WORKING ON TIL TAYLOR MEMORIAL

PENDLETON (AP) — Actual work on a memorial to Thomas D. Taylor, former sheriff of Umatilla county and second president of the Round-Up, who was killed in his own office in July, 1920 by Neil Hart and two other men as accomplices, has begun. Following a gift by the Pendleton Round-Up association of more than \$1000 to the Public Parks commission of the city of Pendleton, it was decided that body, meeting with the city council and Til Taylor Memorial association to name a new park in the east part of the city, the Til Taylor Memorial park. Expenses for the work of constructing the park will be provided from the Round-Up association's gift which the city has agreed to present the money for the upkeep. It was announced.

An equestrian statue of the late sheriff, who has been called the best of the picturesque sheriffs of the old west, will be placed in the park. Tentative plans for the statue indicate that it will be done by a nationally known sculptor not yet selected, and will cost approximately \$25,000, according to Judge C. H. Marsh, president of the association. Funds for a Til Taylor memorial, aside from the 1922 Round-Up profits, amount to \$10,000 in cash and \$2200 in unpaid subscriptions.

Part of the profits of the 1922 Round-Up will go toward the development of a Round-Up park which is also under the direction of the Public Parks commission. It was announced.

Booster Is Honored

MEDFORD, Or. — Irving Vining, president of the state chamber of commerce, who attended the conference of chambers of commerce secretaries of southern Oregon here and was speaker at the banquet for them this noon, was, at the conclusion of his address, presented with a fine cane by E. C. Gaudin, mayor of Medford, on behalf of the local chamber, as a token of appreciation for his interest, lectures and inspiring enthusiasm for the state.

Oregon is scheduled to receive the greatest tourist travel during the next year that she has ever had in her history, and this demands two things of the Oregon people. First, advertising and boosting, and, second, receiving good roads and accommodations for these tourists," President Vining said.

YOUTH TAKES BIG BUSINESS

Seventeen Years of Age, Lucien J. Demotte, at Head of \$2,000,000 Concern.

New York (AP) — He, boy chance, call him just plain "Luce" but wealthy art connoisseurs, bankers of several nations and more respectfully, for to them he is Lucien J. Demotte, 17-year-old president of the House of Demotte a \$2,000,000 art concern located in this city.

Young Demotte is a dark-haired, soft-spoken, aesthetic-looking son of France, with more the air of a student than of a successful man of affairs. Fate cut short his boyhood and abandoned him with a man's responsibilities.

Last summer, when he to this boy meant nothing more than present days with a lot of his ancestral home near Paris, his father, George Joseph Demotte, founder of the New York house of art, was accidentally shot and killed in a bear hunt in France. As is the French custom, the youth had been trained to tend his father's footprints. He had been reared on art, in the old Demotte mansion on the banks of the Seine, in the midst of ancient furniture accumulated from the mystical capital of France.

"My father always talked to me of art," says Lucien. "Then, too, I had access to his library on Gothic art. We often went on tours of France together, visiting old churches and hunting through remote places for sculptures, wood carvings and other antiques with which to build up our collection."

The death of the elder Demotte ended the carefree existence of his son. A month ago Lucien came to America. He was elected president of his father's corporation and given full authority to manage the business.

"It is my plan to conduct our affairs just as my father did," he said. "I shall return to France each year and bring to America those beautiful works of Gothic art which your collectors have always so greatly admired."

GOLD DIGGINGS IN SIBERIA HAS ITS COMPENSATIONS

IRIGA, Latvia (AP)—Gold mining in the wilds of Siberia is so fascinating that several Americans who are out there seeking their fortunes have not had time to get home, notwithstanding the fact that their homes and families are on the other side of the earth.

One of these Siberian miners is J. C. Vint, of Seattle, who spent 21 years in Alaska, and who now is operating a placer concession at Bingovostchok, Amur province. Vint passed through Iriga recently on his way to Berlin on business. He claims to have received from the Soviet government the first gold mining concession ever granted to a foreigner. Five per cent of the gross output of the concession goes to the Soviets as a tax. Vint employs about 40 men in his diggings.
