke, dyestuffs, and a score of other commodities, as well as the actual cash payments of German gold marks. When the balance sheet has been tallied, it is necessary to render the totals in marks, pounds, francs, lire and dollars. The commodity valuations have been made in nearly all the currencies of Europe, as well as in dollars.

When currency payments are made, they are immediately converted to gold through the dollar rate, with roughly four marks equaling one dollar. The accountancy department receives the New York exchange rate for 20 or 25 countries by cable each day, and with these rates as a basis, daily, weekly and monthly parties between the various currencies are established. At the end of each month a complete report is made, showing the amount Germany has paid to date, and how it has been distributed among the Allies.

Much of this work is done by the American staff. One computes the value of coal from the Ruhr, another determines the worth of livestock in francs, dollars and pounds; another

to an intelligible report, showing that Germany had turned over to the Allies a grand total of \$1,382,000,000. Of this sum \$454,000,000 was in cash; \$889,000,000 in commodities, and \$639,000,000 in state properties of ceded territories.

The ships she had parted with included two and a half million gross tons, valued at \$177,000,000. Of rolling-stock she had delivered 4,552 locomotives and 127,000 wagons, worth \$207,000,000. The livestock included 529,000 head, exclusive of poultry. This was given a valuation of \$40,000,000. The coal, coke and lignite delivered exceeded 48 million tons, worth \$237,000,000, the dyestuffs totalled 25,000 tons, valued at \$15,000,000, and the miscellaneous commodities, too numerous to classify, were determined to be worth \$134,000,000.

The selection of Mr. Auld to head the important accountancy bureau of the reparations commission was made after he had spent several months in Paris as assistant financial advisor to the Peace Commission. Although only 42 years of age, he had served a number of years in the United States navy, and was given the task of organizing the cost and financial control maintained by the navy department in about 100 large industrial plants doing work for the government before the Armistice. When asked to take a post with the reparations commission, he resigned from the navy to accept.

The inter-allied accountancy organization now has bureaus in Berlin, Essen, Weisbaden, Budapest and Upper Silesia. The Paris staff consists of about 100 persons, made up of Americans, French, English, Italian and Belgians.

The commodities section is headed by W. L. Quillman of Cohoes, N. Y., formerly of the U. S. Army Liquidation Board in Paris. The bureau at Essen and Weisbaden are in charge of E. W. Erue, formerly in the accountancy department of the Pennsylvania railroad. The branch set up at Berlin to handle the task of re-evaluating German war material sold for reparations was until recently directed by Captain Oliver K. Badgley of New York.

Another American with the commission is Royall Tyler of Boston, in charge of the personnel department under the General Secretary. He also acts as advisor to the commission when matters arise concerning the art treasures of the late Austro-Hungarian monarchy, upon which the reparations commission has first lien. Mr. Tyler's chief assistant in the personnel department is L. J. Nocharny of New Orleans.

Heading the dyestuffs bureau of the commission is Reginald Norris of Oregon, who has superintended the sale of some 3,000 tons of German dyestuffs to the American Textile Alliance on the commission's account. Gay E. Greer of Kentucky is second in the important coal bureau of the Commission, the chief of which is an Italian.
