LOST—White Spitz dog with brown spots and bobbed tail. Answers to name of Fluffy. Suitable reward. Notify Geo. L. Simpson, Pendleton, Oregon. 11-5-34

Drink Water If Back or Kidneys Hurt
 Begin Taking Salts if You Feel Backache or Have Bladder Weakness

Too much rich food forms acids which excite and overwork the kidneys in their efforts to filter it from the system. Flush the kidneys occasionally to relieve them like you relieve the bowels, removing acids, waste and poison, else you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated, obliging one to get up two or three times during the night.

To help neutralize these irritating acids and flush out the body's urinous waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act like and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a deliciously effervescent light-water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders.

By all means, drink lots of good water every day. Have your physician examine your kidneys at least twice a year.

DIRECTORY PROFESSIONAL

OSTEOPATHIC PHYSICIANS

WANTED—Clean cotton rags at Observer. 9-20-34

Blister Rust Campaign Reaches Eastern Oregon

The third white pine blister rust educational campaign conducted by the federal and state plant pathologists and the school children is under way in Oregon. This is the first time the campaign for eradication of the disease as fatal to white pine has been put on in eastern Oregon.

"It was hoped that only the western part of the state would be invaded by this forest disease," said L. N. Gooding, in charge of the government's share of the campaign, "but large areas in Washington and southern Canada in climatic situations similar to those in eastern Oregon have become infected, showing that the disease will spread under favorable conditions. We shall have to carry the campaign into the eastern Oregon regions and do what we can to eradicate the cultivated black currants through which the disease spreads from pine to pine."

Investigations have shown that the rust will spread from pine to black currants for a distance of 150 miles. Hence so long as there are black currants near white pine forests, and diseased pines within a radius of 150 miles the currants are likely to become infected and carry the dread disease to the pine trees.

The rust rate of travel indicates the need for getting the black currants out of Oregon in a hurry. School officers are co-operating and will instruct the children in locating the black currants and aiding in locating any disease if present.

After the plantings are located the owners will be asked to co-operate with the forest forces in destroying them. The county agents will also assist in looking after this work of clean up the disease bearers.

Already 60 per cent of the 30,000 known plants have been dug out.

Preachers in Smashup Both Take Blame And Joins in the Repairs

EAST ST. LOUIS, Ill. (INS)—What happens when two preachers driving automobiles crash head-on? A merry Alfonso-Gaston act, of course—both assuming the blame.

Rev. J. C. Burns, of Shipman, Ill., and Rev. J. H. Bell, missionary of the East St. Louis Baptist Association, now conducting revival meetings at Dupas, Ill., crashed head-on in their cars here.

"It was all my fault," declared one of the ministers.

"On the contrary, it was all my fault," responded the other clergyman.

Then both gospel messengers pitched in to repair the damage to their cars. "They were able to drive them home."

"Glad to have met you, sir," said the Rev. Mr. Burns as he started off. "The pleasure was all mine," declared Rev. Mr. Bell.

To Revive Rural Industries.
 LONDON, (AP)—The village blacksmith, the saddler, the wheelwright and many other old English industries have fallen on evil days through changed conditions of life as a result of improved machinery and science.

In order to revive and develop these industries, a Rural Industries Intelligence Bureau has been formed and has recommended, among other things, the installation of modern machinery.

Hurt Tagger Has Appendicitis.
 ASTORIA, Ore.—Wallace Lee, a logger, has been lying in a plaster cast in the local hospital since October 2, when he suffered several broken ribs and a fractured back and pelvis as the result of an accident in the Crown-Whitcomb Paper company's camp. Saturday he had to be taken out of the cast to be operated on for an acute case of appendicitis.

For Sale

Modern 5-room home, hardwood floors, sleeping porch, basement, two lots, cement sidewalks, garage, trees, lawn, flowers and shrubbery, close to school. Price \$2,500.00. The terms are very reasonable.
