shipped with more cartons set to go out. Thousands of sheep in this section, for wool as well as mutton, results in a large shipment of wool.

Cream shipments are plentiful as the dairy industry flourishes.

Nearly all of the ranchers keep a few rows and a number of them keep several so that the pay roll for cream brings in an amount of money every month not to be sneezed at.

ASK FARMERS TO LUNCHEON

"What Marketing" will be the subject used by P. L. Meyers in an address to be made Tuesday at noon to the Chamber of Commerce in the L. O. O. F. hall at their regular weekly luncheon. The plan to be expounded by Mr. Meyers is one that has been adopted by the American Wheat Growers Association and deals with the export of wheat to some extent.

that the United States collaborate with other Powers toward revision of international law. As provided for in conditions of the award, the winning plan was devoted partly to argumentation in support of its underlying principles.

Now Participates.

It is argued, further, that the United States already has taken many steps towards co-operation with the League, being now represented either officially or unofficially on many League commissions.

Further argument is devoted to expounding the proposition that many characteristics of the league as originally conceived have been modified until they are less objectionable from the American viewpoint; that the intent of the league is clearly to recognize leadership of the United States in the Western Hemisphere, and that co-operation of the United States is indispensable to world harmony.

WILL HEAD UP STRAYER BOOM

Mass Meeting to Be Held in Baker on January 17th; Farmers' Union Endorses Strayer.

BAKER. (Special)—The opening gun of the "Strayer for Senator" campaign here will be fired Thursday, January 17, at a mass meeting to be held at the Baker theater according to a local newspaper. Senator Strayer issued announcement of his candidacy on December 17 although official launching of the campaign for the nomination of Mr. Strayer as democratic nominee for the U. S. Senate in the May primaries will take place first at the coming meeting.

LA GRANDERS OPEN SEASON WITH VICTORY

(Continued from page 1)

The trip—with success. The game was slow throughout although La Grande was never in danger from start to finish. The Blues took an early lead and maintained it throughout the game.

UNION. (Special)—Everything was loaded and primed for the triple header at the gymnasium Saturday night with La Grande's high school teams, first and second boys' quintets and the girls' team, and the crowd was gathered before seven o'clock when a surprise message came announcing that none of the teams would be able to reach Union on account of the snowdrifts along the highway.

Union's players were slightly taller than La Grande's and were used to the floor, but on the other hand, the visitors were faster on their feet and the first error in passing the ball. A great number of trials for field goals were made by both sides and about half of them from short range, but the guarding was being done so effectively, especially around the baskets, that only a small percentage of the shots were in. One team would get the ball and make four or five attempts before the opposition could capture the ball. Only a few long shots were successful.

SALE OF ARMS NOT FAVORED

WASHINGTON. (AP)—Shipment of arms from the United States to the Dr. La Huerta revolutionary group in Mexico is being discouraged by the administration as against the policy of the American government.

The attitude of this government on the question was sent to the department of agriculture agents in New Orleans Sunday after a conference between officials of the attorney general's office and of the state department.

did shy at La Grande's first football team." For a high school the size of the Imbler one, her successes during the past year have been worthy of praise. In nearly every case she has fought schools with a greater student body to draw from and her many wins are ample proof that the "fighting spirit" is present in the Imbler institution.

portion of the amusement zone was constructed, fanned the flames to unmanageable heights, and soon the Dome theatre, the Rosemary theatre, the Lick pier, the Bonton ballroom, the Fraser pier and the Pickering pier were blazing. The large municipal auditorium, constructed about two years ago at a cost of three hundred fifty thousand dollars, was partly destroyed, and numerous small concessions valued in the aggregate at more than five hundred thousand dollars were reduced to ashes or badly damaged.
