**Lights Must Be Used**  
 According to an announcement to-  
 day by the county traffic officer, the  
 owners of automobiles and wagons and  
 all other similar vehicles that travel  
 after night on the highways must be  
 equipped with a lantern or some other  
 light on the left side of the ve-  
 hicle. Many motorists have difficulty  
 in seeing such a vehicle if it is not  
 properly lighted and several times in  
 the past few weeks, cars have been  
 driven into sides of wagons and bur-  
 gulars. According to the officer the state law  
 provides that lights be carried on the  
 "passing" side of such vehicles and  
 this statute will be enforced to the  
 letter in this county.

## Girls Play Interclass Basketball

(By Scoop)  
 "The dam! Or, should we say  
 Eureka! Selah?"  
 A terrific, calculating, in-  
 calculable, non-stoppage event took  
 place last evening at the pedago-  
 gical evening pedagogical at the  
 high school. The Seniors, we  
 mean the feminine half of the  
 great and glorious Senior class,  
 got nasty, mean, vicious and em-  
 barrassed and swamped the poor,  
 weak, frightened Freshmen in a  
 game of basketball, so it is said  
 by the terrific, imposing and in-  
 calculable score of 43 to 21.

How come the Freshmen got  
 the three points last night? Well,  
 plainly as yet but it is believed,  
 confidentially, that it is the upper  
 class girls, feeling kinda schau-  
 of themselves, did a few over-  
 acts, more commonly called fouls,  
 that resulted in points being  
 scored by the wearers of the  
 green.

A basketball battle for such it  
 is, between the girls is always an  
 inspiring and awesome event. For  
 that reason several persons in-  
 telligently witnessed the super-  
 struggle last night and upon tal-  
 ing their departure, they one and  
 all acclaimed the event one of the  
 most delightful social events of  
 the season. Of course, maybe  
 some confitures were missed, but  
 that happens at the best of the  
 parties. And then it is said that  
 one of the girls received a bloody  
 nose but as far as actual casual-  
 ties, meaning deaths, none occur-  
 red.

From the first minute that the  
 Senior blower brigade assembled on  
 the gym court to parades of  
 hostilities with the younger, but  
 more careful opponents, it be-  
 came apparent that they were  
 imbued with the spirit of "They  
 shall not pass." But nevertheless  
 they did pass once or twice and  
 even went so far as to gracefully  
 loop the cadballin globin through  
 the hoop for a total of three  
 points. While of course was gall  
 and wormwood in the minds of  
 the scratch, bit and chatter  
 corps of the upper class, who  
 were confidently expecting to  
 lack to the Fresh blower a large  
 and unchangeable green egg.

A total of three games have  
 been played between the girl  
 team of the L. H. S. classes dur-  
 ing the last few days. The Fresh-  
 men won high fame and pres-  
 tige recently by kissing the Sopho-  
 miores for a 21 to 24 score. Then  
 Monday evening the Juniors were  
 to meet the Freshmen. They had  
 planned to go easy on the young-  
 sters hoping to make them feel  
 better, but one of them had ver-  
 bally expressed a desire to win  
 from the Juniors. So thereupon  
 the righteous wrath, betook the  
 hearts of the near-graduates and  
 they satiated forth and after the  
 noise the official cheater estimated  
 the score to be Juniors 51,  
 Freshmen 2.

Which leaves the Juniors and  
 Seniors tied in the percentage  
 column with one game won and  
 none lost and the Freshmen sec-  
 onds with two lost and one won.  
 The Sophs have won none and  
 lost one.

Feeling that remembrance of  
 turkey dinners and mince pies,  
 and dates and Thanksgiving cards  
 of thanks and et cetera would  
 muddle them play better, it has  
 been decided to play the rest of  
 the tournament after the Thank-  
 giving day. Which means that  
 the Juniors and Seniors have yet  
 to take a whiff at the Sopho-  
 miores and then play each other.  
 'Tis.

## FOUR KLANS GATHER HERE

La Grande Ku Klux Klan  
 Played Hosts to Pendle-  
 ton, Baker and Elgin  
 Klans at Turkey Dinner.

With the La Grande Knights of the  
 Ku Klux Klan as hosts, about 250  
 Klansmen from La Grande, Pendle-  
 ton, Elgin and Baker gathered in the  
 Rex Hall last evening, according to  
 announcement today by members of  
 the order, to enjoy a Thanksgiving  
 turkey dinner.

## SCORE MODERN WORLD METHODS

(Continued from page 1)  
 is as immoral as the other—the inva-  
 sion of the United States by the  
 invasion of Belgium. Why are we so  
 shocked at the one and so indifferent  
 at the other?

"Industrial kings sacrifice nations  
 and governments on the poker table  
 of international politics, when iron  
 mines, coal mines, oil wells, land and  
 trade are the stakes. This game is  
 destroying the white man's civiliza-  
 tion."

Senator Wheeler told his audience  
 that in both the United States and in  
 Europe public opinion is largely a  
 manufactured article—the output of  
 propaganda factories.

