Fraternal Congress Plans Broader Scope

FRENCH LICK, Ind., (A. P.)—Greater expansion of the fraternal congress' activities and legal problems concerning the regulation of fraternal societies, insurance readjustments, rates, float work and additions to the privileges of insured members, will be discussed at the twenty-fifth annual congress, to be held here August 27-30. Delegates representing virtually every fraternal society in the United States, with an aggregate membership of more than 5,000,000 and insurance benefits of \$50,000,000, will attend according to W. B. Shirley of Murfreesboro, Tenn., national vice-president. James J. Davis, secretary of labor, will be the principal speaker, according to the program, his address being "Fraternalism, Immigration, Nationalization and Labor." Other prominent speakers announced are Gov. Warren T. McCray of Indiana, Harry Arthur Hoff of New York, U. S. Senators Hatcher and Watson of Indiana, and Harnes Pearson of St. Louis. "Our expansion program will include cooperation with the community, state and nation for the promotion of better citizenship, extension of philanthropic work to care for the aged, sick, indigent and orphaned, more attention to the social features of local lodge work and encouragement of a greater spirit of cooperation and fraternity among the organizations comprising the congress," Mr. Shirley said. The congress was organized 25 years ago and is the central representative body of nearly all the fraternal insurance societies in the country. It is said, assets of the societies are invested in bonds, the money from which is used to erect school houses, build roads and streets and other public improvements and also in farm mortgages for the development of agricultural districts. MANY VISITORS IN ELGIN NOW

ELGIN, (Special).—J. L. Hindman is in Elgin this week on a business trip, looking after his many interests here. He is also meeting old friends and although he has made his home in sunny California for several years, he still feels that he belongs to Elgin. He is visiting at the home of his brother, "Friso Bill" Hindman of the flat. He is accompanied by his wife, daughter and son-in-law. Claude Hollbrook, who is now employed at the County Sheriff's office in La Grande, spent Sunday at the W. E. and Dornal Hug families. Mr. and Mrs. E. O. Wilson, Miss Fay Wilson and Mrs. S. S. McNaughton left early Friday morning for Spokane. The Wilsons expect to be gone for several weeks, and Mrs. McNaughton will spend the remainder of the summer with her daughter there. Glen and Harjo Barson returned Saturday evening from the summers work in various parts of California. They made the trip in their Ford and experienced the worst heat of the trip about thirty miles from La Grande. They burned out a bearing and had to leave their machines in La Grande till repairs could be made. Glenn Hill, whose home is in Teton, Idaho, but who has been employed during the summer months at Elgin, spent Friday night in Elgin. He is a nephew of L. E. Hill. Mr. and Mrs. Zora Weiss and Earnest Weiss set out Monday by automobile for a journey which will take them to Klamath Falls. They expect to stop on the way and will visit the Walter Barrett family near Pringle City, Mrs. Weiss' brother. They will give the time to view Crater Lake and other points of interest. Mr. Weiss has been employed to teach in the high school at Klamath Falls this year. After arriving there, Ernest will go on to Corvallis where he will teach at the O. A. C. Mr. and Mrs. C. D. Hartman were overnight visitors at the Lynn Hill home Wednesday. Mrs. Hill returned to La Grande with them Thursday. The O. W. employee picnic held in Elgin city park Saturday was a decided success although there was but a small attendance as compared with former picnics. Mr. Hazelbush Murphy of Twin Falls, Idaho, has been visiting for several days at the home of his sister, Mrs. Joseph Scott, of Mount Pleasant. Mr. Murphy was at one time an Elgin resident and where the patient was helped. Mrs. Chet Hartley and son Alvin, drove to Elgin Monday and spent the day at the home of Ed Hartley and the Ben Deloris home. They report a heavy fall of rain during the day there. The rain that fell in Elgin Sunday night caused the ground to be stopped for a day or two. Mr. and Mrs. Lloyd A. Chandler of La Grande attended the O. W. Home Saturday and were also called to the

RHEUMATISM

LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours. Every druggist in this country is authorized to say to every rheumatic sufferer that if a full pint bottle of Alferin, the sure conqueror of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinges of rheumatic pain, he will gladly return your money without comment. Alferin has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless. Mr. James H. Allen, the discoverer of Alferin, who for many years suffered the torments of acute rheumatism, declares to all sufferers to know that he does not want a cent of anyone's money unless Alferin decisively conquers this worst of all diseases, and he has instructed druggists to guarantee its advice in every instance. Fred Cross Drug Company will supply you. Mail orders accepted.

They don't answer

When the telephone operator says, "They don't answer," it is after a strenuous endeavor to get your party. She cannot compel an answer. The party called may be unwilling to leave a particular household duty—may be in another part of the home beyond closed doors—may be indulging in a nap, or may be sleeping. Strange, but true, calls are sometimes designedly unanswered. Telephone records show that the great majority of "don't answer" reports come from residence calls. In business where it is a matter of dollars and cents, it is always the assigned duty of some one to be within sound of the telephone bell. "They don't answer" is the statement of a situation absolutely beyond the control of the telephone operator.

HOLSTEIN SETS 3-YEAR RECORD IN PRODUCTION

CHICAGO, (A. P.)—Adirondack White Dairy, a pure bred Holstein owned by the Bridgford Holstein Company, Patterson, Cal., is the only cow in the world which has produced more than 1,000 pounds of butterfat and 30,000 pounds of milk in three consecutive years, according to a recent announcement by the Holstein Friesian Association of America. "Adirondack" has just completed a yearly semi-official test with a record of 31,558.9 pounds of milk containing 1,014.47 pounds of butterfat, the announcement said for a total production in three years of 97,882.8 pounds, or more than 48,000 quarts of milk and 2,136.84 pounds of butterfat. The latter is equivalent to 2,982.4 pounds of butter, or equal to the production of eight average dairy cows for the same period. The animal was not placed on yearly test until she was eight years of age, the statement said. Within two months after finishing her first long

(time test she freshened and immediately was started on her second 365 day performance. Two months after completing the second test she bore twin bull calves and then proceeded on the third test which has just been concluded.
