### OFFER DEMSEY BOAT WITH COLORED BOXER

NEW YORK, Aug. 2.—Harry Vermer and Clayton Flaherty, boxing promoters, today deposited with a bank a check for \$50,000, which they said would be given to Jack Dempsey if he would meet Harry Wills for the heavyweight title before battling Luis Angel Firpo. The promoters declared they had an option on an arena in Greater New York that would seat 20,000 persons.

### JOE GORMAN BEATS LOS ANGELES BOY

LOS ANGELES, Aug. 2.—Joe Gorman, 125-pounder of Portland, defeated "Speed" Itanles of Los Angeles in the main event at Vernon arena last night. "Red" Cole, New Orleans heavyweight, won a decision over Joe Layman of Los Angeles in the semi-final.

### SMITH SHADES MONTREAL

AURORA, Ill., Aug. 2.—Harold Smith of Chicago shaded Young Montreal of Providence, R. I., in an eight-round boxing match here last night, in the opinion of newspapermen at the ringside. They fought at 115 pounds. Ed Herman of California knocked out Billy Stearns of St. Paul in the third round of a scheduled six-round mill, the men fighting at 145 pounds.

### Oregon Wreath Landed

SALEM, Ore., Aug. 2.—James O'Shaughnessy, chairman of the revolutionary soldier's burial committee at Tuckahoe, N. Y., has written Governor Pierce that a wreath contributed by the state of Oregon for use in decorating the grave of an unidentified soldier who fell during the world war, was the most beautiful of any contributed by the various states of the union. The ceremonies were held at Tuckahoe.

### Gray Hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

### TOLEDO MANAGER RESIGNS

TOLEDO, O., Aug. 2.—George Whitted, manager of the Toledo association baseball club, presented his resignation to President Roger Bresnahan yesterday. The poor showing of the club was given as the reason in a letter to Bresnahan. First baseman William Perry was named manager.

### CRUISE WANTS CHANGE

NEW YORK, Aug. 2.—Eugene Crutcher, who recently lost the world's featherweight title to Johnny Dundee, will sail for his home in France tomorrow, accompanied by his manager, Robert Eudeline.

### Need More Water.

(By Associated Press)  
 SPOKANE, Wash., Aug. 2.—If America could loan Australia a few of her second-hand lakes or rivers, Australia would be much better off, according to observations of H. S. Cusack of Sydney, Australia, who is touring this country by automobile. "Lack of available water supply in our country is the only thing holding back agriculture," he said here on passing through. "We have no snow-capped mountains that insure constant supply. Touring your country it was gratifying to see we were never out of sight of such snow-capped peaks from the time we left Portland until after we left Trinidad, Colo., eastward on the Santa Fe trail."

### Put Them on Logged-off Land.

(By Associated Press)  
 SPOKANE, Wash., Aug. 2.—Plans are under way for the establishment of a large colony on logged-off land north of Spokane. At a recent meeting of the executive committee of the Columbia Basin Irrigation league at Davenport, Wash., it was stated that the plan, which is being carefully worked out, may eventually establish some three thousand families on farms near the northern boundary of Spokane county. Many of these settlers, it was said, probably will be Russian immigrants.

### Handed Big Tonnage.

(By Associated Press)  
 SPOKANE, Wash., Aug. 2.—The Washington Wheat Growers' association this year handled four times the wheat tonnage it handled last year, according to estimates made last week by association officials. "This is the third year of organized pooling," Secretary A. C. Adams reported. "The first year we sold over seven million bushels of grain for the farmer. Last year we dropped to a little more than a quarter of the first year's business. This year we expect to handle around nine million bushels of grain and I believe we will need around six million dollars to finance the transactions."

### Dogs Best Protectors.

(By Associated Press)  
 MOSCOW, Ida., Aug. 2.—A good pack of dogs affords the best protection to deer and other game animals and birds, according to Ross Greer, rancher, who has run hounds in Latah county for the past twelve years and claims thereby to be responsible for the destruction of many hundreds of predatory animals.

Since the dogs have been waging war on the coyotes, Mr. Greer says, there are from five to ten times as many deer in the territory. In a recent report to the state game warden, he gave 40 as the average num-

ber of coyotes, bobcats and lynx killed each year by the dogs. In addition to an occasional bear. With "Jap" Burden, another pioneer rancher, Mr. Greer keeps the dogs primarily for the protection of stock and poultry, which he says fall victim to the same foes as do game birds and animals.

### Tears Are Amiss in Business.

NEW YORK, Aug. 2. (AP)—Women to succeed in business must learn to dress comfortably without losing the charm of their sex, and to take correction from the boss without weeping, according to Mrs. Alice Foster MacDougall, New York business woman.

Mrs. MacDougall, who predicted recently that within a century women will be "doing all the business," said that the observance of a few simple rules would hasten the time when they would take over such control. Other suggestions were: "Discuss abstract questions without making personal application of everything that is said."

"Stick to agreements without squirming if you are getting the worst of it."  
 "Say 'no' at the right time."

### Farm Hand is Suicide.

OREGON CITY, Ore., Aug. 2.—The body of Frank Wainwright, 45, a farm hand, was found hanging from a tree on the Rusk place near Milwaukie, this afternoon. Acting Coroner Noble, who investigated, said Wainwright had committed suicide.

Wainwright had been employed for eight years on the Chester McLaughlin farm near Milwaukie. About a week ago he appeared to be worried over finances and asked leave to go to town. He dressed in a new suit and went to Milwaukie. He did not return. A bank book, showing a balance of \$170 was found on the body. No inquest will be held.

## Quart of Water Cleans Kidneys

Take a Little Salts if Your Back Hurts, or Bladder is Troubling You

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys may act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

## Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided, after years of careless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded the way it came that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenbu, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenbu with the understanding that if the first bottle does not show the way it can be a recovery he will gladly return your money without comment. Red Cross Drug Co. will supply 300. Mail orders accepted.

F. L. LILLY  
 Main 756

Deputy Warden Quits.  
 SALEM, Ore., Aug. 2.—R. E. Mantor, who accepted the position of deputy warden at the state penitentiary soon after the advent of the Pierce administration, has resigned, according to announcement made today by Johnson Smith, Warden of the institution. Illness was given as the reason for Mr. Mantor's resignation.

Mr. Mantor will be succeeded by J. W. Lilly, former sheriff of Gilliam county. Mr. Lilly has served as principal keeper at the prison for the past two months. Who will succeed Mr. Lilly has not yet been determined by the warden.

It was reported today that Warden Smith had a heart-to-heart talk with the convicts in the prison Saturday night and pleaded with them to obey the institution rules and maintain discipline.

They are removing the heating plant from the White House, probably on the theory that the country usually makes it hot for the occupant.