Asserting that the day of great per-  
 sons—the Gessays, the De-  
 mings, the Storries and the Water-  
 sons, is gone, Senator Wheeler declared  
 that a very few notable exceptions  
 in the magazines and newspapers are  
 "either owned outright by the great  
 industrial and financial interests or  
 controlled through the advertising pa-  
 tronage."

"This is not a criticism of the pub-  
 lication business," he added, "but an  
 indictment of the system. The pub-  
 lication of newspapers and magazines  
 is run as other business are run, for  
 profit. This profit may be secured  
 from general advertising patronage or  
 it may come from some economic ad-  
 vantage secured through the control  
 of public opinion."

"I think I am justified in asserting  
 that the greatest danger to the people  
 and prosperity of the nation today is  
 the flood of propaganda that fills the  
 public press and distorts public opin-  
 ion."  
 "The real trouble in Europe is that  
 the channels of publicity—the public  
 press—are dominated and only  
 those things which the rulers of an  
 each country desires to publish are al-  
 lowed to get out."  
 "In the United States the channels  
 of publicity have been centralized.  
 This is true not only of the press, but  
 of the platform, and in some cases  
 the pulpit."

## 77-Year-Old Mascot of O. A. C. Team Heaves Hat Into River; Old Custom

CORVALLIS, (Special)—Dr. J. R.  
 N. Bell, formerly an Eastern Oregon  
 minister, official 77-year-old mascot  
 of the O. A. C. football team, threw  
 his hat in Mary's river Monday, in  
 celebration of the Beaver football vic-  
 tory from Oregon. This stunt is tradi-  
 tional with Aggie victories, and to-  
 day Dr. Bell's bareheaded for the  
 11th time since 1882.

More than 300 Beavers assembled  
 at the bandstand at 10 o'clock Mon-  
 day morning in a gigantic victory  
 rally. Dr. J. V. Poling of Albany  
 led in college songs, and the football  
 with which Price raced to a touch-  
 down for the winning score was pre-  
 sented to H. B. Rutherford, head  
 coach, by Percy Loeck, president of  
 the associated students.

"Looking at the available record of  
 the band, O. A. C. has a record of which  
 she may well be proud," said Presi-  
 dent W. J. Kern in congratulating the  
 team on the victory and expressing  
 his own gratification and pride in the  
 college. "In 19 basketball games  
 with the university since 1922, we  
 have won 15, tied two, and lost but  
 three. In baseball, since 1907 we have  
 won eight seasons, tied five, and lost  
 three. Since 1916 O. A. C. has won  
 every track meet with Oregon. The  
 university has never beaten us in  
 cross-country. Wrestling scores for  
 the last seven years give O. A. C. six  
 victories over the university's one, and  
 in tennis and swimming contests she  
 has had a lead over the university in  
 the last two years."  
 "Let us not think that O. A. C. vic-  
 tories are confined to physical con-  
 tents alone. In educational contests  
 we have excelled also. In debate,  
 since 1918 we have won six times  
 against our loss to the university. In  
 oratory, in 1922 O. A. C. won every-  
 thing, including a national champion-  
 ship. In 1923 we placed above Ore-  
 gon in both the peace contest and the  
 old the oratorical contest."

## Pierce Predicts a Lower State Tax Levy in 1924

(Continued from Page 1)  
 inations self-supporting. The peni-  
 tentary may be made to produce the  
 cost of operation in time, he said, but  
 the first of last September has delayed  
 the time when it may be made to pay  
 expenses, he said.

Sam Koser, secretary of state, who  
 with Governor Pierce and Secretary  
 Goodwin of the state board of health  
 came to Pendleton for the purpose of  
 inspecting the new wing of the state  
 hospital which was recently complet-  
 edly complimented Dr. W. D. McNary,  
 superintendent of the hospital for his  
 management of the institution. He  
 also called attention to the fact that the \$26,000 con-  
 struction job has been done here  
 without a single extra dollar being  
 added to the work and that about  
 \$200 will be turned back to the state  
 as that portion of funds appropriated  
 but not used.

A delegation of Echo men including  
 Joe Conna, Fred George and J. Frank  
 Spinning, and an engineer who re-  
 cently completed a survey of the Teel  
 project, Mr. Chiles, were guests of the  
 club. E. H. Aldrich introduced the  
 guests. Following the luncheon Gov-  
 ernor Pierce and several local men  
 went to Echo where tonight a meet-  
 ing is to be held to get a report on  
 the recent survey of the Teel project.

The new wing of the Eastern Ore-  
 gon state hospital was officially ac-  
 cepted by Governor Walter M.  
 Pierce and Sam Koser, Secretary of  
 State, the two constituting the Board  
 of Control of the state.  
 Dr. W. D. McNary, superintendent,  
 states that the new quarters will be  
 occupied by patients which will be  
 sent here from Salem.

