They stopped at Echo as guests at the Coney ranch.

RAISES FLOWERS AND IS HAPPY

MERKEGON, Mich. (AP)—Believing that the greatest service any person can give to his fellow man is that of spreading cheer and happiness, A. H. Allen, the largest producer of gladioli in western Michigan, has concentrated his life in the raising of flowers for free distribution and public buildings in order that he may extend his message of human kindness to all who look upon his offerings.

About 15 years ago Mr. Allen became imbued with the idea of serving humanity. Always a lover of flowers, he decided to use them as his medium for showing his love for others.

The Allen farm has 11 acres devoted to the culture of gladioli. During the flowering season, the tract is a riot of every color and color combination conceivable. In all there are 97 varieties of this popular flower, each with its distinctive coloring and its own characteristics.

Mr. Allen, during the flowering season, comes down town each day with a supply of blossoms, makes his rounds, and leaves bouquets at the hospitals and in other places where he believes they will be appreciated.

"The sight of flowers is the greatest tonic for persons who are ill or discouraged that the world ever has produced," Mr. Allen said. "I have proof that flowers do speak a language of gladness. Every morning when I come into Muskegon with an armful of flowers strangers speak to me on the street. After I have delivered the blossoms and am about to go, I can pay an attention to me. It was the flowers that the strangers spoke to before."

On the Allen farm this year are 129,000 gladioli bulbs in blossom. The grower is at work on several new varieties, several years being required to develop a new variety.

TWO SHOP FRONTS BEING REPAINTED Jones and Babone, located on Depot street near the L. & N. Drug company, are this week repainting the front of the offices next door to Jones and Babone are also undergoing a similar renovation. They are to be occupied by Frank Weaver about November 1. Mr. Weaver, who hails from Caldwell, Idaho will open a tailoring and pressing shop at that time.

Any ordinary man can make a fortune. The hard part is to refrain from consuming each week's installment as you get it.

We have about reached the point where the man who loses a nickel wants to start a revolution or appeal for governmental aid.

MILTON LOSES TO LA GRANDE 40-0

(Continued from Page 1) Garity showed marked improvement over last week and played the best game he ever played. His interference running was excellent and his line-plunging left little to be desired. In the line, Coker proved a defensive warhorse of high quality. In every play, he took through several times, downing Milton backs for losses and a good share of La Grande's off-tackle gains were made over him. In converting goals, he fumbled but once and that when the line gave way, hurrying his kick.

Unleashed Forward Pass Attack. Weakly weak last week, the Blue and White aerial attack was unleashed on the Pruitpicks yesterday with results. Three passes were tried, two completed and one intercepted. The first pass resulted in a long gain for a touchdown. Milton's chief asset was her passing but compared with La Grande yesterday, their overhead offensive didn't appear strong.

Milton Weakened. Possibly one reason for the large score run up on the visitors was due to the fact that depression set in the Milton team due to an accident that took back end, from the lineup. On the way to La Grande, one of their cars wrecked, injuring Beard and shaking up two or three other players. Visitors from Milton, however, stated that Milton's showing against La Grande was far stronger than against Walla Walla high school, who defeated them by a slightly larger score.

The work of Jacobson, Chandler, Smith, Glass and the others who substituted for the regulars in the last half, indicated that MacTavish is developing not only a strong first team, but a string of substitutes that are promising.

Scored in First 5 Minutes. La Grande scored in the first five minutes of play and added another touchdown in the second quarter, making the score 14 to 0. Six more points were added before the half. In the third quarter came another score, and two came in the final quarter, the game ending with La Grande started on another march for their opponent's goal line.

Classy Work Exhibited. La Grande's team is pointed toward the Pendleton game next Saturday and yet, the local eleven hasn't reached the perfection that Coach MacTavish is expecting. The interference running in the backfield showed marked improvement, the running back of punts and the zip of starts behind the La Grande backs showed promise of bigger chances to win from the Bucks. La Grande looked a lot better on her aerial work, both on passes and punting. Coker is showing accuracy on his kicks for goal after touchdowns. In two games, he has converted 7 times out of 11 tries, twice falling due to the line giving away, and once hitting the crossbar squarely.

La Grande meets Pendleton next Saturday and the Bucks are unquestionably a team to be feared. Coach Homer Taylor is working his sound with the view of defeating La Grande and their early season games have shown great strength. The game Saturday is being looked forward to as the best game of the season and if the field is dry, the exhibition should prove of extreme interest.

