"ARK THE ENVELOPE" AND KNOW THE TRUTH ABOUT

Some fellows ride through life on the patent medicine theory. Plenty of talk, a fancy label, and mighty little incrowdness. Too much talk and not enough work. Some used cars follow this rule pretty closely. Lots of Egyptian paint, words of salomon's smooth talk — and then she is ready for the market. Our policy is right-abouts-face from this practice. We start in first with the stuff that makes for satisfactory transportation. Mechanical perfection first and then price. We put the proof in the Envelope and attach it to the car. This puts an end to all wild and exaggerated claims by salesmen. Proof is all that interests you, and that's what we furnish.