## MRS. CATLIN EXPRESSED HER APPRECIATION

(Continued from page 1)  
 Effort and with splendid results. Her  
 efforts were unselfish and a tribute  
 was paid to her as a Red Cross work-  
 er, as a citizen and as a high type of  
 American womanhood.  
 By a rising vote the entire assembly  
 expressed its deep appreciation for  
 her work and sincere regret over her  
 leaving La Grande, for on December  
 1st, she severs her relationship with  
 Union county and takes up similar  
 work with Tacoma at the order of the  
 head of the Pacific division.  
 Responding to the tribute paid,  
 Mrs. Catlin in a well worded address  
 told those present that her gratifica-  
 tion over the unanimous appreciation  
 of her work was indescribable in words.  
 She stressed the importance of the  
 American Red Cross as a national in-  
 stitution and then assured the citizens  
 of La Grande and Union County that  
 it was only through their remarkable  
 co-operation that she had been able  
 to accomplish results in her work  
 here.

She expressed a hope that the Red  
 Cross work would continue to be car-  
 ried on when she had removed to oth-  
 er fields and stated that she would  
 think of La Grande as home.

Chairman Kiddle called upon Chas.  
 R. Harding, assistant cashier of the  
 United States National Bank, who is  
 soon to leave for Portland where he  
 has accepted a similar position with  
 the West Coast National Bank, who  
 told the Chamber of Commerce that  
 he had always experienced a plea-  
 sure in attending the different events  
 of the Chamber. He spoke in a deep-  
 ly grateful manner of La Grande, his  
 home city, and the opportunities  
 which he had encountered here to  
 work as a boy in a way that later has  
 been the means of him entering one of  
 the city's ranks.

## FAIR TEACHER LEADS REVOLT OVER SMOKING

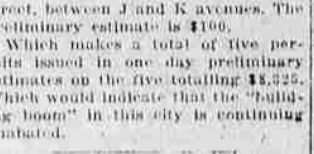

(Continued from page 1)  
 her circumstances.  
 So long as teachers conduct  
 themselves in a ladylike manner,"  
 the Weehawken official doesn't  
 care whether they walk a mile  
 for them, roll their own, draps  
 their petticoats in knee-  
 breeches, or look on the "trouble"  
 when it's white, it appears.  
 While he might gently chide,  
 or to dissuade a teacher from  
 harmful habits, he most assuredly  
 would not "fire" her for her  
 conduct outside school hours  
 (also) indicated.

Emphasized then the case of Miss  
 Helen Clark, teacher of the  
 fourth grade in the schools of  
 Secaucus, N. J., whose alleged  
 naughtiness included smoking cig-  
 arettes in bed, in automobiles, in  
 school hours, and in the streets  
 and also keeping very late hours.  
 Helen was "tried" before the  
 Board of Education and placed  
 on "probation" for two months—  
 during which time she must  
 abstain, Lady Nick or give up  
 her smoking.  
 The young woman also was  
 charged with going about consid-  
 erably with an automobile sales-  
 man. Her interest in the sales-  
 man also must be curbed, the  
 board ruled, before the "sus-  
 pended sentence" is lifted.

## FIVE BUILDING PERMITS ISSUED

(Continued from page 1)  
 between Ninth and Tenth streets. The  
 preliminary estimated cost is \$4,000.  
 Mr. Blane hard is also to erect a one  
 story frame dwelling on Lot 1, Block  
 18, Coggan's addition on Tenth street,  
 between L and M streets. The pre-  
 liminary cost is estimated at \$2,500.  
 J. N. Kline is to repair a one story  
 frame building to be used as a barn  
 on Lot 2, Block 12, Coggan's addi-  
 tion, on Tenth street between Wash-  
 ington and M streets. The prelimi-  
 nary estimated cost is \$50.  
 Ray Snider is to erect a one story  
 frame garage on Lots 7 and 8, Block  
 4, O'Connor's addition, on Twelfth  
 street, between J and K avenues. The  
 preliminary estimate is \$100.  
 Which makes a total of five per-  
 mits issued in one day preliminary  
 estimates on the five totalling \$4,250,  
 which would indicate that the "build-  
 ing boom" in this city is continuing  
 unabated.

Cereals Removed from Two Children's  
 Heads  
 WASHINGTON, C. H., Ohio, (INS)

MRS. L. I. ELLIS

How About the Kidneys?  
 Portland, Oreg.—"I am glad to  
 recommend Dr. Pierce's Anuric  
 (kidney and backache) Tablets as  
 a safe and reliable remedy to be  
 given to little children who are  
 afflicted with weak kidneys. My  
 little daughter (between five and  
 six years of age) was troubled  
 greatly, especially at night. The  
 doctor said he could do nothing  
 for her, but that she might outgrow  
 it. I then decided to give her Dr.  
 Pierce's Anuric, just one-half a  
 tablet each night, until one bottle  
 had been taken. It strengthened  
 the organs so that we have had  
 no further trouble with her. I feel  
 sure that Dr. Pierce's Anuric is a  
 safe remedy to be given to chil-  
 dren, if given intelligently."—Mrs.  
 L. I. ELLIS, 717 E. 4th St.  
 Help weakened kidneys by obtain-  
 ing this "Anuric" of Dr. Pierce's