On yardage yesterday, Kerr again forged to the front with the greatest gains from scrimmage, making a total of 148 1/2 yards. His longest runs were 12, 15, 20 and 40 yard gains. Sherwood came next with 89 1/2 yards, his longest gain from scrimmage being 14 yards. Garity getting his yardage from steady punching the line, made 81 yards, an the line, made 81 yards, making an average of 4.2 yards on each play. His longest gain was 11 yards. Jacobson, in the last quarter, made 13 yards on five attempts. La Grande made approximately 200 yard gains from scrimmage while Milton made less than 50 and lost nearly as much as they made.

Garity went over twice for 12 points. Coker added 3 on conversions. Williams scored 6 points and Kerr scored 15. Garity's runback of a kickoff 40 yards and Kerr's 40 yard run for touchdown were plays worthy of mention. Sherwood's runback 42 yards of a kickoff was just as good. Nixon, Milton-Freewater, right guard, played the best ball for the visitors.

Lineups: Milton-Freewater: Bert, left end; Kilpatrick, left tackle; Brown, left guard; Smith, center; Nixon, right guard; Mogy, right tackle; Ireland, left end; Nesson, quarter; Lewis, right half; Hendricks, left half; Edwards, fullback. La Grande: Metcalf, quarter; Kerr and Sherwood, halves; Garity, fullback; Hummel, center; Stager and Hughes, guards; McTure and Coker, tackles; Price and Williams, ends. G. L. Dutton refereed.

Autumn is here. The birds are going South, and the lawn mowers and garden tools are coming back from the neighbors.

NEW LEGION CHIEF LEAD BONUS FIGHT

(Continued on Page Five.) The final period after Oregon had made a touchdown. Whitman opened an aerial attack, which combined with line plunges and end runs, brought them to Oregon's six yard line, where they were held for downs. The Oregon backfield showed brilliant throughout, making a total of 253 yards from scrimmage to 55 for Whitman, and 17 first downs to four for Whitman.

THE FIREPLACE

Columbus Ohio State Journal: Those who are supplied with fireplaces in their homes feel no resentment at the chilly evenings of the early fall arrive, with their promise of colder evenings and the winter not far away. The chill of fall can be welcomed because it provides good reason for a blaze in the fireplace with the joy and good cheer possible as the fire crackles and develops, the ashes drop and the fire burns itself out. The family gathers about the fire as the fire is strong and there is promise of a happy hour. It is a proper place to visit, or read, or smoke, to relax and dream. The glow of the fireplace is cheer, comfort and inviting. One may watch the curling smoke, the jets of flame the ruddy glow and find over a new picture, always interesting.

Fireplaces are domestic, being to the home where a family is found. The selfish man and the miser might not see them, certainly could not hope to see their charms, glimpse the picture or feel the spell "Fair hour of peace, kindly contemplation and retrospection comes as the evening wears away and the fire burns low, the hour with its soothing and sweetening effect on life. These hours come out in the home. They are far the generous, the kindly, the helpful to know and enjoy."

Lloyd George Rebukes French Officer in St. Louis Address Friday

(Continued from Page 1) Germany Must Be Free. But by reasonable interpretation, the former premier said he did not mean the making of Germany a nation of bondsmen.

"We believe in freedom of the world over," he added, "and every nation which is not free is a reflection upon the nations that are free. It is one of the great problems of the world and a problem which, unless it is solved, believe me, will not merely affect every day business but which may produce consequences that are now not conceivable to our minds."

America Should Help. Declaring that Europe was on the brink of tumult with central Europe, "day by day slipping into anarchy, confusion, disruption" and that once there is chaos in a great country like Germany it cannot be known what invasions may ensue, he asserted that it was the interest of the American people and their government to do their best to insure the carrying out of the divine message heralded 1800 years ago of "peace on earth and good will among men."

The distinguished visitors arrived here Friday afternoon from Springfield, Ill., on leaving his train was taken on a drive through the city, passing through the residential and business sections where he received a warm welcome.

Redwood Highway to Be Completed Soon

EUGENE, Ore.—The "Redwood highways" from Grants Pass, Ore., to the California state line will be completed without unnecessary delay, according to announcement of C. H. Purcell, district engineer of the forest service of the United States. The government engineer said that bids for construction of a section north of the California line will be opened November 1. A short section south of the line will also be contracted at the same time, the engineer said.

Mr. Purcell intimated that the project will be an all-forest service proposition and will come under the jurisdiction of the federal government. The estimated cost of the highway is \$175,000.
