

Christmas Carols

"Then came the merry Masquers in
And carols roared with blithesome din."

So runs an old carol that tells the story of the happiest time of the year—Christmas.

Carols are songs of joy, songs of the festive occasions of all nations—Pagan and Christian.

Christmas time—the time ancient peoples celebrated the festival of the Sun God who had given them so many gifts. And down through the ages, people have sung of their happiness in the great gift of Christmas.

—and this year, we sing again the same old carols of the time-honored festival of gift giving—in appreciation of a happy year that is past and to symbolize a happy year to come.

THEATERS

**"Master of Men"
On at Sherrys
Theater
This Evening.**

A splendid cast has been assembled for "Master of Men," the great sea story by Morgan Robertson, which the Sherry Theater will show today and tomorrow headed by Earle Williams, Alice Callahan, Cullen Lane and Wanda Hawley.

The story is striking vivid picture of life at sea with the background of a heart stirring love drama involving the four principal characters.

It is a picture of American youth and it is so fresh and wholesome as a breath of the sea upon which the action occurs. Diet Halpin a orphan living in a small town is falsely accused of a crime committed by the brother of the girl he loves. He accepts the blame in order to spare her humiliation, runs away and joins the United States Navy.

Playing Your Part in Your Community

What will your community be ten, fifteen or twenty years from now? Will it be more prosperous, more beautiful—a more desirable place to live and work in than today?

It will, if you play your part.

Look around you. Somewhere you have seen the magic of concrete roads—the tonic effect of concrete streets. Have seen business improved through buildings made fire-safe, sanitary and permanent with concrete. Have seen the greater sense of security and pride that comes from concrete schools, churches, theaters and homes.

If you are boosting for similar advantages in your own community—your home town—you are truly playing your part.

Portland Cement Association service helps anyone to play his part well.

It is a free service for the owner, the builder, the architect, the contractor, the engineer—for everyone interested in getting the greatest value from concrete construction.

The cement industry has made this service possible through the Portland Cement Association. It is a service, offered without any obligation.

Write us for any help you need in using concrete.
