SHERRYS LAST SHOWING TODAY

"The Exciters" greeted by Enthusiastic Audience.

The Paramount picture, "The Exciters," co-starring Helen Dandies and Antonio Moreno, opened successfully at the Sherry Theatre yesterday, where it was greeted by a large and enthusiastic audience.

The story is a mile-a-minute tale of a mile-a-minute girl, for Ronnie Rand, portrayed by Miss Dandies, was born on an express train traveling 60 miles an hour. This dismayed her Aunt Veronica, who predicted that Ronnie would be marked sure as fate, but she wasn't and she wasn't even scratched in her many daring escapades. Speed is her mania.

In order that Aunt Veronica's money should remain in the Rand family, Ronnie is required to marry before reaching the age of twenty-one. One day, she is injured in an airplane crash and she meets Pierre Martel, played by Antonio Moreno. He carries the injured girl to safety and wins her heart. But let her be a crook. Not until after the wedding ceremony does the girl discover this, and then—divorce? Pierre, acting by order of his confederate demands the huge sum for the annulment of the marriage, but is only chided by Ronnie. Would he sell his wife? Then comes a smashing climax.

In the supporting cast are Burr Mitchell, Diana Allen, Cyril King, Bigelow Cooper, Ida Darling, Jane Thomson, Allan Simpson, George Backus and others. The story adapted by John Colton and Henry Levien, was directed by Maurice Campbell.

Same Old Story But a Good One.

Mrs. Mahala Burns, Savanna, Mo., relates an experience, the like of which has happened in almost every neighborhood in this country and has been told and related by thousands of others, as follows: "I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the same complaint three or four years ago and a few doses of this remedy cured me. I have recommended it to dozens of people since I first used it and shall continue to do so for I know it is a quick and positive cure for bowel troubles."—adv.

"I'LL SAY HE WAS !!!"

came through Moscow on his way to Warsaw to marry there a lovely Polish girl who had waited for him two years. They had met when he was with the American Red Cross and she a nurse on the Polish battlefields against the Russians.

"I'll be back in ten days; save a room for us at the hotel," the American said blithely and confidently as he left Moscow.

Six weeks later he returned, with his bride, having miraculously untangled miles of red tape and overcome, with the assistance of every official, Polish and American alike in Warsaw and Moscow, obstacles that left both bride and groom tired to enjoy a honeymoon.

In Poland a woman automatically takes on the citizenship of her husband and, therefore, should lose her Polish passport. American rules, due to the new law, prevent consuls from passing foreign wives' pictures on husbands' passports. One cannot enter Russia without a passport and it is particularly difficult for a Polish subject to secure a visa to enter

Russia at all. American law required this couple to have two passports, his American, her's Polish. Polish law and the Russian difficulties in the way of Poles entering, required them to have one, and this American.

Finally the young man prevailed upon the Polish authorities to give his wife a Polish passport, and upon an American consular official to give him a letter stating the couple had been legally married, although the bride was not an American citizen. The worried bridegroom pasted his wife's picture on the letter, attached the letter to his own passport, and finally got through.

Hot Weather Disease.

Disorders of the bowels are extremely dangerous, particularly during the hot weather of the summer months, and in order to protect yourself and family against a sudden attack get a bottle of Chamberlain's Colic and Diarrhoea Remedy. It can be depended upon. Many have testified to its excellence.—adv.

HEARTLESS LAWS ARE A HANDICAP

MOSCOW, July 16 (By Mail)—When the American Congress passed the law annulling the previous rule that a foreign woman automatically became an American citizen by marrying an American, it put Herculean difficulties in the path of Dan Cupid in the document cursed countries of Eastern Europe most frequented by a certain fine type of young American men at an age when they are very susceptible to pretty foreign girls and matrimony.

The American Relief Administration, the Near East Relief, the Y. M. C. A. and other organizations which since the war have conducted relief operations in Poland, Austria, Greece, Russia, the Balkans and the Baltic states, sent hundreds of young Americans, mostly former army officers, into cities noted for their charming girls.

Before the law became effective last September, marriages of Americans to these girls was relatively easy, although even then it involved juggling into records for documents, more documents and still more documents. Once this was accomplished however, all the young American had to do was to go to the nearest American consulate, have his wife's photograph pasted on his passport, and, if he was ready, could take her home an automatic American citizen and show her proudly to his folks.

But today things are different. A few weeks ago one young member of the Near East Relief mission in Armenia got a brief vacation and

Twisted Cords

Running through the telephone cord are a number of delicate, flexible wires.

"Kinks" are formed when this cord is allowed to become twisted, and some of these wires may be bent or broken.

This means a "noisy" telephone line. You cannot hear or be heard as well. In fact, a twisted cord may cause a complete interruption of your service.

Keeping the telephone cord straight will give you greater satisfaction in the use of your telephone.
