Carr Furniture Co. Leases Warehouse and Will Add Large Exchange Department.

Charles Roehm, of the Carr Furniture company, left Saturday night for Portland to spend a few days purchasing a large stock of merchandise to stock the Exchange department which the company is inaugurating.

Warehousing space in the Bunting warehouse on Jefferson street has been leased which will enable the basement of the company's retail store to be utilized for furniture, giving three full floors for retail operation.

"We will open this department about October 15th," said J. J. Carr today, "and we expect to make it a department of exceptional service to this community. Two other retail furniture and housefurnishing stores treat the exchange department as an adopted child giving it little or no attention. It will be different with this company for we realize there is a growing need for such an institution in this territory."

NEW FIRM OPENS FOR BUSINESS

La Grande Brokerage Company Has Retail Store and Will Wholesale Implements.

La Grande as the warehouse supply point for all of Eastern Oregon from Pendleton to Ontario, is the way J. W. Francis describes the new institution which began business here this morning. It is his belief that the Moline Plow Company has established a wholesale warehouse here to supply the district and that the La Grande Brokerage company will have charge of the Moline business and at the same time do a general warehouse business. In conjunction with this the company has leased the corner room owned by the Union Motor company on Fir and Jefferson streets and opened up a line of furniture and housefurnishings. A. G. Williams, will be the local manager for the company.

Mr. Francis left last evening for Portland to attend a meeting of the Moline machinery dealers and expects to return Tuesday when he will announce further plans.
