Waistline Is Important Question

Where shall the waistline be placed this season? A simple question. The answer is even simpler. It can't be placed anywhere because it is—fashionably—non-existent. All lines are straight. The side seams are either entirely straight or as nearly so as possible. The models sketched show the new silhouette both as it is straight and when the line is broken at the hips.

BAKER FAMILY IS DRIVEN BY FIRE FROM RESIDENCE

BAKER, Or.—Fire resulting from a defective fuse was the cause of a blaze which, Friday morning, completely destroyed the home of Mr. and Mrs. Fred Baker, 311 South Main street, in South Baker district. The building was owned by the Oregon Lumber Company and was insured.

Mr. Baker arose, started a fire and prepared his breakfast and left for work at the Oregon Lumber Company mill. He had been gone but a short while when Mrs. Baker discovered the fire and its severity she seized the three children and dashed to safety. They were forced to leave the burning structure in their night clothes and were unable to save anything. All that the family possess is their night clothing.

Neighbors of the district and townspeople came to their assistance and gave the unfortunate family clothing.
