Take a look at Sporting Goods Windows during Remington Sportsmen's Week October 15th to 20th.

THIS week, hardware and sporting goods dealers here in town and the Remington Arms Company are working together to help you and every other sportsman look around and enjoy yourselves.

Dealers are making special displays in hunting and camping equipment; Remington Fire Arms, Ammunition and Cutlery.

These displays are unusual. They are special. They are worth going out of your way to see. Don't miss them!

The New Remington Game Loads

Be sure to see them—the biggest advance ever made in loaded shot shells. Produced as the result of important Remington discoveries about powder. There is a Remington Game Load for every kind of game in this locality. Each one is loaded to give safe and uniform velocity, pattern and penetration—the right shooting quality for that particular kind of game.

The load pictured above is the Remington Heavy Duck Load. It comes in 12-gauge with either No. 4, 5 or 6 Shot and in 20-gauge (the hard hitting 2 1/2" shell) in No. 6, 7 or 7 1/2 Shot. The velocity, pattern and penetration are right for big ducks, and for long range shooting when they are flying high. Sure and safe!

Remington Game Loads are loaded in the famous Nitro Club Wetproof Shells. Here is the complete list:

- | | | |
|-----------------|-------------|---------------|
| DUCK LOAD | RABBIT LOAD | SQUIRREL LOAD |
| HEAVY DUCK LOAD | QUAIL LOAD | SNIPER LOAD |
| GOOSE LOAD | GROUSE LOAD | DOVE LOAD |
| BUCK SHOT LOAD | TRAP LOAD | |

Powder varies—Remington Game Loads do not!

Remington Metallics

The first successful metallic cartridges ever made were produced by Remington 65 years ago. Practically every betterment in rifle and pistol ammunition has been invented and developed by Remington. Dependability and accuracy make Remington Cartridges outsell all others.

Remington Hi-Speed Rifle Cartridge. In .25, .30 and .32 calibers for nearly every standard rifle. Flatter trajectory, greater accuracy, and killing power never before approached.

Remington .22 Long Rifle "Palma" Cartridge. Beyond question the most uniform small bore ammunition ever developed. The super-accurate .22 long rifle cartridge.

Remington Leamok .22 Long and .22 Short. With the new Remington primer. Developed to give the owner of the .22 a dependable sure-fire load.

The Remington Autoloading Shotgun—12 Gauge. The first hammerless autoloading shotgun ever produced.

The Remington 12 Gauge Pump Gun. The favorite repeating shotgun of America.

The Remington 20 Gauge Pump Gun. The most powerful and effective gun of its weight. Chambered for 2 1/2" shell.

The Remington Model 14 High Power Hunting Rifle. The only factory made high power rifle made. Chambered for .25 Rem., .30 Rem., or .35 Rem. Cartridges.

The New Remington Model 25 Slide Action Rifle. In .25—20 W.C.F. and .32 W.C.F. Calibers.
