FORMER PREMIER LEAVES HUNGARY
(By I. N. S.)
BUDAPEST, Aug. 1.—It is not often that a European who has been Prime Minister of his own country goes to the New World to live. Count Karolyi, former Premier of Hungary, however, has turned his back on his native land and has taken his family to Canada, where he expects to make his future home. To friends in his native land he confided: "I go to Canada with great joy, so that my children may be educated on English lines."

There are places in Mexico where it never rains, which should be imported for picnic grounds.

kept for 25 years and then sold. That was twenty years ago. With the passing of the plaque the tradition faded, and only lately was it revived when one of the new proprietors expressed his wish to recover the little red clay panel.

Britain Unites the Empire—LONDON, July 12 (By Mail)—During the war Great Britain seized a German submarine cable running from Emden to the United States, and at the conclusion of hostilities England and the other diverted to Halifax.

Today at Halifax the wire joins the telegraph system which extends from Halifax across Canada to Vancouver and thence under the sea to Fiji, Norfolk Island, Australia and New Zealand.

As a result, messages can now be sent from London to the Antipodes in 30 minutes. Thus are the far-flung parts of the British empire held together.
