USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night

For unsightly skin eruptions, rash or blotches on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

Twisted Cords

Running through the telephone cord are a number of delicate, flexible wires.

"Kinks" are formed when this cord is allowed to become twisted, and some of these wires may be bent or broken.

This means a "noisy" telephone line. You cannot hear or be heard as well. In fact, a twisted cord may cause a complete interruption of your service.

Keeping the telephone cord straight will give you greater satisfaction in the use of your telephone.
