Rheumatism

Cannot Exist in the Human Body If You Will Use Trunk's Prescription

It is preposterous; in fact it is a shame to suffer with inflammatory, muscular, sciatic or any form of Rheumatism.

This Prescription does not ruin the stomach, it does not depress the heart. Eat all the meat and good food you wish while taking Trunk's Prescription. Contains no mercury, salicylate soda, oil wintergreen or narcotics, but positively overcomes any kind of rheumatism or gout on earth. What more do you want? There is nothing just as good, and it is impossible to get something better. The greatest uric acid solvent known and also a superior liver medicine.

Trunk's Prescription sells for $1.75 or 3 for only $5.00 at drug stores.

Fashion Notes

Blouses of Crepe Marocain.

Paris.—Blouses of crepe marocain, lighter in shade than the rest of costume, are in high favor toward the back rather than toward the front, and sometimes have a little shoulder cape attached.

Fur Trimmed With Fur.

Paris.—Fur nowadays is trimmed with fur, and the effect is beautiful. A Hudson seal cloak, for example, has a wide border of Persian lamb or a pink, or even—in a sort of flounce design—of fluffy fox.

Confetti Patterns.

London.—Confetti patterns, which are just as bizarre and bright as the name implies, are being printed on thin silk or gauze material. These materials are used for flouncings, cuffs or girdles on costumes of heavier textiles.

Pointed Shoes Again.

London.—Shoes have become rather pointed again. Dress shoes invariably have long, narrow toes, although the heels need not be very high. Even sports shoes incline toward a narrower toe.

Tunic-like Evening Gowns.

New York.—Many of the new evening gowns shown here today are little more than a long tunic, caught at the waistline by a jeweled flower, placed over a costume with a dazzling pattern in brilliants.

Slight Rosy Cast.

New York.—Many of the hosiery shades just now have a slightly rosy cast, which whatever shade the name may be. The tints today are rose wood, rose beige, chestnut, silver, tortoise shell, old rose and gray.

Black Tams for Girls.

New York.—Tam o'shanter hats for little girls are made of black velvet today, like those for grown-ups. But the little girls have a stenciled pattern as an extra added attraction.

MAH JONGG

(By Mrs. A. G. Conklin)

The new game Mah Jongg so popular just now, is found to have been the Mandarin's game in the early days in China, but its fascination was such, that it was played secretly by all ranks of Chinese, and was never played openly by the lower classes, until after one of the fateful uprisings of the Orientals, when in their peace treaty the rulers conceded them the right to play Mah Jongg. In the early day the titles or cards were made of the finest ivory, but as the game became more universal, bone was used in its construction but even then bone sets are rated so high that they are only within the reach of the wealthy. So today, thanks to the ingenuity of the American, there is a seta on the market made of cardboard. There are many games played with these magic titles and the one in common use today bears the same relation to the early game of Mah Jongg as "Craps" played down in the nigger quarters, bears to the ancient aristiocratic game of Whist.

Protection

Women who choose high shoes through necessity are not the only ones who should wear them. Everyone should have at least one pair for shopping or walking on blustry, wet Fall days.

And many have learned that alternating them with low shoes prevents enlarged ankles.

Famous French Recipes

(By Alice Langelier)

Priest's Omelette.

Paris, (I.N.S.)—Omelettes come in all the 57 varieties and then some in sunny France, and each one tastes better than the one that went before.

"Priest's Omelette" calls for fish. Wash well a small piece of fresh carp and blanch for five minutes in boiling salt water with a piece of tunny fish the size of a small egg. Add a little shallot and chop together. Put into a large bowl with a good piece of butter. Turn and stir well the mixture until the butter is completely melted. This is the turning point of the omelette and upon it depends its success. Mix the minched fish with six eggs well beaten and make an omelette in the usual way. After cooking fold it over and serve with a sauce composed of butter, chopped parsley and lemon juice.

Another La Grande Case

It Proves That There's a Way Out For Many Suffering La Grande Folks.

Just another report of a case in La Grande. Another typical case. Kidney ailments relieved in La Grande with Doan's Kidney Pills.

E. L. Bussey, 1469 Monroe avenue, La Grande, says: "I have been subject to kidney complaint at times, particularly when a cold settled in the lower part of my back. Severe pains annoyed me and my kidneys got out of order. I started the use of Doan's Kidney Pills and from that time on I have had something on which I could rely. Whenever I am bothered, it only takes a short use of Doan's to set me right and now I am perfectly free from kidney trouble." (Statement given November 29, 1912.)

On May 6, 1920, Mr. Bussey said: "I know there is nothing better for kidney complaint than Doan's Kidney Pills. If I have the least sign of kidney complaint a short use of Doan's is sure to give me prompt relief."

THE UNIVERSAL CAR

New Roadster

Business men—with whom the runabout has always been very popular—are well pleased with the changes embodied in this model.

Always rugged, the car has been made decidedly trimmer and more comfortable.

This result is obtained by raising the radiator and enlarging the cowl; making a decided improvement in looks and providing more leg room.

A well designed top and slanting windshield do their share toward adding a finished, clean-cut appearance.

Make it a point to see the other new models also on display in our show room.

These cars can be obtained through the Ford Weekly Purchase Plan.

The Costume Complete

"That Holy Feeling of Being Perfectly Dressed"

That serene consciousness of perfect line from coiffure to toe-tip, of harmonizing colors from hat to hose! More than anything else, it contributes to one's poise. The woman with a large dress allowance misses it if she shops haphazardly. The woman of taste and judgment achieves it at a much smaller cost by planning each detail of each costume, and selecting her garments and accessories at Putman's Store—the shop that offers the right thing at the right time.

HOW SOLDIER DISPERSED ATTACKS

"For two years my stomach trouble was very bad, my doctor had to inject morphine on several occasions when I was stricken with these attacks. Since taking 4 bottles of Mayr's Wonderful Remedy I have been entirely well and am serving in the artillery, having been pronounced in perfect health by government physicians." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—Adv.
