Ted Thye To Wrestle At Enterprise December 8

Ad Gustavo Will Meet Former La Grande Man in Mat Contest for Title.

ENTERPRISE—A high class sporting menu will be served red hot to the fans Saturday night, December 8, at the O. K. theatre. In the main event Ted Thye and Ad Gustavo will meet in a finish wrestling match.

Thye is the former holder of the world's crown for the middleweight division and had successfully defended his title against all comers until Mike Yokel threw him this spring. He makes his home at Portland where he is wrestling instructor for M. A. A. C. Gustavo is well known around Enterprise and according to all dope on the match he should be able to give Thye a run for his money.

They have met before in Portland where Thye barely managed to beat Gustavo 2 falls out of 3 in a long and hard fought match. Gustavo says he has improved much since his last bout with Thye and feels confident that he is to be the winner. Ad Gustavo is already in Enterprise and has been going thru a rigid course of training. Thye is expected to arrive any day.

[illegible] Akers the Wallowa thunderbolt, and the popular kid scrapper, will [illegible] gloves with Virgil Lowden for 6 rounds. Lowden is unknown to fight fans but all are familiar with Akers and his style of fighting. He is an aggressive, hard hitting kid and usually has no trouble in putting away his opponent.

There will be another 6-round match on the card. The scrappers have not been picked as yet but in all probability it will be the return engagement between Buster Adams of Weiser, Idaho, and Roscoe Kelly of Enterprise.

A battle royal between the same five scrappers who took part in the last one will be staged as a curtain raiser.

This is a well-balanced card with plenty of action. The prices will remain the same as always.

Lenglen And Tilden Head Net Champs

NEW YORK. (AP) — Mlle. Suzanne Lenglen, and William T. Tilden, II, stand at the top of women's and men's tennis ranks for 1923, compilation of the season's championship records reveals. The French star holds of shares in five world's titles, while Tilden has four American national championships to his credit though he also proved his superiority over the holders of so-called world's crowns.

Lenglen swept through all opposition abroad, including an invading American party headed by Mrs. Molla Mallory. Her only rival for honors appears to be Helen Wills, the youthful Californian, who dethroned Mrs. Mallory as American title holder after the latter's seven-year reign at the top. But as the Western girl's accomplishments were confined to this country, no real measure of comparison is possible. Critics point out, however, that Miss Wills triumphed over members of the invading English women's team as well as over Mrs. Mallory, quite as decisively as Mlle. Lenglen had done abroad.

Tilden's pre-eminent place is unquestioned. "Big Bill conquered decisively William M. Johnston, his California rival, who had won the world's hard and turf court titles abroad, and won the national all-comers singles for the fourth successive year. In addition, Tilden vanquished in the Davis Cup challenge round James O. Anderson, the Australian ace, who, in the opening match, had defeated Johnston.

The Davis Cup contest, attracting a record entry list of 17 nations, proved one of the most interesting in the history of the trophy, winding up with a sensational title round in which the United States defeated Australia after a hard battle, four matches to one.

Rickard Plans to Match Wills, Firpo Next Year

NEW YORK (AP)—Tex Rickard Friday declined to reveal details of negotiations he has had under way for some time to match Harry Wills, negro heavyweight, with Luis Firpo, but indicated that some progress toward arranging the bout had been made.

Rickard admitted receiving word from Firpo in which the latter suggested May 5 as a satisfactory date for holding the fight. The promoter, however, said he had no definite date in mind, although he said some time about May 1 would be desirable.

Rickard apparently has definitely given up a proposal to stage the bout in the Argentine, particularly as Wills is opposed to meeting Firpo in the latter's native country. The most likely scene will be New York.

STUDEBAKER

EVERYONE who drives a Studebaker Special-Six marvels at the ease with which it steers.

This is due to three things: The use of Timken tapered roller bearings on the steering pivots; the easy-operating, exclusive Studebaker steering gear and a minimum of unsprung weight on the front axle.

The Studebaker Special-Six transmission, differential, rear axle, and all four wheels are also completely equipped with Timken bearings.

No other touring car priced under $5600 uses as complete installation of Timken bearings as the Special-Six.

This is an example of the quality that is built into every detail of the Special-Six. Studebaker spares no expense to make it the market's outstanding value in a five-passenger car.

Get behind the wheel of any car you plan to consider. Then compare its steering and riding qualities with the Studebaker Special-Six. Call—or phone—and we'll bring a car to your door so you can make this test yourself.
