FUNDAMENTALS LOSE IN BIBLE DEBATE IN N. Y.

NEW YORK, (AP)—Modernists scored a technical victory over their conservative opponents Thursday night when Rev. Charles Francis Potter, pastor of the West Side Unitarian church, was awarded the judges' decision over Rev. Dr. John Roach Straton, pastor of Calvary Baptist church, in a public debate on the "our God," "Hesselted," that the Bible is the infallible word of God." Rev. Mr. Potter up held the negative.

The debate, held in Dr. Straton's church, concerned the age-old question of whether the Bible was the infallible word of God. Three judges, two Episcopalians and a Christian Scientist, were selected to pass, not on the manner in which the arguments were presented, but on the merits of the argument themselves.

GOLDEN DUST, IN LEATHER PURSE, CAUSES MEMORIES

BAKER, (Special to the Observer)—Containing between \$500 and \$600 in gold dust, a buckskin purse belonging to W. A. Krouse, who with his brother, Mr. Krouse, of La Grande, is interested in the Greenhorn mining district, was displayed here this week.

The purse brought back memories to the mind of many residents here of the olden-golden days when gold dust was the coin of the realm.

The dust was the reward of three weeks' work by Mr. Krouse and his partner, Fred Smith. It was cashed in a local bank.

French Art Saloon Aroused by Move of Separatists, Claim

PARIS, (AP)—The committee of the Independent Saloon has raised a tempest among its members by deciding that in future foreign artists at the Salon shall be separated from the French and grouped in special rooms. Some of the most important French artists have resigned from the Salon and most of the foreign artists are expected to follow suit.

The Independent Salon has always been noted for what may without exaggeration be called eccentricity. It has no jury and grants no medals or other distinctions. Each exhibitor pays according to the space he occupies.

Foreigners, especially Russians, have always formed a very high proportion of the exhibitors, and the reputation of the Salon as a "Greek show" is generally attributed to the foreigners, hence the movement to separate the artists according to nationalities so that credit and censure may fall where they are deserved.
