## Americans Hunting Gold Brave Rigors of Siberia

VLADIVOSTOK, (AP)—Up in northern Siberia, several miles inland from the little town of Ustka, a band of Americans are "panning" the river beds for gold as their fathers did in the California and other mining camps of the west 70 years ago. Last winter there were 35 of them, came out this year and all will not return. They have not made any big discoveries, such as those which caused the rush to the west from the east, but they have had a good living and have always before them the dream of riches which, through centuries, has kept prospectors at their calling.

There is also a large number of Chinese and Korean placer miners in the country and lately, an entirely new undertaking for them. Japanese have been taking a hand in the river panning work. Some of the latter have more than 100 miles inland and the miners along the coast are awaiting eagerly the reports of their discoveries, if any.

There is also an American trading station at Ustka, the manager of which is Captain D. A. Holmes, formerly of the United States army. Besides supplying the miners and natives, this station engages in the fishing industry and sells the catches to the Japanese cannery.

The Soviet officials, who are in control, do not interfere with the miners, fishermen or traders so long as they do not mix in Russian politics. Thus far no taxes have been levied on the miners, who work any and all claims despite the fact that a concession for mining in this district was given a British company.

It is Canadian and Englishmen who help Uncle Sam enforce prohibition, he might, as a last resort, appeal to Americans.

You must expect men to act that way in time of trial. It is hard to keep a pretty straight when it is going backwards.

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!
